

percentage was not adequately addressing the particular event. Any GCF Repo net short settlement amount that exceeded the GCF Repo Event Parameter would be subject to a "GCF Repo Event Clearing Fund Premium" and a "GCF Repo Event Carry Charge."¹⁶

FICC would set 12% as the minimum percentage on which the GCF Repo Event Clearing Fund Premium would be based and 50 basis points as the minimum on which the GCF Repo Event Carry Charge would be based, and would have the discretion to increase these amounts during a GCF Repo Event if FICC believed that the minimums were not adequately addressing the particular GCF Repo Event.

FICC would retain the right to waive imposition of the GCF Repo Event Clearing Fund Premium and the GCF Repo Event Carry Charge if FICC determined, based on monitoring against the GCF Repo Event Parameters, that these measures were not necessary to protect FICC and its members.

4. Statutory Basis

FICC believes that the proposed rule change is consistent with the requirements of Section 17A of the Act¹⁷ and the rules and regulations thereunder applicable to FICC because it should allow GCF Repo participants to expand their use of the GCF Repo service to include GCF Repos done with dealers that clear at a different clearing bank in a manner that will support the prompt and accurate clearance and settlement of securities transactions.

B. Self-Regulatory Organization's Statement on Burden on Competition

FICC does not believe that the proposed rule change would have any impact or impose any burden on competition.

¹⁶ For example, assume that FICC has declared a GCF Repo Event, and on the day of implementation of the protective measures, Dealer A's average net short settlement amount is \$1 billion. This means that Dealer A's GCF Repo Event Parameter is \$1.4 billion. On the day of implementation of the protective measures, Dealer A's net settlement amount is \$1.9 billion, so the measures will be applied to \$500 million (*i.e.*, \$1.9 billion minus \$1.4 billion). If the percentage for the GCF Repo Event Collateral Premium is 12 percent and the GCF Repo Event Carry Charge is 50 basis points, Dealer A will pay a GCF Repo Event Clearing Fund Premium of \$60 million and a GCF Repo Event Carry Charge of \$6,944.44 on the day of implementation. On each succeeding day that the GCF Repo Event remains in effect, FICC will reevaluate, Dealer A's net settlement position.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

Written comments have not been solicited with respect to the proposed rule change, and none have been received. FICC will notify the Commission of any written comments it receives.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Within thirty-five days of the date of publication of this notice in the **Federal Register** or within such longer period (i) as the Commission may designate up to ninety days of such date if it finds such longer period to be appropriate and publishes its reasons for so finding or (ii) as to which the self-regulatory organization consents, the Commission will:

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, Nasdaq included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

Under current Commission rules, a foreign private issuer⁴ that files financial statements with the Commission that are prepared on a basis other than U.S. generally accepted accounting principals ("U.S. GAAP") is required to include a reconciliation to U.S. GAAP. Similarly, Nasdaq's rules require a foreign private issuer to evidence compliance with the listing standards based on financial measures prepared in accordance with U.S. GAAP or reconciled to U.S. GAAP.⁵

The Commission has recently approved a rule change to eliminate the requirement for a U.S. GAAP reconciliation for foreign private issuers that file financial statements prepared in accordance with International Financial Reporting Standards ("IFRS"), as issued by the International Accounting Standards Board ("IASB").⁶ These

changes apply only to foreign private issuers that file on Form 20-F, regardless of whether the issuer complies with IFRS as issued by the IASB voluntarily or in accordance with the requirements of the issuer's home country regulator or the exchange on which its securities are listed.⁷ A foreign private issuer will continue to be required to provide a reconciliation to U.S. GAAP if its financial statements include deviations from IFRS as issued by the IASB, if it does not state unreservedly and explicitly that its financial statements are in compliance with IFRS as issued by the IASB, if the auditor does not opine on compliance with IFRS as issued by the IASB, or if the auditor's report contains any qualification relating to compliance with IFRS as issued by the IASB.⁸ The Commission's rules are applicable to annual financial statements for financial years ending after November 15, 2007, and to interim periods within those years, that are contained in filings made after March 4, 2008.⁹

To allow foreign private issuers to take full advantage of this development, Nasdaq proposes changes to allow such issuers to evidence compliance with Nasdaq's listing requirements on the same basis as permitted by the Commission.

Nasdaq believes that requiring companies to provide a U.S. GAAP reconciliation in order to obtain and maintain a listing on Nasdaq when they are no longer required to do so under Commission rules may result in issuers choosing not to list in the U.S. and so deny U.S. investors the ability to easily invest in such issuers. The proposed rule change would be compatible with the Commission's stated goal "to facilitate cross-border capital formation while ensuring adequate disclosure for the protection of investors and the

their reporting requirements through the provision of financial statements prepared in accordance with IFRS instead of U.S. GAAP. See Securities Exchange Act Release No. 56217 (August 7, 2007), 72 FR 45600 (August 14, 2007). This proposed Nasdaq rule change would be applicable only to foreign private issuers and would not apply to domestic U.S. companies.

⁷ IFRS/IASB Adopting Release at 992.

⁸ *Id.* at 993. A foreign private issuer using a jurisdictional or other variation of IFRS will be able to rely on the amendments if that issuer also is able to state compliance with both IFRS as issued by the IASB and a jurisdictional variation of IFRS (and does so state), and its auditor opines that the financial statements comply with both IFRS as issued by the IASB and the jurisdictional variation, as long as the statement relating to the former is unreserved and explicit. *Id.*

⁹ *Id.* at 994.

³ Changes are marked to the rule text that appears in the electronic manual of Nasdaq found at <http://nasdaq.complinet.com>.

⁴ A "foreign private issuer" is an issuer, other than a foreign government, that is incorporated in a foreign country and either: (i) Has a majority of its voting securities held other than by United States residents, or (ii) a majority of its executives are not United States citizens/residents, a majority of its assets are located outside of the United States and its business is principally administered outside the United States. See Securities Exchange Act Rule 3b-4(c), 17 CFR 240.3b-4(c).

⁵ Nasdaq Rule 4320(e)(2)(C).

⁶ See Securities Exchange Act Release No. 57026 (December 21, 2007), 73 FR 986 (January 4, 2008) (the "IFRS/IASB Adopting Release"). See also Securities Exchange Act Release No. 55998 (July 2, 2007), 72 FR 37962 (July 11, 2007) (the "IFRS/IASB Proposing Release"). The Commission is also considering whether to allow U.S. issuers to satisfy

promotion of fair, orderly and efficient markets.”¹⁰

2. Statutory Basis

Nasdaq believes that the proposed rule change is consistent with the provisions of section 6 of the Act,¹¹ in general, and with section 6(b)(5) of the Act,¹² in particular. Section 6(b)(5) requires that an exchange's rules be designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, and, in general, to protect investors and the public interest. Nasdaq believes that the proposed rule change is consistent with these requirements in that modifying the U.S. GAAP reconciliation requirements will ease the burden of compliance on foreign private issuers, in a manner consistent with proposed changes to the federal securities laws, and will not adversely affect investors.

B. Self-Regulatory Organization's Statement on Burden on Competition

Nasdaq does not believe that the proposed rule change will result in any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

Written comments were neither solicited nor received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Within 35 days of the date of publication of this notice in the **Federal Register** or within such longer period (i) as the Commission may designate up to 90 days of such date if it finds such longer period to be appropriate and publishes its reasons for so finding or (ii) as to which the self-regulatory organization consents, the Commission will:

A. By order approve such proposed rule change; or

B. institute proceedings to determine whether the proposed rule change should be disapproved.

arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:
