SUPPLEMENTARY INFORMATION:

A. Purpose

Title III of the Defense Production Act (DPA) of 1950 authorizes various forms of Government assistance to encourage expansion of production capacity and supply of industrial resources essential to national defense. The DPA Amendments of 1992 provide for the testing, qualification, and use of industrial resources manufactured or developed with assistance provided under Title III of the DPA.

FAR 34.1 and 52.234-1 require contractors, upon the direction of the contracting officer, to test Title III industrial resources for qualification, and provide the test results to the Defense Production Act Office. The FAR coverage also expresses Government policy to pay for such testing and provides definitions, procedures, and a contract clause to implement the policy. This information is used by the Defense Production Act Office, Title III Program, to determine whether the Title III industrial resource has been provided an impartial opportunity to qualify.
