

General wage determination decisions, and modifications and supersedes decisions thereto, contain no expiration dates and are effective from their date of notice in the **Federal Register**, or on the date written notice is received by the agency, whichever is earlier. These decisions are to be used in accordance with the provisions of 29 CFR Parts 1 and 5. Accordingly, the applicable decision, together with any modifications issued, must be made a part of every contract for performance of the prescribed work within the geographic area indicated as required by an applicable Federal prevailing wage law and 29 CFR Part 5. The wage rates and fringe benefits, notice of which is published herein, and which are contained in the Government Printing Office (GPO) document entitled "General Wage Determinations Issued Under The Davis-Bacon And Related Acts," shall be the minimum paid by contractors and subcontractors to laborers and mechanics.

Any person, organization, or governmental agency having an interest in the rates determined as prevailing is encouraged to submit wage rate and fringe benefit information for consideration by the Department. Further information and self-explanatory forms for the purpose of submitting this data may be obtained by writing to the U.S. Department of Labor, Employment Standards Administration, Wage and Hour Division, Division of Wage Determination, 200 Constitution Avenue, N.W., Room S-3014, Washington, D.C. 20210.

Modifications to General Wage Determination Decisions

The number of decisions listed in the Government Printing Office document entitled "General Wage Determinations Issued Under the Davis-Bacon and related Acts" being modified are listed by Volume and State. Dates of publication in the **Federal Register** are in parentheses following the decision being modified.

General Wage Determination Publication

General wage determinations issued under the Davis-Bacon and Related Acts, including those noted above, may be found in the Government Printing Office (GPO) document entitled "General Wage Determinations Issued Under The Davis-Bacon and Related Acts." This publication is available at each of the 50 Regional Government Depository Libraries and many of the 1,400 Government Depository Libraries across the country.

The general wage determination issued under the Davis-Bacon and related Acts are available electronically by subscription to the FedWorld Bulletin Board System of the National Technical Information Service (NTIS) of the U.S. Department of Commerce at 1-800-363-2068.

Hard-copy subscriptions may be purchased from: Superintendent of Documents, U.S. Government Printing Office, Washington, D.C. 20402, (202) 512-1800.

When ordering hard-copy subscription(s), be sure to specify the State(s) of interest, since subscriptions may be ordered for any or all of the seven separate volumes, arranged by State. Subscriptions include an annual edition (issued in January or February) which includes all current general wage determinations for the States covered by each volume. Throughout the remainder of the year, regular weekly updates are distributed to subscribers.

Dated: Signed at Washington, D.C. this 7 day of February 2001.

Carl J. Poleskey,

Chief, Branch of Construction Wage Determinations.

DEPARTMENT OF LABOR

Bureau of Labor Statistics

Proposed Collection; Comment Request

ACTION: Notice.

SUMMARY: The Department of Labor, as part of its continuing effort to reduce paperwork and respondent burden, conducts a pre-clearance consultation program to provide the general public and Federal agencies an opportunity to comment on proposed and/or continuing collections of information in accordance with the Paperwork

Reduction Act of 1995 (PRA95) (44 U.S.C. 3506(c) (2)(A)). This program helps to ensure that requested data can be provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of collection requirements on respondents can be properly assessed. The Bureau of Labor Statistics (BLS) is soliciting comments concerning the proposed revision of the "Report on Occupational Employment." A copy of the proposed information collection request (ICR) can be obtained by contacting the individual listed in the **ADDRESSES** section of this notice.

DATES: Written comments must be submitted to the office listed in the **ADDRESSES** section of this notice on or before April 17, 2001.

ADDRESSES: Send comments to Ausie B. Grigg, Jr., BLS Clearance Officer, Division of Management Systems, Bureau of Labor Statistics, Room 3255, 2 Massachusetts Avenue, NE., Washington, DC 20212, telephone number 202-691-7628 (this is not a toll free number).

FOR FURTHER INFORMATION CONTACT: Ausie B. Grigg, Jr., BLS Clearance Officer, telephone number 202-691-7628. (See **ADDRESSES** section.)

SUPPLEMENTARY INFORMATION:

I. Background

The Occupational Employment Statistics (OES) survey is a Federal/State establishment survey of wage and salary workers designed to produce data on current occupational employment and wages. OES survey data assist in the development of employment and training programs established by the Workforce Investment Act of 1998, the Job Training Partnership Act (JTPA) of 1982, and the Perkins Vocational Education Act of 1984.

The OES program operates a periodic mail survey of a sample of non-farm establishments conducted by all fifty States, Guam, Puerto Rico, the District of Columbia, and the Virgin Islands. Over three-year periods, data on occupational employment and wages are collected by industry at the two- and three-digit Standard Industrial Classification (SIC) levels. The U.S. Department of Labor also uses OES data in the administration of the Alien Labor Certification process under the Immigration Act of 1990.

II. Desired Focus of Comments

The Bureau of Labor Statistics is particularly interested in comments which:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Enhance the quality, utility, and clarity of the information to be collected; and

- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submissions of responses.

III. Current Actions

The BLS plans to make several changes to the processes and procedures used to collect data in the OES program.

We plan to evaluate whether the number of different survey forms used in the OES survey (currently 82 different forms) can be reduced when the North American Industry Classification System (NAICS) is introduced in the 2002 OES program (October 12, November 12, and December 12, 2002 reference dates). The evaluation will take place after the results of the 2002 survey staffing patterns have been examined.

The current survey reference period is a single quarter. In order to more properly reflect the annual average employment and wages, consideration is being given to using two or more quarters as reference periods. (The OES sample size would not be increased with a change to multiple reference periods.)

Together with our State partners, the BLS is exploring tailoring the mail questionnaire to specific respondents in order to reduce respondent burden. This customization could include using a reduced occupation list on the form to make the list specific for the intended establishment.

Currently, the front of the survey form solicits information on industry, operating status, total number of workers, and contact person for the establishment. In the past, the OES program asked for the total number of employees working in Research and Development. In this proposed revision, the BLS is requesting the flexibility to replace such questions with question(s) that may assist in the evaluation of changes in workforce dynamics, such as

the introduction of new technologies (e.g., e-commerce).

The BLS and the States plan to test, and implement if the test is successful, collection of OES data by electronic means, including using the Internet.

Type of Review: Revision of a currently approved collection.

Agency: Bureau of Labor Statistics.

Title: Report on Occupational Employment.

OMB Number: 1220-0042.

Affected Public: Business or other for-profit; not-for-profit institutions; and State, Local or Tribal Government.

Frequency: Annual.

Total Responses: 317,492.

Average Time Per Response: 45 minutes.

Estimated Total Burden Hours: 238,119.

Total Burden Cost (capital/startup): \$0.

Total Burden Cost (operating/maintenance): \$0.

Comments submitted in response to this notice will be summarized and/or included in the request for Office of Management and Budget approval of the information collection request; they also will become a matter of public record.

Signed at Washington, DC, this 12th day of February 2001.

W. Stuart Rust, Jr.,

*Chief, Division of Management Systems,
Bureau of Labor Statistics.*
