Food Safety and Inspection Service

Title: Accreditation of Laboratories, Transactions, and Exemptions.

OMB Control Number: 0583–0082.

Summary of Collection: The Food Safety and Inspection Service (FSIS) has been delegated the authority to exercise the functions of the Secretary as provided in the Federal Meat Inspection Act (FMIA) (21 U.S.C. 601, et seq.), the Poultry Products Inspection Act (PPIA) (21 U.S.C. 451, et seq.), and the Egg Products Inspection Act (EPIA) (21 U.S.C. 1031, et seq.). These statutes mandate that FSIS protect the public by ensuring that meat, poultry, and egg products are wholesome, not adulterated, and properly labeled and packaged. The Federal Meat Inspection Act (21 U.S.C. 642.), the Poultry Products Inspection Act (21 U.S.C. 460 (b)) requires certain parties to keep records that fully and correctly disclose all transactions involved in their businesses related to relevant animal carcasses and part. FSIS requires FSIS accredited non-Federal analytical laboratories to maintain certain paperwork and records. FSIS will collect information using several FSIS forms.

Need and Use of the Information: FSIS will collect information to ensure that all meat and poultry establishments produce safe, wholesome, and unadulterated product, and that non-federal laboratories accord with FSIS regulations. In addition, FSIS also collects information to ensure that meat and poultry establishments exempted from FSIS's inspection do not commingle inspected and non-inspected meat and poultry products, and to ensure that retail firms qualifying for a retail store exemption and who have violated the provision of the exemption are no longer in violation. If the information was not collected or collected less frequently it would reduce the effectiveness of the meat and poultry inspection program.

Description of Respondents: Business or other for-profit.

Number of Respondents: 26,176.

Frequency of Responses: Recordkeeping; Reporting: On occasion.

Total Burden Hours: 113,471.
