

Nguyen at cuong.nguyen@nist.gov or (301) 975-2254 no later than 5:00 p.m. Eastern time, Friday, May 23, 2014. On Wednesday, June 4, 2014, approximately one-half hour will be reserved at the end of the meeting for public comments, and speaking times will be assigned on a first-come, first-serve basis. The amount of time per speaker will be determined by the number of requests received, but is likely to be about three minutes each. Questions from the public will not be considered during this period. Speakers who wish to expand upon their oral statements, those who had wished to speak but could not be accommodated on the agenda, and those who were unable to attend in person are invited to submit written statements to Mr. Cuong Nguyen, Smart Grid and Cyber-Physical Systems Program Office, National Institute of Standards and Technology, 100 Bureau Drive, Mail Stop 8200, Gaithersburg, MD 20899-8200; telephone 301-975-2254, fax 301-948-5668; or via email at cuong.nguyen@nist.gov.

All visitors to the NIST site are required to pre-register to be admitted. Anyone wishing to attend this meeting must register by 5:00 p.m. Eastern time, Friday, May 23, 2014, in order to attend. Please submit your full name, time of arrival, email address, and phone number to Cuong Nguyen. Non-U.S. citizens must submit additional information; please contact Mr. Nguyen. Mr. Nguyen's email address is cuong.nguyen@nist.gov and his phone number is (301) 975-2254.

Kevin A. Kimball,
Chief of Staff.

National Institute of Standards and Technology

Open Meeting of the Information Security and Privacy Advisory Board

AGENCY: National Institute of Standards and Technology, Commerce.

ACTION: Notice.

SUMMARY: The Information Security and Privacy Advisory Board (ISPAB) will meet Wednesday, June 11, 2014, from 8:00 a.m. until 5:00 p.m. Eastern Time, Thursday, June 12, 2014, from 8:00 a.m. until 5:00 p.m. Eastern Time, and Friday, June 13, 2014, from 8:00 a.m. until 12:00 p.m. Eastern Time. All sessions will be open to the public.

DATES: The meeting will be held on Wednesday, June 11, 2014, from 8:00 a.m. until 5:00 p.m. Eastern Time, Thursday, June 12, 2014, from 8:00 a.m. until 5:00 p.m. Eastern Time, and Friday, June 13, 2014, from 8:00 a.m. until 12:00 p.m. Eastern Time.

ADDRESSES: The meeting will be held at Courtyard Washington, DC/U.S. Capitol, 1325 2nd Street NE., Washington, DC 20002 (TEL. 202-898-4000).

FOR FURTHER INFORMATION CONTACT: Annie Sokol, Information Technology Laboratory, National Institute of Standards and Technology, 100 Bureau Drive, Mail Stop 8930, Gaithersburg, MD 20899-8930, telephone: (301) 975-2006, or by email at: annie.sokol@nist.gov.

SUPPLEMENTARY INFORMATION: Pursuant to the Federal Advisory Committee Act, as amended, 5 U.S.C. App., notice is hereby given that the Information Security and Privacy Advisory Board (ISPAB) will meet Wednesday, June 11, 2014, from 8:00 a.m. until 5:00 p.m. Eastern Time, Thursday, June 12, 2014, from 8:00 a.m. until 5:00 p.m. Eastern Time, and Friday, June 13, 2014, from 8:00 a.m. until 12:00 p.m. Eastern Time. All sessions will be open to the public. The ISPAB is authorized by 15 U.S.C. 278g-4, as amended, and advises the National Institute of Standards and Technology (NIST), and the Director of the Office of Management (OMB) on information security and privacy issues pertaining to federal information systems. Details regarding the ISPAB's activities are available at <http://csrc.nist.gov/groups/SMA/ispab/index.html>.

The agenda is expected to include the following items:

- Updates on NIST and the process for developing standards/guidance for cryptography,
- Discussion on Derived Credentials (NIST SP 800-157, Draft Guidelines for Derived Personal Identity Verification (PIV) Credentials, and NIST IR 7981, draft Mobile, PIV, and Authentication),
- Discussion on report on Federal Information Security Management Act of 2002 (FISMA),
- Panel Discussion on Inspector Generals and implementation of SP 800-53 Appendix J Privacy,
- Discussion of performance and effectiveness of Federal Risk and Authorization Management Program (FedRAMP) and cloud computing for the Federal Government,
- Discussion on Executive Order 13556, Controlled Unclassified Information (CUI), and safeguarding information,

- Panel Discussion of US-CERT || United States Computer Emergency Readiness—Use and Outcomes,
- Discussion on Advancing Information Security in Medical Technologies and Medical Devices, and
- Updates on NIST Computer Security Division.

Note that agenda items may change without notice. The final agenda will be posted on the Web site indicated above. Seating will be available for the public and media.

Public Participation: The ISPAB agenda will include a period of time, not to exceed thirty minutes, for oral comments from the public (Friday, June 13, 2014, between 9:30 a.m. and 10:00 a.m.). Speakers will be selected on a first-come, first-served basis. Each speaker will be limited to five minutes. Questions from the public will not be considered during this period. Members of the public who are interested in speaking are requested to contact Annie Sokol at the contact information indicated in the **FOR FURTHER INFORMATION CONTACT** section of this notice.

Speakers who wish to expand upon their oral statements, those who had wished to speak but could not be accommodated on the agenda, and those who were unable to attend in person are invited to submit written statements. In addition, written statements are invited and may be submitted to the ISPAB at any time. All written statements should be directed to the ISPAB Secretariat, Information Technology Laboratory, 100 Bureau Drive, Stop 8930, National Institute of Standards and Technology, Gaithersburg, MD 20899-8930.

Dated: May 12, 2014.

Willie E. May,
Associate Director for Laboratory Programs.

National Institute of Standards and Technology

[Docket No. 140227181-4181-01]

Proposed Revision to Voluntary Product Standard (PS) 20-10 "American Softwood Lumber Standard"

AGENCY: National Institute of Standards and Technology, Commerce.

ACTION: Notice and request for comments.

SUMMARY: This notice advises the public that the National Institute of Standards

and Technology (NIST) is seeking comments for the proposed revision to Voluntary Product Standard (PS) 20–10, “American Softwood Lumber Standard.” This standard, prepared by the American Lumber Standard Committee, serves the procurement and regulatory needs of numerous federal, state, and local government agencies by providing for uniform, industry-wide grade-marking and inspection requirements for softwood lumber.

The implementation of the standard also allows for uniform labeling and auditing of treated wood and, through a Memorandum of Understanding with the U.S. Department of Agriculture, labeling and auditing of wood packaging materials for international trade. As part of a five-year review process, NIST is seeking public comment and invites interested parties to review the revised standard and submit comments.

DATES: Written comments regarding the proposed revision, PS 20–10, should be submitted to the Standards Services Division, NIST, no later than June 30, 2014.

ADDRESSES: An electronic copy (in PDF) of the current standard, PS 20–10, can be obtained at the following Web site <http://gsi.nist.gov/global/index.cfm/L1-5/I2-44/A-355>. Written comments on the standard should be submitted to David F. Alderman, Standards Services Division, NIST, 100 Bureau Drive, Stop 2150, Gaithersburg, MD 20899–2150; fax (301) 975–4715. Electronic comments may be submitted via email to david.alderman@nist.gov.

FOR FURTHER INFORMATION CONTACT: David F. Alderman, Standards Services Division, National Institute of Standards and Technology, telephone: (301) 975–4019; fax: (301) 975–4715, email: david.alderman@nist.gov.

SUPPLEMENTARY INFORMATION: Under Department of Commerce regulations codified in Title 15, Code of Federal Regulations, Part 10, *Procedures for the Development of Voluntary Product Standards*, and administered by NIST, the American Lumber Standard Committee acts as the Standing Committee for PS 20–10, *American Softwood Lumber Standard*, (Committee) responsible for maintaining, revising, and interpreting the standard. The Committee is comprised of producers, distributors, users, and others with an interest in the standard.

Voluntary Product Standard (PS) 20–10 establishes standard sizes and requirements for developing and coordinating the lumber grades of the various species of lumber, the assignment of design values, and the

preparation of grading rules applicable to each species. Its provisions include implementation of the standard through an accreditation and certification program; establishment of principal trade classifications and lumber sizes for yard, structural, and factory/shop use; classification, measurement, grading, and grade-marking of lumber; definitions of terms and procedures to provide a basis for the use of uniform methods in the grading inspection, measurement, and description of softwood lumber; commercial names of the principal softwood species; definitions of terms used in describing standard grades of lumber; and commonly used industry abbreviations. The standard also includes the organization and functions of the American Lumber Standard Committee, the Board of Review, and the National Grading Rule Committee.

NIST invites public comments on the current standard, PS 20–10, which is available at <http://gsi.nist.gov/global/index.cfm/L1-5/I2-44/A-355>. All public comments will be reviewed and considered. Written comments should be submitted in accordance with the **DATES** and **ADDRESSES** sections of this notice. The American Lumber Standard Committee and NIST will consider all comments received and may revise the standard, as appropriate.

Dated: May 12, 2014.

Willie E. May,

Associate Director for Laboratory Programs.

Atlantic Coastal Fisheries Cooperative Management Act Provisions; General Provisions for Domestic Fisheries; Application for Exempted Fishing Permits

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice; request for comments.

SUMMARY: The Assistant Regional Administrator for Sustainable Fisheries, Northeast Region, NMFS (Assistant Regional Administrator), has made a preliminary determination that an Exempted Fishing Permit application contains all of the required information and warrants further consideration. This

Exempted Fishing Permit would allow seven Federal lobster vessels to participate in a lobster abundance study within the state and Federal waters off the coast of Massachusetts.

Regulations under the Magnuson-Stevens Fishery Conservation and Management Act require publication of this notification to provide interested parties the opportunity to comment on applications for proposed EFPs.

DATES: Comments must be received on or before June 2, 2014.

ADDRESSES: You may submit written comments by any of the following methods:

- *Email:* NMFS.GAR.EFP@noaa.gov. Include in the subject line “Comments on MA DMF Lobster Study EFP.”

- *Mail:* John K. Bullard, Regional Administrator, NMFS, Greater Atlantic Regional Fisheries Office, 55 Great Republic Drive, Gloucester, MA 01930. Mark the outside of the envelope “Comments on MA DMF Lobster Study EFP.”

- *Fax:* (978) 281–9135.

FOR FURTHER INFORMATION CONTACT:

Maria Jacob, Environmental Technician, 978–281–9180, maria.jacob@noaa.gov.

SUPPLEMENTARY INFORMATION:

Massachusetts Division of Marine Fisheries (MA DMF) submitted a complete application for an Exempted Fishing Permit (EFP) to conduct a lobster abundance survey with experimental lobster gear that the regulations would otherwise restrict. The EFP would authorize seven lobster vessels to set, haul, and retain on-board experimental lobster traps (closed escape vents) during sampling activity. Following a soak time ranging from 3 to 5 days, these lobster traps would be hauled twice per month on dedicated sampling days, with at least one scientist from MA DMF on-board during sampling activity. The proposed lobster sampling activity would take place during dedicated survey trips, and no traps in addition to the survey gear will be hauled, and all catch, including lobsters and bycatch species, will be discarded promptly after data collection is complete.

Funding for this lobster abundance survey will be provided by MA DMF. The purpose of this lobster study is to provide fishery-independent data on lobster abundance. Currently, lobster abundance and distribution studies are primarily conducted through fishery independent, random stratified bottom trawl surveys. MA DMF stated that these trawl surveys lack the capability to efficiently target areas with rocky bottom where lobsters also reside, and aims to use fixed lobster gear to sample
