**SUPPLEMENTARY INFORMATION:** The process of closing out a terminated pension plan or other retirement plan involves the disposition of plan assets to satisfy the benefits of plan participants and beneficiaries. One difficulty faced

by plan administrators in closing out terminated plans is how to provide for the benefits of missing persons. Section 4050 of ERISA and 29 CFR part 4050 establishes a program under which the Pension Benefit Guaranty Corporation (PBGC) holds the retirement benefits for missing participants and beneficiaries in terminated plans and seeks to reunite those participants and beneficiaries with the benefits being held for them. The program is applicable to certain defined benefit (DB) pension plans covered by PBGC's single-employer or multiemployer insurance programs, and to defined contribution (DC) plans and small professional service DB plans not covered by PBGC's insurance programs.

The Missing Participant Program (MPP) for each of the four types of plans follows the same basic design. The most prominent difference among them lies in the mandatory or voluntary nature of the program. For plans covered by the title IV insurance programs, participation in the MPP is mandatory. For plans not covered by the title IV insurance programs, PBGC's regulation permits, but does not require, such plans to participate in the MPP.

PBGC needs information from plans that participate in the MPP to identify the plans and the missing participants and beneficiaries, to search for missing participants and beneficiaries, to determine the persons entitled to benefits that the plans transfer to PBGC and the forms and amounts of benefits payable, and to refer claimants of benefits being held elsewhere to the institutions holding the benefits.

PBGC intends to make the following modifications to the information collection in this renewal:

- PBGC is proposing a requirement for plans that are filing information about more than five missing individuals (participants or beneficiaries) to provide that information in a spreadsheet file. PBGC provides a user-friendly template that may be used for this purpose.

- PBGC is adding a question to the DB plan forms (MP-100, 300, and 400) asking if the plan has a default beneficiary provision, and, if yes, requiring an attachment of it. (This question is already on the DC plan form (MP-200)).

- PBGC is updating references on the DB plan forms and instructions that relate to de minimis benefit amounts of \$5,000 or less to reflect the change under section 304 of the SECURE 2.0
