## II. Registration Applications

EPA has received applications to register new uses for pesticide products containing currently registered active ingredients. Pursuant to the provisions of FIFRA section 3(c)(4) (7 U.S.C. 136a(c)(4)), EPA is hereby providing notice of receipt and opportunity to comment on these applications. Notice of receipt of these applications does not imply a decision by the Agency on these applications.

## III. New Uses

1. *EPA Registration Number:* 524–617. *Docket ID number:* EPA–HQ–OPP–2018–0260. *Applicant:* Monsanto Company, 1300 I St. NW, Suite 450 East, Washington, DC 20052. *Active ingredient:* Dicamba. *Product type:* Herbicide. *Proposed use:* Corn, grain; corn, stover; corn, forage). *Contact:* RD.

2. *EPA Registration Numbers:* 1021–1771, 1021–1772, 1021–2560, 1021–2616. *Docket ID number:* EPA–HQ–OPP–2018–0579. *Applicant:* McLaughlin (MGK). *Active ingredient:* Pyrethrin. *Product type:* Insecticide. *Proposed Uses:* Bananas, plantains and tobacco on growing crops and bananas and plantains as a post-harvest dip. *Contact:* RD.

3. *EPA File Symbol:* 6704–OL. *Docket ID number:* EPA–HQ–OPP–2018–0847. *Applicant:* United States Fish and Wildlife Service, Arlington Square Building, MS 725, Washington DC, 20240. *Active ingredient:* Carbon dioxide. *Product type:* Piscicide. *Proposed Use:* To remove nuisance fish species from ponds and lakes (under ice application) and in tributaries as a chemical barrier to prevent invasion of Asian carp into the Great Lakes. *Contact:* RD.

4. *EPA Registration Numbers:* 8033–20; 8033–23; 8033–36; 8033–95; 8033–106. *Docket ID number:* EPA–HQ–OPP–2018–0784. *Applicant:* Nippon Soda Co. Ltd., 88 Pine Street, 14th Floor, New York, NY 10005. *Active ingredient:* Acetamiprid. *Product type:* Insecticide. *Proposed Use:* Tropical & subtropical fruit subgroup 24B; stone fruit group 12–12; tree nut group 14–12; rapeseed subgroup 20A; cottonseed subgroup 20C; leafy vegetable group 4–16; brassica head & stem vegetable group 5–

16; leaf petiole vegetable subgroup 22B; celtuce; Florence fennel; greenhouse pepper; and kohlrabi. *Contact:* RD.

5. *EPA Registration Number:* 62097–41. *Docket ID number:* EPA–HQ–OPP–2018–0785. *Applicant:* Fine Agrochemical, Ltd, Hill End House, Whittington, Worcester, WRS 2RQ, UK. *Active ingredient:* Prohexadione Calcium. *Product type:* Plant Growth Regulator. *Proposed use:* Alfalfa inter seeded corn. *Contact:* Fungicide Herbicide Branch.

**Authority:** 7 U.S.C. 136 *et seq.*

## ENVIRONMENTAL PROTECTION AGENCY

[EPA–HQ–OECA–2014–0077; FRL–9990–19–OEI]

### Information Collection Request Submitted to OMB for Review and Approval; Comment Request; NESHAP for Paper and Other Web Coating (Renewal)

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Notice.

**SUMMARY:** The Environmental Protection Agency (EPA) has submitted an information collection request (ICR), NESHAP for Paper and Other Web Coating (40 CFR part 63, subpart JJJJ) (EPA ICR No. 1951.07, OMB Control No. 2060–0511), to the Office of Management and Budget (OMB) for review and approval in accordance with the Paperwork Reduction Act. This is a proposed extension of the ICR, which is currently approved through March 31, 2019. Public comments were previously requested, via the **Federal Register**, on May 30, 2018 during a 60-day comment period. This notice allows for an additional 30 days for public comments. A fuller description of the ICR is given below, including its estimated burden and cost to the public. An agency may neither conduct nor sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

**DATES:** Additional comments may be submitted on or before April 17, 2019.

**ADDRESSES:** Submit your comments, referencing Docket ID Number EPA–HQ–OECA–2014–0077, to: (1) EPA

online using [www.regulations.gov](http://www.regulations.gov) (our preferred method), or by email to [docket.oeca@epa.gov](mailto:docket.oeca@epa.gov), or by mail to: EPA Docket Center, Environmental Protection Agency, Mail Code 28221T, 1200 Pennsylvania Ave. NW, Washington, DC 20460; and (2) OMB via email to [oira\\_submission@omb.eop.gov](mailto:oira_submission@omb.eop.gov). Address comments to OMB Desk Officer for EPA.

EPA's policy is that all comments received will be included in the public docket without change, including any personal information provided, unless the comment includes profanity, threats, information claimed to be Confidential Business Information (CBI), or other information whose disclosure is restricted by statute.

### FOR FURTHER INFORMATION CONTACT:

Patrick Yellin, Monitoring, Assistance, and Media Programs Division, Office of Compliance, Mail Code 2227A, Environmental Protection Agency, 1200 Pennsylvania Ave. NW, Washington, DC 20460; telephone number: (202) 564–2970; fax number: (202) 564–0050; email address: [yellin.patrick@epa.gov](mailto:yellin.patrick@epa.gov).

### SUPPLEMENTARY INFORMATION:

Supporting documents, which explain in detail the information that the EPA will be collecting, are available in the public docket for this ICR. The docket can be viewed online at [www.regulations.gov](http://www.regulations.gov) or in person at the EPA Docket Center, WJC West, Room 3334, 1301 Constitution Ave. NW, Washington, DC. The telephone number for the Docket Center is 202–566–1744. For additional information about EPA's public docket, visit: <http://www.epa.gov/dockets>.

**Abstract:** The National Emission Standards for Hazardous Air Pollutants (NESHAP) for Paper and Other Web Coating apply to existing facilities and new paper and to other web coating facilities, including web coating lines engaged in the coating of metal webs used in flexible packaging, and web coating lines engaged in the coating of fabric substrates for use in pressure sensitive tape and abrasive materials. New facilities include those that commenced construction or reconstruction after the date of proposal. In general, all NESHAP standards require initial notifications, performance tests, and periodic reports by the owners/operators of the affected facilities. They are also required to maintain records of the occurrence and duration of any startup, shutdown, or malfunction in the operation of an affected facility, or any period during which the monitoring system is inoperative. These notifications, reports, and records are essential in determining

compliance, and are required of all affected facilities subject to NESHAP. This information is being collected to assure compliance with 40 CFR part 63, subpart JJJJ.

*Form Numbers:* None.

*Respondents/affected entities:* Paper and other web coating facilities.

*Respondent's obligation to respond:* Mandatory (40 CFR part 63, subpart JJJJ).

*Estimated number of respondents:* 197 (total).

*Frequency of response:* Initially, occasionally and semiannually.

*Total estimated burden:* 12,000 hours (per year). Burden is defined at 5 CFR 1320.3(b).

*Total estimated cost:* \$2,220,000 (per year), which includes \$852,000 in annualized capital/startup and/or operation & maintenance costs.

*Changes in the Estimates:* There is an adjustment decrease in the total estimated burden as currently identified in the OMB Inventory of Approved Burdens. This increase is not due to any program changes. The change in the burden and cost estimates is due to more accurate estimates of existing sources based on EPA's recent reevaluation of the source category inventory, which indicated that several facilities have shut down since the last ICR renewal period. These changes result in an overall decrease in the labor hours and O&M costs.

### Applicability Determination Index Data System Posting: EPA Formal Responses to Inquiries Concerning Compliance With Clean Air Act Stationary Source Program

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Notice of availability.

**SUMMARY:** This notice announces applicability determinations, alternative monitoring decisions, and regulatory interpretations that Environmental Protection Agency (EPA) has made with regard to the New Source Performance Standards (NSPS); the National Emission Standards for Hazardous Air Pollutants (NESHAP); the Emission Guidelines and Federal Plan Requirements for existing sources; and/or the Stratospheric Ozone Protection Program.

**FOR FURTHER INFORMATION CONTACT:** An electronic copy of each complete document posted on the Applicability Determination Index (ADI) data system is available on the internet through the Resources and Guidance Documents for Compliance Assistance page of the Clean Air Act Compliance Monitoring website under "Air" at: <https://www2.epa.gov/compliance/resources-and-guidance-documents-compliance-assistance>. The letters and memoranda on the ADI may be located by author, date, office of issuance, subpart, citation, control number, or by string word searches. For questions about the ADI or this notice, contact Maria Malave, Monitoring, Assistance and Media Programs Division by phone at: (202) 564-7027, or by email at: [malave.maria@epa.gov](mailto:malave.maria@epa.gov). For technical questions about individual applicability determinations or monitoring decisions, refer to the contact person identified in the individual documents, or in the absence of a contact person, refer to the author of the document.

#### SUPPLEMENTARY INFORMATION:

##### Background

The General Provisions of the NSPS in 40 Code of Federal Regulations (CFR) part 60 and the General Provisions of the NESHAP in 40 CFR part 61 provide that a source owner or operator may request a determination of whether certain intended actions constitute the commencement of construction, reconstruction, or modification. 40 CFR 60.5 and 61.06. The General Provisions in part 60 also apply to Federal and EPA-approved state plans for existing sources in 40 CFR part 62. See 40 CFR 62.02(b)(2). The EPA's written responses to source or facility-specific inquiries on provisions in parts 60, 61 and 62 are commonly referred to as applicability determinations. Although the NESHAP part 63 regulations [which include Maximum Achievable Control Technology (MACT) standards and/or Generally Available Control Technology (GACT) standards] contain no specific regulatory provision providing that sources may request applicability determinations, the EPA also responds to written inquiries regarding applicability for the part 63 regulations. In addition, the General Provisions in part 60 and 63 allow sources to seek permission to use monitoring or recordkeeping that is different from the promulgated requirements. See 40 CFR 60.13(i), 61.14(g), 63.8(b)(1), 63.8(f), and 63.10(f). The EPA's written responses to these inquiries are commonly referred to as alternative monitoring decisions. Furthermore, the EPA responds to

written inquiries about the broad range of regulatory requirements in 40 CFR parts 60 through 63 as they pertain to a whole source category. These inquiries may pertain, for example, to the type of sources to which the regulation applies, or to the testing, monitoring, recordkeeping, or reporting requirements contained in the regulation. The EPA's written responses to these inquiries are commonly referred to as regulatory interpretations.

The EPA currently compiles EPA-issued NSPS and NESHAP applicability determinations, alternative monitoring decisions, and regulatory interpretations, and posts them to the ADI on a regular basis. In addition, the ADI contains EPA-issued responses to requests pursuant to the stratospheric ozone regulations, contained in 40 CFR part 82. The ADI is a data system accessed via the internet, with over three thousand EPA letters and memoranda pertaining to the applicability, monitoring, recordkeeping, and reporting requirements of the NSPS, NESHAP, emission guidelines and Federal Plans for existing sources, and stratospheric ozone regulations. Users can search for letters and memoranda by author, date, office of issuance, subpart, citation, control number, or by string word searches.

Today's notice comprises a summary of 45 such documents added to the ADI on February 1, 2019. This notice lists the subject and header of each letter and memorandum, as well as a brief abstract of the content. Complete copies of these documents may be obtained from the ADI on the internet through the Resources and Guidance Documents for Compliance Assistance page of the Clean Air Act Compliance Monitoring website under "Air" at: <https://www2.epa.gov/compliance/resources-and-guidance-documents-compliance-assistance>.

#### Summary of Headers and Abstracts

The following table identifies the database control number for each document posted on February 1, 2019 to the ADI data system; the applicable category; the section(s) and/or subpart(s) of 40 CFR part 60, 61, 62, 63 and 82 (as applicable) addressed in the document; and the title of the document, which provides a brief description of the subject matter.

Also included in this notice, is an abstract of each document identified with its control number. These abstracts are being provided to the public as possible items of interest and are not intended as substitutes for the contents of the original documents. This notice
