3. Indirect Costs

This section applies to indirect costs in accordance with HHS Grants Policy Statement, Part II-27. The IHS requires applicants to have a current indirect cost rate agreement in place prior to award. The rate agreement must be prepared in accordance with the applicable cost principles and guidance as provided by the cognizant agency or office. A current rate means the rate covering the applicable activities and the award budget period. If the current rate is not on file with the awarding office, the award shall include funds for reimbursement of indirect costs. However, the indirect costs portion will remain restricted until the current rate is provided to the DGO.

If an urban Indian organization has questions regarding the indirect costs policy, please contact the DGO at (301) 443-5204.

4. Reporting

A. *Progress Report*. Program progress reports on number of tests performed and milestones are required quarterly by the OUIHP in order to satisfy quarterly reports due to funding source at MAI. These reports will include a brief comparison of actual accomplishments to the goals established for the period, reasons for unmet milestones (if applicable), and other pertinent information as required.

B. A Final Assessment and Evaluation report must be submitted within 90 days of expiration of the budget/project period.

C. *Financial Status Report*. Semi-annual financial status reports must be submitted within 30 days of the end of the half year. Final financial status reports are due within 90 days of expiration of the budget period. Standard Form 269 (long form) will be used for financial reporting.

D. Participation in a minimum of two teleconferences. Teleconferences will be required semi-annually (unless further followup is needed) for Technical Assistance and information to be provided and progress to be shared among grantees with the OUIHP and National HIV Program Consultant.

Failure to submit required reports within the time allowed may result in suspension or termination of an active agreement, withholding of additional awards for the project, or other enforcement actions such as withholding of payments or converting to the reimbursement method of

payment. Continued failure to submit required reports may result in one or both of the following: (1) The imposition of special award provisions; and (2) the non-funding or non-award of other eligible projects or activities. This applies whether the delinquency is attributable to the failure of the organization or the individual responsible for preparation of the reports. Telecommunication for the hearing impaired is available at: TTY (301) 443-6394.
