

those who do not have the means or desire to purchase or rent specialized equipment that is often needed for more remote, backcountry recreation experiences on public lands.

As analyzed in the field offices' business plans, the campsite fees and special area fees are consistent with other established fee sites in the regions including other BLM-administered sites and those managed by the United States Department of Agriculture—Forest Service, United States Department of the Interior—National Park Service, and Utah State Parks and Recreation.

In accordance with the BLM recreation fee program policy, the business plans explain agency management direction, the need for fee collection, and how the fees will be used at the sites. The BLM notified and involved the public at each stage of the planning process. The public was notified of a 30-day comment period on the draft campground business plans and the draft special area business plan through a BLM news release, letters mailed to local governments and major stakeholders, information on the BLM website and posted written notices at each fee site. The draft business plans were publicly available for review and comment on the BLM Utah business plan website.

Following FLREA guidelines, the Utah RRAC has reviewed and made recommendations for the new fee proposals. Fee amounts will be posted on-site and copies of the business plans will be available at the field offices, the BLM Utah State Office, and online. Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Authority: 16 U.S.C. 6802 and 43 CFR 2930.
