Abstract

DOI's Grants Management Program is proposing the new collection of program performance data for DOI's discretionary grantees modeled on the existing form used by Health and Human Services, Administration for Children and Families (OMB #0970–0406, expiration January 31, 2026) form with minor changes. DOI revisions include collection of the Unique Entity Identifier (UEI) instead of the Data Universal Numbering System (DUNS), a rewording of the submission instructions to replace DUNS to the UEI, and revision of reporting due dates in compliance with the revisions of 2 CFR part 200. The form was created from the basic template of the OMB-approved reporting format of the Program Performance Report. DOI uses this data to ensure grantees are proceeding in a satisfactory manner in meeting the approved goals and objectives of the project and if funding should be continued for another budget period.

OMB grants policy requires grantees to report on performance. Specific citations are contained in 2 CFR

200.329, “Monitoring and reporting program performance.”
