17. The authority citation for part 74 continues to read:

Authority: 47 U.S.C. 154, 303, 307, and 554.

18. Section 74.1233 is amended by adding paragraphs (b)(3) and (b)(4); revising paragraph (c)(1); removing paragraph (e)(4) and revising paragraphs (e)(3) introductory text, (e)(3), (i), (e)(3) (ii), and (e)(3)(iii) to read as follows:

§ 74.1233 Processing FM translator and booster station applications.

* * * * *

(b) * * *

(3) Applications for reserved band FM translator stations will be processed using filing window procedures. The FCC will specify by Public Notice, a period for filing reserved band FM translator applications for a new station or for major modifications in the facilities of an authorized station. FM translator applications for new facilities or for major modifications will be accepted only during these specified periods. Applications submitted prior to the window opening date identified in the Public Notice will be returned as premature. Applications submitted after the specified deadline will be dismissed with prejudice as untimely.

(4) Timely filed applications for new facilities or for major modifications for reserved band FM Translators will be processed pursuant to the procedures set forth in subpart K of Part 73 (§ 73.7000 *et seq.*) Subsequently, the FCC will release Public Notices identifying: mutually exclusive groups of applications; applications received during the window filing period which are found to be non-mutually exclusive; tentative selectees determined pursuant to the point system procedures set forth in § 73.7003 of this chapter; and acceptable applications. The Public Notices will also announce: additional procedures to be followed for certain groups of applications; deadlines for filing additional information; and dates by which petitions to deny must be filed in accordance with the provisions of § 73.7004 of this chapter. If the applicant is duly qualified, and upon examination, the FCC finds that the public interest, convenience and necessity will be served by the granting

of the application, it will be granted. If an application is found not to be acceptable for filing, the application will be returned, and subject to the amendment requirements of § 73.3522 of this chapter.

(c) * * *

(1) There is not pending a mutually exclusive application.

(e) * * *

(3) Where there are no available frequencies to substitute for a mutually exclusive application, the FCC will apply the same point system identified for full service reserved band FM stations in § 73.7003(b) of this chapter. In the event of a tie, the FCC will consider:

(i) Each applicant's number of existing FM translator authorizations (licenses and construction permits) of the same type (fill-in or non fill-in as defined in paragraphs (e)(1) and (e)(2) of this section) as of the time of application shall be compared, and the applicant with the fewest authorizations will be chosen as tentative selectee;

(ii) If a tie remains, after the tie breaker in paragraph (c)(3)(i) of this section, the remaining applicant with the fewest pending new and major change applications for FM translators of the same type (fill-in or non fill-in) will be chosen as tentative selectee;

(iii) Where the procedures in paragraphs (e)(1), (e)(2) and (e)(3)(i) and (e)(3)(ii) of this section fail to resolve the mutual exclusivity, the applications will be processed on a first-come-first-served basis.
