SUPPLEMENTARY INFORMATION: The applicant has applied for a Department of the Army permit under section 404 of the Clean Water Act to construct a residential and commercial development. The proposed project would be developed on approximately 3,828 acres south of Highway 50 in Rancho Cordova, Sacramento County. The project site is located south of White Rock Road, north of Douglas Road, and east of Sunrise Boulevard. The project consists of approximately 1200 high, medium and low density residential homes, 38 retail/commercial offices, 9 parks, 10 schools, and 2 wetland preserves and other open space areas. The proposed project site has a past history of grazing, landfill activities, gold mining, and rocket fuel testing. Approximately one-third of the site is grasslands, which have been used for grazing and contain vernal pool complexes and the upper reaches of Morrison Creek. Past gold mining in the 1920s and 1950s, and past landfill activities, have altered the remaining two-thirds of the site. Since mining ceased, the site was used to burn excess rocket fuel and test energetic material. Due to the rocket testing and propellant burning on the site, soil and groundwater at the site are known to contain trichloroethene (TCE) and other volatile organic compounds. The California Department of Toxic Substances Control has issued Imminent and Substantial Endangerment Orders to address the issue of TCE detected in a county well. The site has been divided into eleven primary study areas with responsibility for performing the required investigations divided between McDonnell Douglas and Aerojet General Corporation based upon previous usage. Soil and groundwater remediation continues to occur at the site.

A total of 74.61 acres of waters of the United States have been identified on the project site, including 37.02 acres of vernal pools, 20.44 acres of seasonal wetlands, 6.43 acres of riparian wetland, 6.47 acres of ponds, and 4.25 acres of stream channels. The applicant has applied to fill approximately 47 acres of these waters to construct the project. A 505-acre vernal pool/wetland preserve in the southern portion of the project, where the highest concentration of vernal pools exists on the project site, would be preserved. The preserve would contain 27.62 acres of waters of the United States. The applicant proposes to create approximately 22

acres of additional vernal pools in the preserve.

The Corps' public involvement program includes several opportunities to provide oral and written comments (See **DATES**). Affected Federal, state, local agencies, Indian tribes, and other interested private organizations and parties are invited to participate. Currently, potentially significant issues to be analyzed in depth in the DEIS include, loss of waters of the United States, including wetlands, cultural resources, biological resources, hazardous materials, air quality, surface and groundwater, water quality, noise, aesthetics, and socio-economic effects.

Except for on-site preserve alternatives, no specific on-site or off-site project alternatives have been identified. However, alternatives, including the no-project alternative, other locations and other site configurations, will be evaluated in the DEIS and in accordance with the section 404(b)(1) guidelines.

The Corps has initiated formal consultation with the U.S. Fish and Wildlife Service, under section 7 of the Endangered Species Act, for five Federally threatened or endangered species and one species proposed for listing that may be affected by the project. The Corps will also be consulting with the State Historic Preservation Officer under section 106 of the National Historic Preservation Act for potential impacts to properties listed, or potentially eligible for listing, on the National Register of Historic Places.

The Environmental Impact Statement will be prepared as a joint document with the City of Rancho Cordova. The City is the local agency responsible for preparing an Environmental Impact Report in compliance with the California Environmental Quality Act. The DEIS is expected to be released in March of 2005.

Army Federal Register Liaison Officer.

Notice of Proposed Information Collection Requests

AGENCY: Department of Education.

SUMMARY: The Leader, Regulatory Information Management Group, Office of the Chief Information Officer, invites comments on the proposed information collection requests as required by the Paperwork Reduction Act of 1995.

DATES: Interested persons are invited to submit comments on or before April 5, 2004.

SUPPLEMENTARY INFORMATION: Section 3506 of the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35) requires that the Office of Management and Budget (OMB) provide interested Federal agencies and the public an early opportunity to comment on information collection requests. OMB may amend or waive the requirement for public consultation to the extent that public participation in the approval process would defeat the purpose of the information collection, violate State or Federal law, or substantially interfere with any agency's ability to perform its statutory obligations. The Leader, Regulatory Information Management Group, Office of the Chief Information Officer, publishes that notice containing proposed information collection requests prior to submission of these requests to OMB. Each proposed information collection, grouped by office, contains the following: (1) Type of review requested, e.g. new, revision, extension, existing or reinstatement; (2) Title; (3) Summary of the collection; (4) Description of the need for, and proposed use of, the information; (5) Respondents and frequency of collection; and (6) Reporting and/or Recordkeeping burden. OMB invites public comment.

The Department of Education is especially interested in public comment addressing the following issues: (1) Is this collection necessary to the proper functions of the Department; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the Department enhance the quality, utility, and clarity of the information to be collected; and (5) how might the Department minimize the burden of this collection on the respondents, including through the use of information technology.

Dated: January 30, 2004.

Angela C. Arrington,

Leader, Regulatory Information Management Group, Office of the Chief Information Officer.

Type of Review: Revision.

Title: 2005 National Household Education Surveys Program (NHES:2005).

Frequency: One-time.

Affected Public: Individuals or household.

Reporting and Recordkeeping Hour Burden:

Responses: 2,350.

Burden Hours: 302.

Abstract: NHES:2005 is a survey of households using random-digit-dialing and computer-assisted telephone interviewing. Three topical surveys are to be conducted in NHES:2005: Early Childhood Program Participation (ECPP), After-School Programs and Activities (ASPA), and Adult Education and Lifelong Learning (AELL). ECPP and ASPA will provide current measures of participation in early childhood education, after-school programs, and other forms of nonparental care, as well as in-home and out-of-home activities. AELL will provide in-depth information on the participation of adults in a wide range of training and education activities.
