

*novaeangliae*) during aerial and vessel surveys off the U.S. southeast coast. Bottlenose (*Tursiops truncatus*) and Atlantic spotted dolphins (*Stenella frontalis*) may be incidentally harassed during research activities. The permit was amended to increase take numbers of North Atlantic right whales from 50 to 100 per year during aerial surveys and from ten to 60 per year during vessel surveys. The permit is valid through October 31, 2016.

A supplemental environmental assessment (SEA) analyzing the effects of the permitted activities on the human environment was prepared in compliance with the National Environmental Policy Act of 1969 (42 U.S.C. 4321 *et seq.*). Based on the analyses in the SEA, NMFS determined that issuance of the permit would not significantly impact the quality of the human environment and that preparation of an environmental impact statement was not required. That determination is documented in a Finding of No Significant Impact (FONSI), signed on January 18, 2013.

As required by the ESA, issuance of this permit amendment was based on a finding that such permit: (1) Was applied for in good faith; (2) will not operate to the disadvantage of such endangered species; and (3) is consistent with the purposes and policies set forth in section 2 of the ESA.

Dated: February 1, 2013.

**P. Michael Payne,**

Chief, Permits and Conservation Division,  
Office of Protected Resources, National  
Marine Fisheries Service.

### National Oceanic and Atmospheric Administration

**RIN 0648-XC072**

#### Takes of Marine Mammals Incidental to Specified Activities; Marine Geophysical Survey Off the Central Coast of California, November to December, 2012

**AGENCY:** National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

**ACTION:** Notice, withdrawal of an incidental take authorization application.

**SUMMARY:** Notice is hereby given that Lamont-Doherty Earth Observatory of Columbia University (L-DEO), in

cooperation with the Pacific Gas and Electric Company (PG&E) has withdrawn its application for an Incidental Harassment Authorization (IHA). The following action relates to a proposed IHA to L-DEO and PG&E for the take of small numbers of marine mammals, by Level B harassment only, incidental to conducting a marine geophysical (seismic) survey off the central coast of California, November to December, 2012.

**ADDRESSES:** The documents and the application related to this action are available by writing to P. Michael Payne, Chief, Permits and Conservation Division, Office of Protected Resources, National Marine Fisheries Service, 1315 East-West Highway, Silver Spring, MD 20910, or by telephoning the contact listed here.

A copy of the application containing a list of the references used in this document may be obtained by writing to the above address, telephoning the contact listed below (see **FOR FURTHER INFORMATION CONTACT**), or visiting the Internet at: <http://www.nmfs.noaa.gov/pr/permits/incidental.htm#applications>.

**FOR FURTHER INFORMATION CONTACT:** Howard Goldstein or Jolie Harrison, Office of Protected Resources, NMFS, 301-427-8401.

**SUPPLEMENTARY INFORMATION:** On May 17, 2012, NMFS received an application from L-DEO and PG&E requesting that NMFS issue an IHA for the take, by Level B harassment only, of small numbers of marine mammals incidental to conducting a marine seismic survey within the U.S. Exclusive Economic Zone of the central coast of California during November to December, 2012. NMFS received a revised application on August 31, 2012 and October 10, 2012. L-DEO and PG&E planned to use one source vessel, the R/V *Marcus G. Langseth* (*Langseth*) and a seismic airgun array to collect seismic data as part of the Offshore Central California Seismic Imaging Project located in the central area of San Luis Obispo County, California. On September 19, 2012, NMFS published a notice in the **Federal Register** (77 FR 58256) disclosing the effects on marine mammals, making preliminary determinations, and proposed issuing an IHA. The notice initiated a 30-day public comment period. On December 5, 2012, NMFS received a letter from PG&E withdrawing their IHA application for the proposed action. PG&E explained that on November 14, 2012, the California Coastal Commission (CCC) voted to deny issuance of a Coastal Development Permit/Federal Consistency Certification for the

Offshore Central Coastal California Imaging Project. Based upon this decision by L-DEO and PG&E, NMFS hereby withdraws its proposal to issue an IHA for this activity.

**Helen M. Golde,**

Acting Director, Office of Protected Resources,  
National Marine Fisheries Service.

## CORPORATION FOR NATIONAL AND COMMUNITY SERVICE

### Proposed Information Collection; Comment Request

**AGENCY:** Corporation for National and Community Service.

**ACTION:** Notice.

**SUMMARY:** The Corporation for National and Community Service (CNCS), as part of its continuing effort to reduce paperwork and respondent burden, conducts a pre-clearance consultation program to provide the general public and federal agencies with an opportunity to comment on proposed and/or continuing collections of information in accordance with the Paperwork Reduction Act of 1995 (PRA95) (44 U.S.C. 3506(c)(2)(A)). This program helps to ensure that requested data can be provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of collection requirement on respondents can be properly assessed.

Currently, the Corporation is soliciting comments concerning its proposed instrument to aggregate the responses to its approved information collection instruments: The Senior Corps Independent Living Client Survey and the Senior Corps Respite Client Survey. All Senior Companion Program (SCP) grantees are required to use these instruments to collect performance measures outcome data, beginning in fiscal year 2013. The instruments are optional for the RSVP Program grantees. Senior Corps will require all grantee organizations that participate in the survey to summarize survey results and submit those results to the Corporation.

Copies of the information collection request can be obtained by contacting the office listed in the addresses section of this notice.

**DATES:** Written comments must be submitted to the individual and office listed in the **ADDRESSES** section by April 8, 2013.
