[Docket Nos. CP18–549–001 CP22–162–000]

Notice of Application for Limited Amendment to Abandonment Authorization; Equitrans, L.P.

Take notice that on April 12, 2022, Equitrans, L.P. (Equitrans), 2200 Energy Drive, Canonsburg, PA 15317, filed in the above referenced dockets, an application pursuant to Section 7(b) of the Natural Gas Act (NGA) and Part 157 of the Commission's regulations for a limited amendment to the existing abandonment authorization issued by the Commission on March 20, 2019 in Docket No. CP18–549–000. Those actions authorized Equitrans to abandon a series of eighteen injection and withdrawal (I/W) wells in Swarts Complex by sale, abandon the associated well lines in place, and abandon any associated appurtenant facilities. The facilities are located in Greene County, Pennsylvania. Since the issuance of the Abandonment Authorization, Equitrans has abandoned four of the originally authorized eighteen injection/withdrawal wells by

sale to CONSOL Pennsylvania Coal Company LLC, CONSOL Mining Company LLC, CNX Gas Company LLC (collectively, CONSOL); 603777 (abandoned 2019); 603628 (abandoned 2020); 603785 (abandoned 2021); and 603626 (abandoned 2021).

The Pennsylvania Department of Environmental Protection's (PADEP) mine proximity setback regulation requires wells within 2,000 feet of coal mining activities to be plugged/abandoned or reconditioned. Equitrans states that due to further compliance with the PADEP's regulations, it now proposes to perform the plugging and abandonment of five of the remaining fourteen wells itself rather than transferring those wells and that function to CONSOL. In this amendment, Equitrans now proposes to plug and abandon five injection and withdrawal wells in Equitrans' Swarts Storage Field; numbers: 603791, 603792, 603793, 603795 and 603797, as more fully set forth in the request which is on file with the Commission and open to public inspection.

Pursuant to section 157.9 of the Commission's Rules of Practice and Procedure,¹ within 90 days of this Notice the Commission staff will either: Complete its environmental review and place it into the Commission's public record (eLibrary) for this proceeding; or issue a Notice of Schedule for Environmental Review. If a Notice of Schedule for Environmental Review is

issued, it will indicate, among other milestones, the anticipated date for the Commission staff's issuance of the final environmental impact statement (FEIS) or environmental assessment (EA) for this proposal. The filing of an EA in the Commission's public record for this proceeding or the issuance of a Notice of Schedule for Environmental Review will serve to notify federal and state agencies of the timing for the completion of all necessary reviews, and the subsequent need to complete all federal authorizations within 90 days of the date of issuance of the Commission staff's FEIS or EA.

Public Participation

There are three ways to become involved in the Commission's review of this project: You can file a protest to the project, you can file a motion to intervene in the proceeding, and you can file comments on the project. There is no fee or cost for filing protests, motions to intervene, or comments. The deadline for filing protests, motions to intervene, and comments is 5:00 p.m. Eastern Time on May 6, 2022. How to file protests, motions to intervene, and comments is explained below.

Protests

Pursuant to section 157.205 of the Commission's regulations under the NGA,² any person³ or the Commission's staff may file a protest to the request. If no protest is filed within the time allowed or if a protest is filed and then withdrawn within 30 days after the allowed time for filing a protest, the proposed activity shall be deemed to be authorized effective the day after the time allowed for protest. If a protest is filed and not withdrawn within 30 days after the time allowed for filing a protest, the instant request for authorization will be considered by the Commission.

Protests must comply with the requirements specified in section 157.205(e) of the Commission's regulations,⁴ and must be submitted by the protest deadline, which is May 6, 2022. A protest may also serve as a motion to intervene so long as the protestor states it also seeks to be an intervenor.
