SUPPLEMENTARY INFORMATION:

Background

The intent of the Community, Higher Education, and School Partnerships (CHESP), a service-learning initiative, is for communities, institutions of higher education, and schools to work together to identify and meet the needs of the community and create valuable learning opportunities for young people. The program's purpose is to encourage strategic collaborations among institutions to improve education and communities through service-learning and develop comprehensive demonstration models of service-learning and community, higher education, and school collaborations that can be replicated. A key aspect of CHESP, and what distinguishes it from other service-learning programs, is its emphasis on three-way partnerships among schools, community-based organizations and institutions of higher education.

In February 2000, the Corporation awarded 20 competitive three-year CHESP grants supported with Learn and Serve America: School-based funds to state education agencies, grantmaking entities, and one Indian Tribe. Each grantee then funded between two and 18 local subgrantees (for a total of approximately 166 subgrantees).

The study of the Community, Higher Education, and School Partnerships (CHESP) seeks to describe CHESP grantees and subgrantees and their partnerships; identify facilitators and barriers to establishing service-learning partnerships among CHESP partners; determine whether CHESP programs provide effective models or value-added strategies for service-learning initiatives that can be replicated; and determine whether CHESP programs suggest an appropriate direction for future grantmaking policy.

Current Action

The Corporation seeks approval of two telephone survey forms that will be used to collect information about CHESP grantee and subgrantee partnerships and programs. This requires collecting information from grantee and subgrantee organization staff that will address: (1) CHESP project characteristics and information about the implementation of the partnerships; and (2) the impact of the CHESP

partnerships on the grantee and the subgrantee organizations.

Type of Review: New collection.

Agency: Corporation for National and Community Service.

Title: CHESP Grantee/ Subgrantee Survey.

OMB Number: None.

Agency Number: None.

Affected Public: Project staff at CHESP grantee organizations such as state education agencies, grantmaking entities, and one Indian Tribe, and project staff at subgrantee organizations such as community based organizations, elementary and secondary schools and school districts, and institutions of higher education.

Total Respondents: 20 grantees, and approximately 166 subgrantees.

Frequency: One time survey.

Average Time Per Response: Grantee Survey: 60 minutes, Subgrantee Survey: 50 minutes.

Estimated Total Burden Hours: 160.

Total Burden Cost (capital/startup): None.

Total Burden Cost (operating/maintenance): None.

Comments submitted in response to this notice will be summarized and/or included in the request for Office of Management and Budget approval of the information collection request; they will also become a matter of public record.
