Federal Register

Vol. 85, No. 109

Friday, June 5, 2020

This section of the FEDERAL REGISTER contains documents other than rules or proposed rules that are applicable to the public. Notices of hearings and investigations, committee meetings, agency decisions and rulings, delegations of authority, filing of petitions and applications and agency statements of organization and functions are examples of documents appearing in this section.

DEPARTMENT OF AGRICULTURE

Agricultural Marketing Service

[Doc. No. AMS-SC-20-0048]

Notice of Request for Extension and Revision of a Currently Approved Information Collection

AGENCY: Agricultural Marketing Service, USDA.

ACTION: Notice and request for comments.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, this notice announces the Agricultural Marketing Service's (AMS) intention to request approval from the Office of Management and Budget for an extension of and revision to the currently approved information collection for the Child Nutrition Labeling Program.

DATES: Comments on this notice must be received by August 4, 2020.

ADDRESSES: Interested persons are invited to submit written comments at <http://www.regulations.gov> or to the Contract Services Branch, Specialty Crops Inspection Division, USDA Specialty Crops Program, STOP 0247, 1400 Independence Avenue SW, Washington, DC 20250-0247. Comments should reference the dates and page number of this issue of the **Federal Register**, and will be made available for public inspection at <http://www.regulations.gov> and in the above office during regular business hours.

FOR FURTHER INFORMATION CONTACT: Patricia Tung-Tayman, Contract Services Branch, Specialty Crops Inspection Division, telephone (202) 720-0367 and FAX (202) 720-3704.

SUPPLEMENTARY INFORMATION:

Title: Child Nutrition Labeling Program.

OMB Number: 0581-0261.

Expiration Date of Approval: 3 years from approval.

Type of Request: Extension and revision of a currently approved information collection.

Abstract: The Child Nutrition (CN) Labeling Program is a voluntary technical assistance service that helps schools and institutions participating in the National School Lunch Program (NSLP), School Breakfast Program (SBP), Child and Adult Care Food Program (CACFP), and Summer Food Service Program (SFSP) determine a product's contribution toward the food-based meal pattern requirements. (See Appendix C to 7 CFR parts 210, 220, 225, and 226 for more information on these programs.) A CN label on a product assures schools and other Child Nutrition Program operators that the product contributes to the meal pattern requirements as printed on the label. There is no Federal requirement for commercial products to have a CN label statement in order to be included in meals served by schools and institutions. The label review program transferred from the Food and Nutrition Service to AMS in 2010.

To participate in the CN Labeling Program, a manufacturer submits a label application to AMS for evaluation. AMS reviews the product formulation to determine the contribution a serving of the product makes towards the food-based meal pattern requirements. The application form submitted to AMS is the same form that a manufacturer submits to the USDA's Food Safety and Inspection Service (FSIS) Labeling and Program Delivery Division for review of meat and poultry labels. Participation in the CN Labeling Program is voluntary; manufacturers who wish to place a CN label on their products must comply with CN Labeling Program requirements.

Estimate of Burden: Public reporting burden for this collection of information is estimated to average 15 minutes per response.

Respondents: Manufacturers who produce food for the school foodservice.
Estimated Number of Respondents: 262.

Estimated Total Annual Responses: 1,048.

Estimated Number of Responses per Respondent: 4.

Estimated Total Annual Burden on Respondents: 262 hours.

Comments are invited on: (1) Whether the proposed collection of information

is necessary for the proper performance of the functions of the agency, including whether the information has practical utility; (2) the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) ways to minimize the information collection burden on those who respond, including the use of appropriate automated, electronic, mechanical, or other technological collection techniques.

All comments on this notice will be summarized and included in the request for OMB approval, and become a matter of public record.

Bruce Summers,

Administrator, Agricultural Marketing Service.

DEPARTMENT OF AGRICULTURE

Submission for OMB Review; Comment Request

June 2, 2020.

The Department of Agriculture has submitted the following information collection requirement(s) to OMB for review and clearance under the Paperwork Reduction Act of 1995, Public Law 104-13. Comments are required regarding; whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; the accuracy of the agency's estimate of the burden including the validity of the methodology and assumptions used; ways to enhance the quality, utility and clarity of the information to be collected; and ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

Comments regarding this information collection received by July 6, 2020 will be considered. Written comments and recommendations for the proposed information collection should be

submitted within 30 days of the publication of this notice on the following website www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting “Currently under 30-day Review—Open for Public Comments” or by using the search function.

An agency may not conduct or sponsor a collection of information unless the collection of information displays a currently valid OMB control number and the agency informs potential persons who are to respond to the collection of information that such persons are not required to respond to the collection of information unless it displays a currently valid OMB control number.

Farm Service Agency

Title: Power of Attorney.

OMB Control Number: 0560–0190.

Summary of Collection: Individuals or authorized representatives of entities wanting to appoint another to act as their attorney-in-fact in connection with certain Farm Service Agency (FSA), Commodity Credit Corporation (CCC), and Risk Management Agency (RMA) programs, Federal Crop Insurance Corporation (FCIC), Natural Resources Conservation Service (NRCS) and related actions must complete a Power of Attorney form and Extension Sheet to accommodate additional signatures (FSA–211/211A). The FSA–211/211A serves as evidence that the grantor has appointed another to act on their behalf for certain FSA, CCC, FCIC, RMA, and NRCS programs and related actions giving the appointee legal authority to enter into binding agreements on the grantor’s behalf.

Need and Use of the Information: FSA will collect information to verify an individual’s authority to sign and act for another in the event of errors or fraud that requires legal remedies. The information collected on the FSA–211/211A is limited to the grantor’s name, signature, and identification number, the grantee’s name, address, and the applicable FSA, CCC, FCIC, NRCS, and RMA programs or transactions.

Description of Respondents: Individuals or households.

Number of Respondents: 12,000.

Frequency of Responses: Reporting: Other (once).

Total Burden Hours: 6,224.

Ruth Brown,

Departmental Information Collection Clearance Officer.

Submission for OMB Review; Comment Request

June 1, 2020.

The Department of Agriculture has submitted the following information collection requirement(s) to OMB for review and clearance under the Paperwork Reduction Act of 1995, Public Law 104–13. Comments are requested regarding whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; the accuracy of the agency’s estimate of burden including the validity of the methodology and assumptions used; ways to enhance the quality, utility and clarity of the information to be collected; and ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

Comments regarding this information collection received by July 6, 2020 will be considered. Written comments and recommendations for the proposed information collection should be submitted within 30 days of the publication of this notice on the following website www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting “Currently under 30-day Review—Open for Public Comments” or by using the search function.

An agency may not conduct or sponsor a collection of information unless the collection of information displays a currently valid OMB control number and the agency informs potential persons who are to respond to the collection of information that such persons are not required to respond to the collection of information unless it displays a currently valid OMB control number.

Food Safety and Inspection Service

Title: In-Home Food Safety Behaviors and Consumer Education: Annual Observational Study.

OMB Control Number: 0583–0169.

Summary of Collection: The U.S. Department of Agriculture’s (USDA) Food Safety and Inspection Service (FSIS) has been delegated the authority to exercise the functions of the Secretary of Agriculture (7 CFR 2.18, 2.53), as specified in the Federal Meat Inspection Act the Poultry Products Inspection Act (21 U.S.C. 453, *et seq.*, 601 *et seq.*) FSIS

protects the public by verifying that meat, poultry, and processed egg products are wholesome; not adulterated; and properly marked, labeled, and packaged. USDA FSIS’ Office of Public Affairs and Consumer Education (OPACE) ensures that all segments of the farm-to-table chain receive valuable food safety information. The consumer education programs developed by OPACE’s Food Safety Education Staff inform the public on how to safely handle, prepare, and store meat, poultry, and egg products to minimize incidence or foodborne illness. To inform the development of food safety communication products and to evaluate public health education and communication activities, FSIS is requesting approval to renew the information collection to conduct observational studies using an experimental design.

Need and Use of the Information: The observational studies will help FSIS assess adherence to the four recommended food safety behaviors of clean, separate, cook, and chill; determine whether food safety messaging focused on those behaviors affects consumer food safety handling behaviors; and determine whether consumers introduce cross-contamination during food preparation. The results of this research will be used to enhance messaging and accompanying materials to improve food safety behaviors of consumers.

Description of Respondents:

Individuals or households.

Number of Respondents: 1,600.

Frequency of Responses: Reporting: Annually.

Total Burden Hours: 1,036.

Food Safety and Inspection Service

Title: State Meat and Poultry Inspection Programs.

OMB Control Number: 0583–0170.

Summary of Collection: The Food Safety and Inspection Service (FSIS) has been delegated the authority to exercise the functions of the Secretary as provided in the Federal Meat Inspection Act (FMIA) (21 U. S.C. 601 *et seq.*) and the Poultry Products Inspection Act (PPIA) (21 U.S.C. 451, *et seq.*) These statutes mandate that FSIS protect the public by ensuring that meat and poultry products are safe, wholesome, not adulterated, and properly labeled and packaged.

Need and Use of the Information: FSIS collects information from federally-assisted State Meat and Poultry Inspection programs to ensure that their programs operate in a manner that is at least equal to FSIS’s Federal inspection program in the protection of
