AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Notice of Extension of time limits.

EFFECTIVE DATE: August 6, 2004.

FOR FURTHER INFORMATION CONTACT: Paul Stolz or John Conniff, AD/CVD Enforcement, Office 9, Group III, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230; telephone (202) 482-4474 or (202) 482-1009, respectively.

Time Limits

Statutory Time Limits

Section 751(a)(3)(A) of the Tariff Act of 1930, as amended (the Act), requires the Department of Commerce (the Department) to make a preliminary determination within 245 days after the last day of the anniversary month of an order or finding for which a review is requested and a final determination within 120 days after the date on which the preliminary determination is published. However, if it is not practicable to complete the review within these time periods, section 751(a)(3)(A) of the Act allows the Department to extend the 245-day time limit for the preliminary determination to a maximum of 365 days the time limit for the final determination to 180 days (or 300 days if the Department does not

extend the time limit for the preliminary determination) from the date of publication of the preliminary determination.

Background

On January 22, 2004, the Department published a notice of initiation of administrative review of the antidumping duty order on certain cased pencils from the People's Republic of China, covering the period December 1, 2002, through November 30, 2003. See *Initiation of Antidumping and Countervailing Duty Administrative Reviews and Request for Revocation in Part*, 69 FR 3117 (January 22, 2004). The preliminary results are currently due no later than September 1, 2004.

Extension of Time Limit for Preliminary Results of Review

We determine that it is not practicable to complete the preliminary results of this review within the original time limit. Additional time is required to collect and analyze complex factors of production consumption data from several manufacturing facilities. Therefore, the Department is extending the time limit for completion of the preliminary results by 120 days until no later than December 30, 2004. We intend to issue the final results no later than 120 days after the publication of the preliminary results notice.

This extension is in accordance with section 751(a)(3)(A) of the Act.

Dated: August 2, 2004.

Jeffrey A. May,

Deputy Assistant Secretary for Import Administration, Group I.
