SUPPLEMENTARY INFORMATION: The ACOT provides advice and recommendations to the Secretary of HHS (Secretary) on all aspects of organ donation, procurement, allocation, and transplantation, and on such other matters that the Secretary determines. ACOT is authorized by 42 U.S.C. 217a; Section 222 of the Public Health Service Act, as amended; 42 CFR 121.12.

The Committee is governed by provisions of the FACA, Public Law 92-463 (5 U.S.C. App. 2), which sets forth standards for the formation of advisory committees. The recommendations of the ACOT inform HHS programs and activities to support organ donation and transplantation. ACOT's recent recommendations in support of expanding reimbursement of living organ donor expenses were cited as a key part of the rationale for recent proposed HHS actions to expand this activity consistent with the President's Executive Order on Advancing American Kidney Health. The charter renewal for the ACOT was approved on August 31, 2020, which will also stand as the filing date. Renewal of the ACOT charter gives authorization for the committee to operate until August 31, 2022.

A copy of the ACOT charter is available on the ACOT website at <https://www.organdonor.gov/about-dot/acot.html>. A copy of the charter also can be obtained by accessing the FACA database that is maintained by the Committee Management Secretariat under the General Services Administration. SUPPLEMENTARY INFORMATION: ACHDNC provides advice and recommendations to the Secretary of HHS (Secretary) on the development of newborn screening activities, technologies, policies, guidelines, and programs for effectively reducing morbidity and mortality in newborns and children having, or at risk for, heritable disorders.

In addition, the Committee provides advice and recommendations to the Secretary concerning grants, projects and technical information to develop policies and priorities for grants, including those that will enhance the ability of the state and local health agencies to provide for newborn and child screening, counseling, and health care services for newborns, and children having or at risk for heritable disorders. The Committee meets four times each calendar year, or at the discretion of the Designated Federal Officer in consultation with the ACHDNC Chair. The Committee's recommendations regarding additional conditions/inherited disorders for screening that have been adopted by the Secretary are included in the RUSP and constitute part of the comprehensive guidelines supported by HRSA pursuant to section 2713 of the PHS Act, codified at 42 U.S.C. 300gg-13. The following information must be included in the package of materials submitted for each individual being nominated for consideration: (1) A statement that includes the name and affiliation of the nominee and a clear statement regarding the basis for the nomination, including the area(s) of demonstrated expertise or concern that may support eligibility of a nominee for service on the Committee, as described above; (2) confirmation the nominee is willing to serve as a member of the Committee; (3) the nominee's contact information (please include home address, work address, daytime telephone number, and an email address); and (4) a current copy of the nominee's curriculum vitae. Appointments shall be made without discrimination on the basis of age, race, color, national origin, sex, disability, or religion.

Individuals who are selected to be considered for appointment will be required to provide detailed information regarding their financial holdings, consultancies, and research grants or contracts. AGENCY: Office of the Secretary, Department of Health and Human Services.

ACTION: Notice.

SUMMARY: On October 9, 2019, the President issued Executive Order (E.O.) 13891: Promoting the Rule of Law Through Improved Agency Guidance Document. This E.O. requires all Federal Agencies to establish an on-line guidance portal and to rescind any guidance documents that are no longer active or valid.

SUPPLEMENTARY INFORMATION: The Department of Health and Human Services is updating its Notice published on July 2, 2020 regarding Executive Order 13891. In that Notice, HHS made available its guidance portal which included all active guidance documents across HHS's 27 Operating and Staff Divisions. That Notice brought awareness that while many of the Centers for Medicare and Medicaid's (CMS) active guidance documents were included, it was not reflective of CMS's full inventory. OMB had granted CMS an extension until July 31, 2020 to fully populate the database to reflect CMS's full inventory of active guidance documents.

This Notice informs of an additional OMB extension granted to the Centers for Medicare and Medicaid (CMS) until September 30, 2020 to fully populate all of its inventory of active guidance documents.
