Determination

As a result of the determination by the Commission that revocation of this antidumping duty order is not likely to lead to continuation or recurrence of material injury to an industry in the United States, the Department, pursuant to section 751(d)(2) of the Act and 19 CFR 351.222(i)(1), is revoking the antidumping duty order on aramid fiber from the Netherlands. Pursuant to section 751(c)(6)(A)(iv) of the Act and 19 CFR 351.222(i)(2)(ii), this revocation is effective January 1, 2000. The Department will instruct the Customs Service to discontinue the suspension of liquidation and collection of cash deposit rates on entries of the subject merchandise entered or withdrawn from warehouse on or after January 1, 2000 (the effective date). The Department will complete any pending administrative reviews of this order and will conduct administrative reviews of subject merchandise entered prior to the effective date of revocation in response to appropriately filed requests for review.

Effective January 20, 2001, Bernard T. Carreau is fulfilling the duties of the Assistant Secretary for Import Administration.

Dated: March 7, 2001.

Bernard T. Carreau,
Deputy Assistant Secretary Import
Administration.

Certain Pasta From Turkey: Final Results of New Shipper Antidumping Duty Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Notice of final results of new shipper antidumping review: certain pasta from Turkey.

SUMMARY: We determine that sales of the subject merchandise have not been made below normal value ("NV").

EFFECTIVE DATE: March 13, 2001.

FOR FURTHER INFORMATION CONTACT:

James Terpstra or Cindy Lai Robinson, AD/CVD Enforcement, Office VI, Group II, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230; telephone: (202) 482-3965 or (202) 482-3797, respectively.

SUPPLEMENTARY INFORMATION:

Applicable Statute and Regulations

Unless otherwise indicated, all citations to the Tariff Act of 1930, as amended ("the Act") are references to the provisions effective January 1, 1995, the effective date of the amendments made to the Act by the Uruguay Round Agreements Act ("URAA"). In addition, unless otherwise indicated, all citations to the Department's regulations refer to the regulations codified at 19 CFR part 351 (2000).

Case History

On December 13, 2000, the Department of Commerce ("the Department") published the preliminary results of its new shipper administrative review of the antidumping duty order on certain pasta from Turkey. See Notice of Preliminary Results of New Shipper Antidumping Duty Administrative Review: Certain Pasta from Turkey, 65 FR 77855 ("Preliminary Results"). As discussed in the preliminary results, this review covers shipments by Beslen Makarna Gida Sanayi ve Ticaret A.S., and Beslen Pazarlarma Gida Sanayi ve Ticaret A.S., respectively (collectively "Beslen"), during the period of review ("POR") July 1, 1999 through December 31, 1999. Interested parties did not submit case briefs nor did they request a hearing. There have been no changes since the preliminary results.

Scope of the Review

Imports covered by this review are shipments of certain non-egg dry pasta in packages of five pounds (or 2.27 kilograms) or less, whether or not enriched or fortified or containing milk or other optional ingredients such as chopped vegetables, vegetable purees, milk, gluten, diastases, vitamins, coloring and flavorings, and up to two percent egg white. The pasta covered by this scope is typically sold in the retail market, in fiberboard or cardboard cartons or polyethylene or polypropylene bags, of varying dimensions.

Excluded from the scope of this review are refrigerated, frozen, or canned pastas, as well as all forms of egg pasta, with the exception of non-egg

dry pasta containing up to two percent egg white.

The merchandise subject to review is currently classifiable under item 1902.19.20 of the Harmonized Tariff Schedule of the United States ("HTSUS"). Although the HTSUS subheading is provided for convenience and customs purposes, our written description of the scope is dispositive.

Scope Rulings

The Department has issued the following scope ruling to date:

On October 26, 1998, the Department self-initiated a scope inquiry to determine whether a package weighing over five pounds as a result of allowable industry tolerances is within the scope of the antidumping and countervailing duty orders. On May 24, 1999, we issued a final scope ruling finding that, effective October 26, 1998, pasta in packages weighing or labeled up to (and including) five pounds four ounces is within the scope of the antidumping and countervailing duty orders. See "Memorandum from John Brinkmann to Richard Moreland," dated May 24, 1999, in the case file in the Central Records Unit ("the CRU"), main Commerce building, room B-099.

Price Comparisons

We calculated export price and NV based on the same methodology described in the *Preliminary Results*.

Analysis of Comments Received

We gave interested parties an opportunity to comment on the *Preliminary Results*. As noted above, we received no comments from any party.

Final Results of Review

As a result of our review, we determine that Beslen had a zero weighted-average margin for the period July 1, 1999 through December 31, 1999.

Assessment Rate

Pursuant to 19 CFR 351.212(b), the Department calculated an assessment rate for each importer of the subject merchandise. For assessment purposes, we calculated importer-specific assessment rates for the subject merchandise by aggregating the dumping margins for all U.S. sales to each importer and dividing the amount by the total entered value of the sales to that importer. Where appropriate, in order to calculate the entered value, we subtracted international movement expenses (e.g., international freight) from the gross sales value. Where the importer-specific assessment rate is above de minimis we will instruct Customs to assess antidumping duties

on that importer's entries of subject merchandise.

Cash Deposit Requirements

The following deposit rates will be effective upon publication of the final results of this new shipper review for all shipments of certain pasta from Turkey entered, or withdrawn from warehouse, for consumption on or after the publication date, as provided by section 751(a)(2)(C) of the Act: (1) The cash deposit rate for Beslen will be zero; (2) for previously reviewed or investigated companies, the cash deposit rate will continue to be the company-specific rate published for the most recent final results in which that manufacturer or exporter participated; (3) if the exporter is not a firm covered in this review, a prior review, or the original less-than-fair-value ("LTFV") investigation, but the manufacturer is, the cash deposit rate will be the rate established for the most recent final results for the manufacturer of the merchandise; and (4) if neither the exporter nor the manufacturer is a firm covered in this or any previous review conducted by the Department, the cash deposit rate will be 51.49 percent, the "All Others" rate established in the LTFV investigation. *See Notice of Antidumping Duty Order and Amended Final Determination of Sales at Less Than Fair Value: Certain Pasta from Turkey*, 61 FR 38546 (July 24, 1996).

These cash deposit requirements, when imposed, shall remain in effect until publication of the final results of the next administrative review.

Notification to Importers

This notice serves as a reminder to importers of their responsibility under 19 CFR 351.402 to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

This notice also serves as a reminder to parties subject to administrative protective order ("APO") of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305. Timely notification of return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

This determination is issued and published in accordance with sections 751(a)(1) and 777(i)(1) of the Act (19 USC 1675(a)(1) and 19 USC 1677f(i)(1)).

Dated: March 6, 2001.

Timothy J. Hauser,

Acting Under Secretary for International Trade.

Certain Corrosion-Resistant Carbon Steel Flat Products From Japan: Notice of Initiation and Preliminary Results of Changed Circumstances Review of the Antidumping Order, and Intent To Revoke Order in Part

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Notice of initiation and preliminary results of changed circumstances antidumping duty review, and intent to revoke order in part.

SUMMARY: In accordance with 19 CFR 351.216(b), Dana Glacier Daido America, LLC ("Dana") filed a request for a changed circumstances review of the antidumping order on certain corrosion-resistant carbon steel flat products from Japan with respect to the carbon steel flat products as described below. Domestic producers of the like product have expressed no interest in continuation of the order with respect to these particular carbon steel flat products. In response to Dana's request, the Department of Commerce ("the Department") is initiating a changed circumstances review with respect to this request and issuing a notice of intent to revoke in part the antidumping duty order on certain corrosion-resistant carbon steel flat products from Japan. Interested parties are invited to comment on these preliminary results.

EFFECTIVE DATE: March 13, 2001.

FOR FURTHER INFORMATION CONTACT: Catherine Bertrand or Rick Johnson, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230; telephone: (202) 482-3207, (202) 482-3818, respectively.

The Applicable Statute and Regulations: Unless otherwise indicated, all citations to the statute are references to the provisions effective

January 1, 1995, the effective date of the amendments made to the Tariff Act of 1930, as amended ("the Act"), by the Uruguay Round Agreements Act. In addition, unless otherwise indicated, all citations to the Department's regulations are to the regulations as codified at 19 CFR part 351 (2000).

SUPPLEMENTARY INFORMATION:

Background

On January 23, 2001, Dana requested that the Department revoke in part the antidumping duty order on certain corrosion-resistant carbon steel flat products from Japan. Specifically, Dana requested that the Department revoke the order with respect to imports meeting the following specifications: carbon steel coil or strip, measuring 1.93 millimeters or 2.75 millimeters (0.076 inches or 0.108 inches) in thickness, 87.3 millimeters or 99 millimeters (3.437 inches or 3.900 inches) in width, with a low carbon steel back comprised of: carbon under 8%, manganese under 0.4%, phosphorous under 0.04%, and sulfur under 0.05%; clad with aluminum alloy comprised of: 0.7% copper, 12% tin, 1.7% lead, 0.3% antimony, 2.5% silicon, 1% maximum total other (including iron), and remainder aluminum. Dana also requested that the Department revoke the order with respect to imports meeting the following specifications: carbon steel coil or strip, clad with aluminum, measuring 1.75 millimeters (0.069 inches) in thickness, 89 millimeters or 94 millimeters (3.500 inches or 3.700 inches) in width, with a low carbon steel back comprised of: carbon under 8%, manganese under 0.4%, phosphorous under 0.04%, and sulfur under 0.05%; clad with aluminum alloy comprised of: 0.7% copper, 12% tin, 1.7% lead, 2.5% silicon, 0.3% antimony, 1% maximum total other (including iron), and remainder aluminum. Dana is an importer of the products in question.

Scope of Review

The products covered by the antidumping duty order include flat-rolled carbon steel products, of rectangular shape, either clad, plated, or coated with corrosion-resistant metals such as zinc, aluminum, or zinc-aluminum-, nickel- or iron-based alloys, whether or not corrugated or painted, varnished or coated with plastics or other nonmetallic substances in addition to the metallic coating, in coils (whether or not in successively superimposed layers) and of a width of 0.5 inch or greater, or in straight lengths which, if of a thickness less than 4.75 millimeters, are of a width of 0.5 inch
