

respond: An estimated 114,001 respondents will prepare records for this collection once annually, and it will take each respondent approximately 3.05 hours to complete their responses.

(6) *An estimate of the total public burden (in hours) associated with the collection*: The estimated annual public burden associated with this collection is 347,703 hours, which is equal to 114,001 (total respondents) * 1 (# of response per respondent) * 3.05 hours (the total time taken to prepare each response).

(7) *An Explanation of the Change in Estimates*: The adjustment associated with this collection includes an increase in the total respondents and responses by 62,025, due to the addition of Type 01/02 firearms dealers and Type 03 firearms collectors. Consequently, the total burden hours have also increased by 189,176 since the last renewal in 2020.
