Abstract of Proposed Collection

Forms for this collection are completed by panel physicians for refugees, noncitizens seeking a visa, and some individuals who need a boarding foil in order to be paroled into the United States. The collection records medical information necessary to determine whether noncitizens have medical conditions affecting the individual’s eligibility for an immigration benefit or affecting the public health and requiring treatment.

Methodology

A panel physician, contracted by the consular post in accordance with instructions issued by the Centers for Disease Control (CDC), performs the medical examination of the applicant and completes the forms. Panel physicians complete Forms DS–3025, DS–3026, and DS–3030. Upon completing the medical examination, the examining panel physician submits a report to the consular section on Form DS–2054 and includes the DS–3024, DS–3026, and the DS–3030. The information provided in these forms assists the Department for visa adjudication, follow-to-join refugee adjudication, and for the purpose of issuing boarding foils for certain individuals seeking parole from the Department of Homeland Security, and is thereafter retained in the

Department’s systems. The information is also provided to the CDC.
