

DEPARTMENT OF TRANSPORTATION**Federal Aviation Administration****[Docket No. FAA-2019-0369]****Agency Information Collection Activities: Requests for Comments; Clearance of a Renewed Approval of Information Collection: Human Space Flight Requirements for Crew and Space Flight Participants****AGENCY:** Federal Aviation Administration (FAA), DOT.**ACTION:** Notice and request for comments.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, FAA invites public comments about our intention to request the Office of Management and Budget (OMB) approval to renew an information collection. The **Federal Register** Notice with a 60-day comment period soliciting comments on the Human Space Flight Requirements for Crew and Space Flight Participants collection of information was published on June 12, 2019. The collection involves information demonstrating that a launch or reentry operation involving a human participant will meet the risk criteria and requirements to ensure public safety. The information to be collected is necessary for the FAA to assess crew qualification and training; for operators to inform space flight participants and crew members of the risks associated with launch and reentry activities; for the implementation of waiver of claims; and to ensure environmental control and life support systems and other systems adequately protect public health and safety.

DATES: Written comments should be submitted by September 18, 2019.

ADDRESSES: Interested persons are invited to submit written comments on the proposed information collection to the Office of Information and Regulatory Affairs, Office of Management and Budget. Comments should be addressed to the attention of the Desk Officer, Department of Transportation/FAA, and sent via electronic mail to oir_submission@omb.eop.gov, or faxed to (202) 395-6974, or mailed to the Office of Information and Regulatory Affairs, Office of Management and Budget, Docket Library, Room 10102, 725 17th Street NW, Washington, DC 20503.

SUPPLEMENTARY INFORMATION:

Public Comments Invited: You are asked to comment on any aspect of this information collection, including (a) whether the proposed collection of information is necessary for FAA's performance; (b) the accuracy of the estimated burden; (c) ways for FAA to enhance the quality, utility and clarity of the information collection; and, (d) ways that the burden could be minimized without reducing the quality of the collected information. The agency will summarize and/or include your comments in the request for OMB's clearance of this information collection.

OMB Control Number: 2120-0720.*Title:* Same title as above.*Form Numbers:* N/A.*Type of Review:* Renewal.

Background: The **Federal Register** Notice with a 60-day comment period soliciting comments on the Human Space Flight Requirements for Crew and Space Flight Participants collection of information was published on June 12, 2019 (84 FR 27391). The FAA established requirements for human space flight of crew and space flight participants as required by the Commercial Space Launch Amendments Act of 2004. The information collected is used by the FAA, a licensee or permittee, a space flight participant, or a crew member. The FAA uses the information to ensure that a launch or reentry operation involving a human on board a vehicle will meet the risk criteria and requirements to ensure public safety.

Respondents: All commercial space entities that propose to conduct a launch or reentry with flight crew or space flight participants on board must comply with this collection.

Frequency: Information is collected on occasion.

Estimated Average Burden per Response: 4 hours.

Estimated Total Annual Burden: 808 hours.

Issued in Washington, DC, on August 13, 2019.

Kelvin B. Coleman,

Deputy Associate Administrator, Office of Commercial Space Transportation.

BILLING CODE 4910-13-P

ACTION: Notice of receipt of application of Airglades Airport (2IS), Hendry County, Clewiston, Florida: Commencement of 30-Day public review and comment period.

SUMMARY: The Federal Aviation Administration (FAA) received the final application from Hendry County and Airglades Airport, LLC for the participation of Airglades Airport (2IS) in the Airport Investment Partnership Program (formerly the Airport Privatization Pilot Program) and has determined that the final application is substantially complete and accepted for review. The determination that the application is substantially complete results in the commencement of FAA's review and is not an approval or disapproval of the proposed privatization application.

The FAA is seeking information and comments from interested parties on the final application. The FAA will review the application, public comments, and any other relevant additional submission by the applicant or the public, and issue a decision approving or disapproving the application.

Title 49 U.S.C. Section 47134 establishes the Airport Investment Partnership Program and authorizes the Department of Transportation to grant exemptions from certain Federal statutory and regulatory requirement for airport privatization projects. The application procedures require the FAA to publish a notice of receipt of the final application in the **Federal Register** and accept public comment on the final application for a period of 60 days. However, the 60-day notice period is not a statutory or regulatory requirement. The applicants have requested the comment period be reduced to 30 days because they desire to obtain approval, assuming the application is sufficient, by September 30, 2019. Under Section 184 of the FAA Reauthorization Act of 2018, approval of an application by this date (and the project meets all other requirements), would permit the agency to issue a letter of intent for Airport Improvement Program grant funds. FAA has agreed to reduce the comment period based on the applicants' request.

DATES: Comments must be received by September 18, 2019. Comments that are received after that date will be considered only to the extent possible.
