

For reasons stated previously in this document, this determination is supported by (1) the likelihood that, given sufficient notice through slow ship speed and ramp-up, marine mammals are expected to move away from a noise source that it is annoying prior to its becoming potentially injurious; (2) recent research that indicates that TTS is unlikely (at least in delphinids) until levels closer to 200–205 dB re 1 microPa are reached rather than 180 dB re 1 microPa; (3) the fact that 200–205 dB isopleths would be well within a few dozen meters of the vessel because of the small acoustic source; and (4) the likelihood that marine mammal detection ability by trained observers is close to 100 percent during daytime and remains high at night to the distance from the seismic vessel to the 180-dB isopleth. As a result, no take by injury or death is anticipated, and the potential for temporary or permanent hearing impairment is very low and will be avoided through the incorporation of the proposed mitigation measures mentioned in this document.

While the number of potential incidental harassment takes will depend on the distribution and abundance of marine mammals in the vicinity of the survey activity, the number of potential harassment takings is estimated to be small. In addition, the proposed seismic program will not interfere with any legal subsistence hunts, since seismic operations will not take place in subsistence whaling and sealing areas and will not affect marine mammals used for subsistence purposes.

#### Authorization

NMFS has issued an IHA to L-DEO to take marine mammals, by harassment, incidental to conducting seismic surveys in the SWPO for a 1-year period, provided the mitigation, monitoring, and reporting requirements are undertaken.

#### Committee for the Implementation of Textile Agreements

February 17, 2005.

Commissioner,  
Bureau of Customs and Border Protection,  
Washington, DC 20229.

Dear Commissioner: Pursuant to section 204 of the Agricultural Act of 1956, as amended (7 U.S.C. 1854); Executive Order 11651 of March 3, 1972, as amended; and the Bilateral Textile Agreement of July 22, 1998, as amended and extended by exchange of notes on November 19, 2004, December 31, 2004, and February 7, 2005, between the Governments of the United States and Ukraine, you are directed to prohibit, effective on January 1, 2005, entry into the United States for consumption and withdrawal from warehouse for consumption of wool textile products in the following categories, produced or manufactured in Ukraine and exported during the twelve-month period beginning on January 1, 2005 and extending through December 31, 2005, in excess of the following levels of restraint:

Category	Twelve-month limit
435 .....	108,000 dozen.
442 .....	17,230 dozen.
444 .....	74,665 numbers.
448 .....	74,665 dozen.

The limits set forth above are subject to adjustment pursuant to the current bilateral agreement between the Governments of the United States and Ukraine.

These limits may be revised if Ukraine becomes a member of the World Trade

Organization (WTO) and the United States applies the WTO agreement to Ukraine.

Products in the above categories exported during 2004 shall be charged to the applicable category limits for that year (see directive dated December 10, 2003) to the extent of any unfilled balances. In the event the limits established for that period have been exhausted by previous entries, such products shall be charged to the limits set forth in this directive. Goods exported from Ukraine will also no longer be subject to the directive dated December 9, 2004 concerning overshipments of 2004 limits.

You are also directed to reinstate textile visa requirements for Ukraine, as set forth in the directive dated February 22, 1999, thus canceling the directive dated December 30, 2004 that suspended such requirements. In order to provide a period for adjustment, the United States will allow shipments of goods that are not accompanied by an export visa to enter the United States if exported prior to March 25, 2005. However, shipments exported from Ukraine on or after March 25, 2005, must be accompanied by an export visa issued by the Government of Ukraine, and shipments without an export visa will be denied entry.

In carrying out the above directions, the Commissioner, Bureau of Customs and Border Protection should construe entry into the United States for consumption to include entry for consumption into the Commonwealth of Puerto Rico.

The Committee for the Implementation of Textile Agreements has determined that these actions fall within the foreign affairs exception of the rulemaking provisions of 5 U.S.C. 553(a)(1).

Sincerely,  
James C. Leonard III,  
Chairman, Committee for the Implementation of Textile Agreements.
