

Acting Forest Supervisor for the Kootenai National Forest; and Joe Alexander, Acting Forest Supervisor for the Lolo National Forest, signed the ROD for the Northern Continental Divide Ecosystem grizzly bear amendments (Amendments). The final RODs document the rationale for approving the Forest Plan and Amendments and are consistent with the reviewing officers' responses to objections and instructions.

DATES: The revised Forest Plan for the Flathead National Forest will become effective 30 days after the publication of this notice of approval in the **Federal Register**. The Amendments will become effective with this publication in the **Federal Register**. To view the final RODs, final environmental impact statement (FEIS), the Forest Plan, Amendments, and other related documents, please visit the Flathead National Forest Plan Revision website at: <https://www.fs.usda.gov/goto/flathead/fpr> or the Amendments website at: <https://www.fs.usda.gov/goto/flathead/gbamend>.

SUPPLEMENTARY INFORMATION: The Forest Plan describes the Flathead National Forest's distinctive roles and contributions within the broader landscape and details forest-wide management area and geographic area desired conditions, objectives, standards, and guidelines. The Forest Plan identifies suitable uses of National Forest System lands and provides estimates of the planned timber sale quantity. The Forest Plan identifies priority watersheds for restoration, and includes recommended wilderness areas and eligible wild and scenic rivers. This Forest Plan provides for efficient and effective management of the Flathead

National Forest with desired conditions for coordination, partnerships, and shared stewardship with State, local, and Tribal governments, other federal agencies, adjacent landowners, and stakeholders.

The Forest Service is concurrently amending the Forest Plans of the Helena-Lewis and Clark, Kootenai, and Lolo National Forests to incorporate habitat management direction for the Northern Continental Divide Ecosystem grizzly bear population. The Flathead National Forest has incorporated the grizzly bear habitat management direction as part of its Forest Plan. Plan components (desired conditions, standards, and guidelines) that conserve grizzly bear habitat will be added to the Helena-Lewis and Clark, Kootenai, and Lolo Forest Plans. These plan components will guide future land management actions related to motorized access and secure core developed recreation sites, vegetation management, livestock grazing, and energy and mineral development. In general, habitat conditions in the primary conservation area will be maintained at levels that occurred during the time period when the grizzly bear population was known to be growing and increasing in distribution and will contribute to sustaining the recovery of the grizzly bear population.

The Flathead National Forest initiated plan revision in fall 2013 with field trips and stakeholder meetings. The Forest invited State, local and Tribal governments, and other federal agencies from around the region to participate in the process to revise the Forest Plan. An interagency working group met regularly throughout the plan revision effort. The Forest received almost 54,000 public comments on the Forest Plan and Amendments. Public involvement for the Amendments was initiated with the publication of a Notice of Intent in the **Federal Register** on March 6, 2015. Open houses were held in seven communities throughout the Northern Continental Divide Ecosystem during the scoping period to provide information about the proposed action and accept public comments.

The development of the Forest Plan and Amendments was shaped by the best available science, current laws, and public input. The 60-day timeframe for the opportunity to object ended on February 12, 2018. The Forest Service received 69 eligible objections. The reviewing officers issued their written responses to the objection issues on August 16, 2018. The Regional Forester, Reviewing Official, provided the Forest Supervisors with minor clarification instructions for most of the objection

issues. The final RODs document the rationale for approving the Forest Plan and Amendments and are consistent with the reviewing officers' responses to objections and instructions.

Responsible Officials

The Responsible Officials for approving the Forest Plan and Amendments are as follows: Chip Weber, Forest Supervisor, Flathead National Forest; William Avey, Forest Supervisor, Helena-Lewis and Clark National Forest; Chad Benson, Acting Forest Supervisor, Kootenai National Forest; and Joe Alexander, Acting Forest Supervisor, Lolo National Forest.

Forest Service

Klamath National Forest; California; Crawford Vegetation Management Project

AGENCY: Forest Service, USDA.

ACTION: Withdrawal of notice of intent to prepare an environmental impact statement.

SUMMARY: The Klamath National Forest is withdrawing the Notice of Intent (NOI) to prepare an Environmental Impact Statement (EIS) for the Crawford Vegetation Management Project. The original NOI was published in the **Federal Register** on January 27, 2014 (79 FR 4323). Upon further evaluation, there are no expected significant impacts to the human environment associated with the project. As a result, the Klamath National Forest is now preparing an environmental assessment (EA). All comments previously received regarding this project will be retained and considered in the development of the EA. If it is determined that the project may have significant impacts, the EIS process will be reinitiated and a NOI will be published.

Foreign-Trade Zones Board

[B–79–2018]

Foreign-Trade Zone 263—Lewiston-Auburn, Maine; Application for Reorganization (Expansion of Service Area); Under Alternative Site Framework

An application has been submitted to the Foreign-Trade Zones (FTZ) Board by the Lewiston-Auburn Economic Growth Council, grantee of Foreign-Trade Zone 263, requesting authority to reorganize the zone to expand its service area under the alternative site framework (ASF) adopted by the FTZ Board (15 CFR Sec. 400.2(c)). The ASF is an option for grantees for the establishment or reorganization of zones and can permit significantly greater flexibility in the designation of new subzones or “usage-driven” FTZ sites for operators/users located within a grantee’s “service area” in the context of the FTZ Board’s standard 2,000-acre activation limit for a zone. The application was submitted pursuant to the Foreign-Trade Zones Act, as amended (19 U.S.C. 81a–81u), and the regulations of the FTZ Board (15 CFR part 400). It was formally docketed on December 19, 2018.

FTZ 263 was approved by the FTZ Board on October 1, 2004 (Board Order 1354, 69 FR 60840, October 13, 2004) and reorganized under the ASF on April 9, 2015 (Board Order 1973, 80 FR 20469, April 16, 2015). The zone currently has a service area that includes the Counties of Androscoggin, Cumberland and Sagadahoc, Maine.

The applicant is now requesting authority to expand the service area of the zone to include York County, Maine, as described in the application. If approved, the grantee would be able to serve sites throughout the expanded service area based on companies’ needs for FTZ designation. The application indicates that the proposed expanded service area is adjacent to the Portland Customs and Border Protection Port of Entry.

In accordance with the FTZ Board’s regulations, Kathleen Boyce of the FTZ Staff is designated examiner to evaluate

and analyze the facts and information presented in the application and case record and to report findings and recommendations to the FTZ Board.

Public comment is invited from interested parties. Submissions shall be addressed to the FTZ Board’s Executive Secretary at the address below. The closing period for their receipt is February 25, 2019. Rebuttal comments in response to material submitted during the foregoing period may be submitted during the subsequent 15-day period March 12, 2019.

A copy of the application will be available for public inspection at the Office of the Executive Secretary, Foreign-Trade Zones Board, Room 21013, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230–0002, and in the “Reading Room” section of the FTZ Board’s website, which is accessible via www.trade.gov/ftz. For further information, contact Kathleen Boyce at Kathleen.Boyce@trade.gov or (202) 482–1346.

Dated: December 19, 2018.
