Title, Associated Form, and OMB Control Number: The 2012 Post-Election Survey of State and Local Election Officials; OMB Control Number 0704–0125.

Needs and Uses: The information collection requirement is necessary to fulfill the mandate of the Uniformed and Overseas Citizens Absentee Voting Act (UOCAVA of 1986 [42 U.S.C. 1973ff]). UOCAVA requires a statistical analysis report to the President and Congress on the effectiveness of assistance under the Act, a statistical analysis of voter participation, and a description of State/Federal cooperation.

Affected Public: State, Local or Tribal Government.

Annual Burden Hours: 2,000 hours.

Number of Respondents: 3,000.

Responses per Respondent: 1.

Average Burden per Response: 40 minutes.

Frequency: One time.

SUPPLEMENTARY INFORMATION:

Summary of Information Collection

UOCAVA requires the States to allow Uniformed Services personnel, their family members, and overseas citizens to use absentee registration procedures and to vote by absentee ballot in general, special, primary, and runoff

elections for Federal offices. The Act covers members of the Uniformed Services and the merchant marine to include the commissioned corps of the National Oceanic and Atmospheric Administration and Public Health Service and their eligible dependents, Federal civilian employees overseas, and overseas U.S. citizens not affiliated with the Federal Government. Local Election Officials (LEO) process voter registration and absentee ballot applications, send absentee ballots to voters, and receive and process the voted ballots in counties, cities, parishes, townships and other jurisdictions within the U.S. LEOs, independently and in relation to their respective State election officials, are often one of the most important pieces in the absentee voting process for UOCAVA citizens. The Federal Voting Assistance Program (FVAP) conducts the post-election survey of State and Local Election Officials to determine participation rates that are representative of all citizens covered by the Act, to measure State-Federal cooperation, and to evaluate the effectiveness of the overall absentee voting program. By design, the information collected be both quantitative (collected from both the State and Local Election Officials) and qualitative (collected from the Local Election Officials), and will be used for overall program evaluation, management and improvement, and to compile the congressionally-mandated report to the President and Congress.
