

issues and impacts include aesthetics, air quality, biological resources, heritage resources, paleontological resources, greenhouse gas emissions, fire, water quality, land use, noise, public services, recreation, socioeconomic and environmental justice, roadless areas (Cajon Roadless Area), and transportation. No determinations have yet been made as to the significance of these potential impacts; such determinations will be made in the environmental analysis conducted in the EIR/EIS after the issues are considered thoroughly. This overview is presented to assist the public and agencies in preparing written scoping comments.

Permits or Licenses Required

SoCalGas and SDG&E would be required to obtain any applicable discretionary and ministerial permits from federal, state, and local agencies prior to construction of the project. Those permits could include, but are not limited to, permits or certificates required by the Clean Water Act and administered by the United States Army Corps of Engineers and the State and Regional Water Resource Control Boards, permits related to the Clean Air Act administered by the State or Regional Air Quality Control Boards, and wildlife and habitat related permits administered by the United States Fish and Wildlife Service and California Department of Fish and Wildlife.

Invitation to Cooperating Agencies

The Forest Service invites federal, state, or local agencies and tribes to join as cooperating agencies. Requests for cooperating agency status may be submitted to Forest Supervisor Jody Noiron, San Bernardino National Forest, 602 S. Tippecanoe Ave., San Bernardino, CA 92408.

Scoping Process

The CPUC and Forest Service are initiating the joint CEQA/NEPA scoping process with this Notice of Intent and associated Joint Notice of Preparation/Scoping Notice. The comments received during scoping will help guide the development of the EIR/EIS. Three public meetings will be held during the scoping process to answer questions about the proposed project and to accept comments on the scope of the analysis. Meetings will be held at the following dates and locations:

1. October 27, 2015 from 6 to 8:30 p.m. at San Geronio High School, 2299 Pacific Street, San Bernardino, CA
2. October 28, 2015 from 6 to 8:30 p.m. at the Courtyard Marriott, 9619 Mariposa Road, Hesperia, CA

3. October 29, 2015 from 6 to 8:30 p.m. at the Moreno Valley Conference and Recreation Center, 14075 Frederick Street, Moreno Valley, CA

It is important that reviewers provide their comments at such times and in such a way that they are useful to the CPUC and Forest Service preparation of the EIR/EIS. Therefore, comments should be provided prior to the close of the comment period and should clearly articulate the reviewer's concerns and contentions.

Comments received during scoping, including names and addresses of those who comment, will be part of the public record for this proposed project. Comments submitted anonymously will be accepted and considered; however, anonymous comments will not provide the Forest Service with the ability to provide the respondent with subsequent environmental documents and will not provide the respondent standing to participate in subsequent administrative or judicial review of the Forest Service decision. This project will follow the predecisional administrative review process pursuant to 36 CFR 218, Subparts A and B.

Dated: September 28, 2015.

Jody Noiron,

Forest Supervisor, San Bernardino National Forest, USDA Forest Service.
