

FOR FURTHER INFORMATION CONTACT: Michael Chesney, Acting Regional Administrator, FEMA Region 5, 536 S Clark Street, 6th Floor, Chicago, IL 60605. Phone: 312-408-5501; email: FEMA-publiccomment-Palisades@fema.dhs.gov.

SUPPLEMENTARY INFORMATION: In support of the Federal requirement for radiological emergency response plans, FEMA’s regulations at 44 CFR part 350 describe the agency’s procedures for review and approval of State and local governments’ radiological emergency response plans. FEMA is publishing this notice pursuant to 44 CFR 350.8. The FEMA Region 5 office received the State’s application including the radiological emergency response plan for the State of Michigan on May 30, 2025.

The State’s application includes plans for local governments which are wholly or partially within the plume exposure pathway emergency planning zones of the nuclear plant. For the Palisades Nuclear Generating Station, plans are included for Allegan, Berrien, and Van Buren Counties.

FEMA’s regulations at 44 CFR 350.10 call for a public meeting prior to approval of the plans. Details of this meeting will be announced in advance. Local newspapers, radio, and television stations will provide notice to the public in advance of the meeting.

Authority: The Robert T. Stafford Disaster Relief and Emergency Assistance Act, as amended, 42 U.S.C. 5121 *et seq.*; 6 U.S.C. 101 *et seq.*; and 44 CFR part 350.

Michael S. Chesney,
*Acting Regional Administrator, Region 5,
Federal Emergency Management Agency.*

Endangered and Threatened Species;
Receipt of Recovery Permit
Applications

AGENCY: Fish and Wildlife Service,
Interior.

ACTION: Notice of receipt of permit applications; request for comments.

SUMMARY: We, the U.S. Fish and Wildlife Service, have received applications for permits to conduct scientific research to promote conservation or other activities intended to enhance the propagation or survival of endangered or threatened species under the Endangered Species Act. We invite the public and local, State, Tribal, and Federal agencies to comment on these applications. Before issuing any of the requested permits, we will take into consideration any information that we receive during the public comment period.

DATES: We must receive written data or comments on or before August 11, 2025.

ADDRESSES: Use one of the following methods to request documents or submit comments. Requests and comments should specify the applicant’s name(s) and application number(s) (*e.g.*, Smith, PER0123456 or Jones, ES-056001):

- *Email:* permitsR6ES@fws.gov.
- *U.S. Mail:* Tom McDowell, Division Manager, Ecological Services, U.S. Fish and Wildlife Service, P.O. Box 25486 DFC, Denver, CO 80225.

FOR FURTHER INFORMATION CONTACT: Robert Krijgsman, Recovery Permits Coordinator, Ecological Services, 303-236-4347 (phone) or permitsR6ES@fws.gov (email). Individuals in the United States who are deaf, deafblind, hard of hearing, or have a speech disability may dial 711 (TTY, TDD, or TeleBraille) to access telecommunications relay services. Individuals outside the United States should use the relay services offered within their country to make international calls to the point-of-contact in the United States.

SUPPLEMENTARY INFORMATION: We, the U.S. Fish and Wildlife Service, invite review and comment from the public and local, State, Tribal, and Federal agencies on applications we have received for permits to conduct certain activities with endangered and threatened species under section 10(a)(1)(A) of the Endangered Species Act of 1973, as amended (ESA; 16 U.S.C. 1531 *et seq.*), and our regulations in the Code of Federal Regulations (CFR) at 50 CFR part 17. Documents and

other information submitted with the applications are available for review, subject to the requirements of the Privacy Act of 1974, as amended (5 U.S.C. 552a) and the Freedom of Information Act (5 U.S.C. 552).

Background

With some exceptions, the ESA prohibits take of listed species unless a Federal permit is issued that authorizes such take. The ESA’s definition of “take” includes such activities as pursuing, harassing, trapping, capturing, or collecting, in addition to hunting, shooting, harming, wounding, or killing.

ESA recovery permit issued by us under section 10(a)(1)(A) of the ESA authorizes the permittee to take endangered or threatened species while engaging in activities that are conducted for scientific purposes that promote recovery of species or for enhancement of propagation or survival of species. These activities often include the capture and collection of species, which would result in prohibited take if a permit were not issued. Our regulations implementing section 10(a)(1)(A) for these permits are found at 50 CFR 17.22 for endangered wildlife species, 50 CFR 17.32 for threatened wildlife species, 50 CFR 17.62 for endangered plant species, and 50 CFR 17.72 for threatened plant species.

Permit Applications Available for Review and Comment

The ESA requires that we invite public comment before issuing these permits. Accordingly, we invite local, State, Tribal, and Federal agencies and the public to submit written data, views, or arguments with respect to these applications. The comments and recommendations that will be most useful and likely to influence agency decisions are those supported by quantitative information or studies. Proposed activities in the following permit requests are for the recovery and enhancement of propagation or survival of the species in the wild.

Notice of Public Meeting of Scientific Earthquake Studies Advisory Committee

AGENCY: U.S. Geological Survey, Interior.

ACTION: Notice of teleconference meeting.

SUMMARY: In accordance with the Federal Advisory Committee Act of 1972, the U.S. Geological Survey (USGS) is hereby giving notice that the Scientific Earthquake Studies Advisory Committee (SESAC) will meet as noted below.

DATES: The teleconference meetings will be held on Wednesday, July 30, 2025, from 11 a.m. to 5 p.m. Eastern Daylight Time (EDT); and on Thursday, July 31, 2025, from 11 a.m. to 5 p.m. EDT.

ADDRESSES: The meetings will be held via teleconference. Individuals that wish to participate must contact the person listed in the **FOR FURTHER INFORMATION CONTACT** at least three (3) business days prior to the meeting.

FOR FURTHER INFORMATION CONTACT: Dr. Gavin Hayes, USGS, by email at ghayes@usgs.gov or by telephone at 303–374–4449.

Individuals in the United States who are deaf, deafblind, hard of hearing, or have a speech disability may dial 711 (TTY, TDD, or TeleBraille) to access telecommunications relay services. Individuals outside the United States should use the relay services offered within their country to make international calls to the point-of-contact in the United States.

SUPPLEMENTARY INFORMATION: The teleconference meeting will be open to the public. The SESAC will review the current activities of the USGS Earthquake Hazards Program (EHP) and discuss future priorities. Agenda topics will include an EHP update, administration priorities and interactions, budget opportunities, balance of activities supported by the EHP, external grants, the National Earthquake Hazards Reduction Program, the National Seismic Hazards Model, ShakeAlert, reports from SESAC subcommittees, and preparation for a report to the USGS Director.

Meeting Accessibility/Special Accommodations: Please make requests in advance for sign language interpreter services, assistive listening devices, or other reasonable accommodations. We ask that you contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section of this notice at least seven (7) business days prior to the meeting to give the Department of the Interior sufficient time to process your request. All reasonable accommodation requests are managed on a case-by-case basis.

Members of the public wishing to participate in the teleconference meeting should contact Dr. Gavin Hayes by email at ghayes@usgs.gov at least three (3) business days prior to the meeting. Teleconference meeting call-in information and any updates to the

agenda will be provided via email to registered participants.

Time will be allowed at the public meeting for any individual or organization wishing to make formal oral comments. Depending on the number of people who wish to speak and the time available, the time for individual comments may be limited.

Written comments for the SESAC may be sent electronically in advance of the scheduled meeting to Dr. Gavin Hayes by email at ghayes@usgs.gov at least three (3) business days prior to the meeting. Any written comments received will be provided to the SESAC members.

Public Disclosure of Comments: Before including your address, phone number, email address, or other personally identifiable information (PII) in your comment, you should be aware that your entire comment—including your PII—may be made publicly available at any time. While you may ask us in your comment to withhold your PII from public review, we cannot guarantee that we will be able to do so.

Detailed minutes of the meeting will be available for public inspection within 90 days of the meeting.

(Authority: 5 U.S.C. 10.)
