Federal Register

Vol. 78, No. 185

Tuesday, September 24, 2013

This section of the FEDERAL REGISTER contains documents other than rules or proposed rules that are applicable to the public. Notices of hearings and investigations, committee meetings, agency decisions and rulings, delegations of authority, filing of petitions and applications and agency statements of organization and functions are examples of documents appearing in this section.

DEPARTMENT OF AGRICULTURE

Submission for OMB Review; Comment Request

September 19, 2013.

The Department of Agriculture has submitted the following information collection requirement(s) to OMB for review and clearance under the Paperwork Reduction Act of 1995, Public Law 104-13. Comments regarding (a) whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) the accuracy of the agency's estimate of burden including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility and clarity of the information to be collected; (d) ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology should be addressed to: Desk Officer for Agriculture, Office of Information and Regulatory Affairs, Office of Management and Budget (OMB), New Executive Office Building, 725-17th Street NW., Washington, DC 20502. Commenters are encouraged to submit their comments to OMB via email to: OIRA_Submission@omb.eop.gov or fax (202) 395-5806 and to Departmental Clearance Office, USDA, OCIO, Mail Stop 7602, Washington, DC 20250-7602. Comments regarding these information collections are best assured of having their full effect if received by October 24, 2013. Copies of the submission(s) may be obtained by calling (202) 720-8681.

An agency may not conduct or sponsor a collection of information unless the collection of information displays a currently valid OMB control

number and the agency informs potential persons who are to respond to the collection of information that such persons are not required to respond to the collection of information unless it displays a currently valid OMB control number.

Rural Housing Service

Title: 7 CFR 1980-D, Rural Housing Loans.

OMB Control Number: 0575-0078.

Summary of Collection: The Rural Housing Service (RHS) is a credit agency for Rural Development for the U.S. Department of Agriculture. Section 517(d) of Title V of the Housing Act of 1949, as amended, (Act) provides the authority for the Secretary of Agriculture to issue loan guarantees for the acquisition of new or existing dwellings and related facilities to provide decent, safe, and sanitary living conditions and other structures in rural areas. The Act also authorizes the Secretary to pay the holder of a guaranteed loan the difference between the rate of interest paid by the borrower and the market rate of interest.

Congress passed Public Law 111-212, Supplemental Disaster Relief and Summer Jobs Act of 2010 which authorized the Agency to assess an annual fee in an effort to maintain a budget-neutral loan program. Effective in fiscal year 2011, the Agency began assessing an annual fee against newly closed guaranteed loans. The program introduced an electronic method for lenders to pay the annual fee through the Guaranteed Annual Fee (GAF) system. This new Web-based system allows loan servicers to authorize pre-authorized debit (PAD) payments as well as review annual fee advance notice, billing, and payment reconciliation details for guaranteed loans that they service.

Need and Use of the Information:

Information collected is used to determine if borrowers qualify for all assistance. Eligibility for this program includes very low, low, and moderate-income families or persons whose income does not exceed 115 percent of the median income for the area. The information requested by RHS includes borrower financial information such as household income, assets and liabilities, and monthly expenses. Information requested on lenders is required to ensure lenders are eligible to participate in the GRH program and are in

compliance with OMB Circular A-129. If the information collected was less frequent or not at all, the agency could not effectively monitor lenders and assess the program.

Description of Respondents:

Individuals or households; Business or other for-profit.

Number of Respondents: 154,197.

Frequency of Responses: Reporting: Monthly; On occasion.

Total Burden Hours: 880,796.

Charlene Parker,

Departmental Information Collection Clearance Officer.

Animal and Plant Health Inspection Service

[Docket No. APHIS-2013-0065]

Notice of Request for Extension of Approval of an Information Collection; Importation of Horses, Ruminants, Swine, and Dogs; Inspection and Treatment for Screwworm

AGENCY: Animal and Plant Health Inspection Service, USDA.

ACTION: Extension of approval of an information collection; comment request.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, this notice announces the Animal and Plant Health Inspection Service's intention to request an extension of approval of an information collection associated with the regulations for the importation of horses, ruminants, swine, and dogs from regions of the world where screwworm is considered to exist.

DATES: We will consider all comments that we receive on or before November 25, 2013.

ADDRESSES: You may submit comments by either of the following methods:

- *Federal eRulemaking Portal:* Go to <http://www.regulations.gov/#!documentDetail;D=APHIS-2013-0065-0001>.

- *Postal Mail/Commercial Delivery:*

Send your comment to Docket No. APHIS-2013-0065, Regulatory Analysis and Development, PPD, APHIS, Station 3A-03.8, 4700 River Road Unit 118, Riverdale, MD 20737-1238.

Supporting documents and any comments we receive on this docket may be viewed at <http://www.regulations.gov/#!docketDetail;D=APHIS-2013-0065> or in our reading room, which is located in room 1141 of the USDA South Building, 14th Street and Independence Avenue SW., Washington, DC. Normal reading room hours are 8 a.m. to 4:30 p.m., Monday through Friday, except holidays. To be sure someone is there to help you, please call (202) 799-7039 before coming.

FOR FURTHER INFORMATION CONTACT: For information on the regulations for the importation of horses, ruminants, swine, and dogs from regions of the world where screwworm is considered to exist, contact Dr. Ellen Buck, Equine Import Specialist, National Center for Import and Export, VS, APHIS, 4700 River Road Unit 39, Riverdale, MD 20737; (301) 851-3361. For copies of more detailed information on the information collection, contact Mrs. Celeste Sickles, APHIS' Information Collection Coordinator, at (301) 851-2908.

SUPPLEMENTARY INFORMATION:

Title: Importation of Horses, Ruminants, Swine, and Dogs; Inspection and Treatment for Screwworm.

OMB Number: 0579-0165.

Type of Request: Extension of approval of an information collection.

Abstract: Under the Animal Health Protection Act (7 U.S.C. 8301 *et seq.*), the Animal and Plant Health Inspection Service (APHIS) of the U.S. Department of Agriculture (USDA) is authorized, among other things, to prohibit or restrict the importation and interstate movement of animals and animal products to prevent the introduction into and dissemination within the United States of livestock diseases and pests.

The regulations in 9 CFR part 93 prohibit or restrict the importation of certain animals into the United States to prevent the introduction of communicable diseases of livestock and poultry. Subparts C, D, E, and F of part 93 govern the importation of horses, ruminants, swine, and dogs, respectively, and include provisions for the inspection and treatment of these animals if imported from any region of the world where screwworm is considered to exist. Screwworm is a pest native to tropical areas of South America, the Indian subcontinent, Southeast Asia, tropical and sub-Saharan Africa, and the Arabian peninsula. Screwworm causes extensive damage to livestock and other warmblooded animals.

The regulations in subparts C, D, E, and F involve the use of two information collection activities. One information collection activity includes a USDA-APHIS Veterinary Services (VS) Application for Import or In Transit Permit (Animals, Animal Semen, Animal Embryos, Birds, Poultry, or Hatching Eggs) (VS Form 17-129) for horses, ruminants, and swine. The second information collection activity includes a certificate for horses, ruminants, swine, and dogs signed by a full-time salaried veterinary official of the exporting region stating that the animal has been inspected, under certain conditions, and found free of screwworm and, as appropriate, that the animal was treated for screwworm.

Since the last approval of these collection activities, APHIS has adjusted the number of responses. We have increased the number of responses to reflect the number of health certificates that are presented for dogs. APHIS does not track the number of health certificates presented for dogs; however, we increased our estimate from 2 to 50 by counting the number of inquiries from individuals interested in importing dogs from areas where screwworm exists. We have also increased the number of responses for completion of health certificates for horses from 99 to 1,650, because the number of responses per respondent has increased from 3 to 50. The number of importers of horses has remained the same, but the number of responses per importer has been updated to accurately reflect the number of health certificates for horses that are presented. APHIS tracks the number of health certificates presented for horses.

We are asking the Office of Management and Budget (OMB) to approve our use of these information collection activities for an additional 3 years.

The purpose of this notice is to solicit comments from the public (as well as affected agencies) concerning our information collection. These comments will help us:

- (1) Evaluate whether the collection of information is necessary for the proper performance of the functions of the Agency, including whether the information will have practical utility;
- (2) Evaluate the accuracy of our estimate of the burden of the collection of information, including the validity of the methodology and assumptions used;
- (3) Enhance the quality, utility, and clarity of the information to be collected; and
- (4) Minimize the burden of the collection of information on those who are to respond, through use, as appropriate, of automated, electronic,

mechanical, and other collection technologies; e.g., permitting electronic submission of responses.

Estimate of burden: The public reporting burden for this collection of information is estimated to average 0.05 hours per response.

Respondents: Full-timed salaried veterinary officials of exporting regions and importers of horses, ruminants, swine, and dogs from regions where screwworm is considered to exist.

Estimated annual number of respondents: 91.

Estimated annual number of responses per respondent: 21.31.

Estimated annual number of responses: 1,939.

Estimated total annual burden on respondents: 97 hours. (Due to averaging, the total annual burden hours may not equal the product of the annual number of responses multiplied by the reporting burden per response.)

All responses to this notice will be summarized and included in the request for OMB approval. All comments will also become a matter of public record.

Done in Washington, DC, this 18th day of September 2013.

Michael C. Gregoire,

Acting Administrator, Animal and Plant Health Inspection Service.
