Office of Refugee Resettlement Grant to the New York Office of Temporary and Disability Assistance, Bureau of Refugee and Immigrant Affairs

AGENCY: Office of Refugee Resettlement, HHS.

ACTION: Grant award announcement.

SUMMARY: Notice is hereby given that an award is being made to the New York Office of Temporary and Disability Assistance, Bureau of Refugee and Immigrant Affairs, Albany, New York in the amount of \$3,000,000 to provide funds to refugees in the New York City area in need of employment assistance due to the economic impact of the September 11, 2001 attack on the World Trade Center. The events of September 11th have caused disruptions in refugee employment as a result of the economic downturn in New York City. Many of the New York City businesses that traditionally provide employment to refugees are located in lower Manhattan. A number of hotels and restaurants that employ refugees were damaged or destroyed. Many refugees have experienced lay-offs in the hotel and service industry. These unemployed refugees are now unable to find new jobs because newly unemployed skilled workers have begun to compete for entry level jobs.

Many of these refugees arrived in the United States some time ago and are no longer eligible for refugee cash assistance (RCA) and refugee medical assistance (RMA). The New York Bureau of Refugee and Immigrant Affairs will provide funds to New York City refugee service providers for mental health services, employment training and assistance for displaced workers, community and employer outreach and education, transportation assistance, and direct assistance.

After the appropriate reviews, it has been determined that the need for additional services is compelling. The period of this funding will extend through July 31, 2003.

Director, Office of Refugee Resettlement.

SUMMARY: On March 29, 2002, Ronald Johnston, Program Director, Central Utah Project Completion Act Office, Department of the Interior (Interior), signed the Finding of No Significant Impact (FONSI) which documents the selection of the Proposed Action Modifications as presented in the Final Environmental Assessment for the Diamond Fork System 2002 Proposed Action Modifications (2002 Modifications EA). Interior has determined that implementing the modifications to the Proposed Action Alternative described in the 2002 Modifications EA will not have a significant impact on the quality of the human environment and that an environmental impact statement is not required.

The following features will be constructed as part of the modifications to the Proposed Action: (1) Sixth Water Connection; (2) Tanner Ridge Tunnel; (3) Upper Diamond Fork Pipeline; (4) Upper Diamond Fork Flow Control Structure; (5) Upper Diamond Fork Shafts; (6) Aeration Chamber and Connection to Upper Diamond Fork Tunnel; (7) Upper Diamond Fork Tunnel; and (8) Diamond Fork Flow Control Facility.

The Proposed Action Modifications will be operated on an interim basis the same as described in the July 1999 Diamond Fork System Final Supplement to the Final Environmental Impact Statement, including the quantity and timing of minimum streamflows and the flexibility to other operational scenarios, except for the discharge location of the minimum streamflows into Diamond Fork Creek.
