Information Collection Request Title: HIPAA Covered Entity and Business Associate Pre-Audit Survey

Abstract: This information collection consists of a survey of up to 1200 Health Insurance Portability and Accountability Act of 1996 (HIPAA) covered entities (health plans, health care clearinghouses, and certain health care providers) and business associates (entities that provide certain services to a HIPAA covered entity) to determine suitability for the Office for Civil Rights (OCR) HIPAA Audit Program. The survey will gather information about respondents to enable OCR to assess the size, complexity, and fitness of a respondent for an audit. Information collected includes, among other things, recent data about the number of patient

visits or insured lives, use of electronic information, revenue, and business locations.

Need and Proposed Use of the Information: The Office for Civil Rights (OCR) is mandated to conduct periodic audits to assess the compliance of covered entities and business associates with the HIPAA Privacy, Security, and Breach Notification Rules. This information collection will enable OCR to assess the suitability of respondent covered entities and business associates for audits.

Likely Respondents: Respondents will include both HIPAA covered entities and business associates.

Burden Statement: Burden in this context means the time expended by persons to generate, maintain, retain, disclose or provide the information requested. This includes the time needed to review instructions, to develop, acquire, install and utilize technology and systems for the purpose of collecting, validating and verifying information, processing and maintaining information, and disclosing and providing information, to train personnel and to be able to respond to a collection of information, to search data sources, to complete and review the collection of information, and to transmit or otherwise disclose the information.
