

SUMMARY: In accordance with the Fiscal Year 2018 National Defense Authorization Act, the DON announces that the NNPP, a joint activity of the DON and the Department of Energy (DOE), NNPP will convert from the General Schedule (GS) Classification and Pay System and the DON Interim Performance Management System (IPMS) to the NNSA pay and performance System, also known as the NNSA Demonstration Project. This conversion will align DON employees of the NNPP with their counterparts in the DOE, NNSA, and bring parity to the pay and performance systems within the Nuclear Propulsion workforce.

DATES: This conversion will become effective September 22, 2022.

FOR FURTHER INFORMATION CONTACT: Mr. Edward Rose, 412-476-7204, or edward.rose@nnp.doe.gov.

SUPPLEMENTARY INFORMATION: When the Naval Sea Systems Command (NAVSEA) Headquarters converted to the DoD Civilian Acquisition Workforce Personnel Demonstration Project (AcqDemo), Naval Reactors chose to opt out of AcqDemo in anticipation of aligning with the DOE, NNSA Demonstration Project. Section 3116(a)(3) of the Fiscal Year 2018 NDAA authorized NNPP to convert its DON employees to the NNSA System with the concurrence of the Secretary of the Navy. The Secretary of the Navy approved the transition of NNPP's DON civilian personnel to the NNSA Demonstration Project Personnel Management System on February 5, 2019. NNPP has been working with the NAVSEA Office of Civilian Human Resources to promulgate the conversion and plan the implementation through relevant DON and DoD offices. After providing data and supporting documentation, the DoD Defense Civilian Personnel Advisory Service has given approval to commence with the planning and implementation upon publishing of this notice. The implementation will require, among other actions, coordination with the DFAS, final notice to employees, developing NNPP procedures, creating new position descriptions, and processing pay plan adjustment personnel actions.

The NNSA Demonstration Project was designed by NNSA, with participation of and review by the DOE and the Office of Personnel Management. The NNSA Demonstration Project modifies the GS Classification and Pay System by creating broad career paths, establishing pay bands within each career path which may cover more than one GS grade, eliminates longevity-based step

progression, and provides for annual pay adjustments based on performance. The NNPP has experienced higher-than-average attrition and has had difficulty filling positions, with pay/grade frequently cited as the reason for declination by candidates.

As a joint DON/DOE organization, Naval Reactors has historically managed its civilian workforce under each respective agency's personnel management system. The Fiscal Year (FY) 2018 National Defense Authorization Act states that the Director of the Naval Nuclear Propulsion Program (NNPP) may, "with concurrence of the Secretary of the Navy," apply NNSA DEMO to all non-executive competitive service employees of the NNPP, thereby strengthening Naval Reactors' recruitment and retention of the highest-quality technical and professional workforce. This move aligns with the goal of shifting away from tenure-based personnel systems to performance-based personnel management systems while streamlining administrative processes inherent in managing Naval Reactors' employees under two different systems.

All DON NNPP current GS employees and vacant GS positions will be converted, excluding any Schedule C excepted service positions. There are approximately 210 affected positions, with all but about 40 of those positions located at the Washington Navy Yard. These positions will remain as DON positions. The NNPP will adopt the NNSA Demonstration Project Policies and Procedures Manual, dated March 2008, which will also be used by the servicing Human Resources Office and the Defense Finance Accounting Service (DFAS) to implement and support the NNPP. The intent of this notice is to promulgate this conversion to stakeholders within the Departments of Energy, Defense, and Navy. Affected employees are not represented by a labor union.

Dated: September 17, 2021.

J.M. Pike,

Commander, Judge Advocate General's Corps, U.S. Navy, Federal Register Liaison Officer.

Full Text of Announcement

I. Funding Opportunity Description

Purpose of Program: The purpose of this program is to support a National Center for Information and Technical Support for Postsecondary Students with Disabilities (the Center) to provide technical assistance and information on best and promising practices for students with disabilities as they transition to or attend postsecondary education. Institutions of higher education (IHEs), as well as elementary and secondary schools, have legal obligations under two civil rights laws prohibiting disability discrimination, Section 504 of the Rehabilitation Act of 1973, as amended (Section 504) (29 U.S.C. 794), and the Americans with Disabilities Act of 1990, as amended (ADA) (42 U.S.C. 12101-12213). The technical assistance and information provided by the Center can help students, parents, and educational officials in determining how to meet

these obligations and ensure the rights of students with disabilities. In particular, the Center can assist students with disabilities and their families in understanding that in IHEs, students with disabilities have different rights and protections than they had in secondary school under Section 504 and the Individuals with Disabilities Education Act (IDEA), 20 U.S.C. 1400 *et seq.* Students with disabilities and their parents need to understand the differences in these rights and responsibilities as students with disabilities enter college and pursue postsecondary education. Specifically, unlike students in secondary school, postsecondary students with disabilities are responsible for requesting the academic adjustments, auxiliary aids and services, and other accommodations they need to have equal educational opportunity and are expected to comply with reasonable procedures that an IHE may have concerning documentation of disability and the need for accommodations under Section 504 and the ADA.

Note: A more detailed explanation of the different rights and responsibilities of students with disabilities in secondary school and postsecondary institutions can be found in two pamphlets issued by the Department's Office for Civil Rights: "Transition of Students With Disabilities To Postsecondary Education: A Guide for High School Educators," available at: <https://www2.ed.gov/about/offices/list/ocr/transitionguide.html>, and "Students with Disabilities Preparing for Postsecondary Education: Know Your Rights and Responsibilities," available at: <https://www2.ed.gov/about/offices/list/ocr/transition.html>.

Priority: This notice contains one absolute priority. In accordance with 34 CFR 75.105(b)(2)(iv), this priority is from section 777(a) of the Higher Education Act of 1965, as amended (HEA) (20 U.S.C. 1140q(a)).

Absolute Priority: For FY 2021 and any subsequent year in which we make awards from the list of unfunded applicants from this competition, this priority is an absolute priority. Under 34 CFR 75.105(c)(3), we consider only applications that meet this priority.

This priority is:

Entities that can demonstrate the experience and capacity to improve postsecondary recruitment, transition, retention, and completion rates of students with disabilities by providing the following:

1. *Assistance to students and families.* The Center must provide information and technical assistance to students with disabilities and the families of

students with disabilities to support students across the broad spectrum of disabilities, including—

(a) Information to assist individuals with disabilities who are prospective students of an IHE in planning for postsecondary education while the students are in secondary school;

(b) Information and technical assistance provided to individualized education program teams (as defined in 20 U.S.C. 1414(d)(1)) for secondary school students with disabilities, and to early outreach and student services programs, including programs authorized under subparts 2, 4, and 5 of title IV of the HEA, to support students across a broad spectrum of disabilities with the successful transition to postsecondary education;

(c) Research-based supports, services, and accommodations which are available in postsecondary settings, including services provided by other agencies such as vocational rehabilitation;

(d) Information on student mentoring and networking opportunities for students with disabilities; and

(e) Effective recruitment and transition programs at postsecondary educational institutions.

2. *Assistance to institutions of higher education.* The Center must provide information and technical assistance to faculty, staff, and administrators of IHEs to improve the services provided to, the accommodations for, the retention rates of, and the completion rates of, students with disabilities in higher education settings, which may include—

(a) Collection and dissemination of best and promising practices and materials for accommodating and supporting students with disabilities, including practices and materials supported by the grants, contracts, or cooperative agreements authorized under subparts 1, 2, and 3 of title VII, part D, of the HEA (20 U.S.C. 1140q);

(b) Development and provision of training modules for higher education faculty on exemplary practices for accommodating and supporting postsecondary students with disabilities across a range of academic fields, which may include universal design for learning and practices supported by the grants, contracts, or cooperative agreements authorized under subparts 1, 2, and 3 of title VII, part D, of the HEA (20 U.S.C. 1140q); and

(c) Development of technology-based tutorials for higher education faculty and staff, including new faculty and graduate students, on best and promising practices related to support and retention of students with disabilities in postsecondary education.

3. *Information collection and dissemination.* The Center will be responsible for building, maintaining, and updating a database of disability support services information with respect to IHEs, or for expanding and updating an existing database of disabilities support services information with respect to IHEs. This database must be made available to the general public through a website built to high technical standards of accessibility practicable for the broad spectrum of individuals with disabilities. This database and website must include available information on—

(a) Disability documentation requirements;

(b) Support services available;

(c) Links to financial aid;

(d) Accommodations policies;

(e) Accessible instructional materials;

(f) Other topics relevant to students with disabilities; and

(g) The information in the report described in paragraph (5) below.

4. *Disability support services.* The Center must work with organizations and individuals with proven expertise related to disability support services for postsecondary students with disabilities to evaluate, improve, and disseminate information related to the delivery of high quality disability support services at IHEs.

5. *Review and report.* Not later than three years after the establishment of the National Center, and every two years thereafter, the National Center must prepare and disseminate a report to the Secretary and the authorizing committees analyzing the condition of postsecondary success for students with disabilities. The report must include—

(a) A review of the activities and the effectiveness of the programs authorized under title VII, part D of the HEA;

(b) Annual enrollment and graduation rates of students with disabilities in IHEs from publicly reported data;

(c) Recommendations for effective postsecondary supports and services for students with disabilities, and how such supports and services may be widely implemented at IHEs;

(d) Recommendations on reducing barriers to full participation for students with disabilities in higher education; and

(e) A description of the strategies with a demonstrated record of effectiveness in improving the success of such students in postsecondary education.

6. *Staffing of the Center.* In hiring employees of the National Center, the National Center must consider the expertise and experience of prospective employees in providing training and technical assistance to practitioners.

Note: Websites established or maintained to carry out any project

funded under this competition must meet WCAG 2.1 standards (Source: <https://www.w3.org/WAI/standards-guidelines/wcag/glance/>). Documents posted on grantee websites must, at a minimum, meet the Department's accessibility standards set out at: <https://www2.ed.gov/web-guidance/accessibility/index.html>.

Review and Selection Process: We remind potential applicants that in reviewing applications in any discretionary grant competition, the Secretary may consider, under 34 CFR 75.217(d)(3), the past performance of the applicant in carrying out a previous award, such as the applicant's use of funds, achievement of project objectives, and compliance with grant conditions. The Secretary may also consider whether the applicant failed to submit a timely performance report or submitted a report of unacceptable quality.

In addition, in making a competitive grant award, the Secretary also requires various assurances including those applicable to Federal civil rights laws that prohibit discrimination in programs or activities receiving Federal financial

assistance from the Department (34 CFR 100.4, 104.5, 106.4, 108.8, and 110.23).

A panel of three non-Federal reviewers will review and score each application in accordance with the selection criteria. A rank order funding slate will be made from this review. An award will be made in rank order according to the average score received from the combined peer review points.

In a tie-breaking situation under this program, preference will be given to the applicant with the highest score under the "Quality of the Project Design" criterion. If there is still a tie after implementing the first tiebreaker, preference will be given to the applicant with the highest score under the "Quality of Project Services" criterion. If there is still a tie after applying the secondary tiebreaker, preference will be given to the applicant with the highest score under the "Quality of the Management Plan" selection criterion. If there is still a tie after applying a third tiebreaker, preference will be given to the applicant with the highest score under the "Quality of the Project Evaluation" selection criterion.

3. Risk Assessment and Specific Conditions: Consistent with 2 CFR 200.206, before awarding grants under this competition the Department conducts a review of the risks posed by applicants. Under 2 CFR 200.8, the Secretary may impose specific conditions and, under 2 CFR 3474.10, in appropriate circumstances, high-risk conditions on a grant if the applicant or grantee is not financially stable; has a history of unsatisfactory performance; has a financial or other management system that does not meet the standards in 2 CFR part 200, subpart D; has not fulfilled the conditions of a prior grant; or is otherwise not responsible.

4. Integrity and Performance System: If you are selected under this competition to receive an award that over the course of the project period may exceed the simplified acquisition threshold (currently \$250,000), under 2 CFR 200.206(a)(2) we must make a judgment about your integrity, business ethics, and record of performance under Federal awards—that is, the risk posed by you as an applicant—before we make an award. In doing so, we must consider any information about you that is in the integrity and performance system (currently referred to as the Federal Awardee Performance and Integrity Information System (FAPIIS)), accessible through the System for Award Management. You may review and comment on any information about yourself that a Federal agency previously entered and that is currently in FAPIIS.

Please note that, if the total value of your currently active grants, cooperative agreements, and procurement contracts from the Federal Government exceeds \$10,000,000, the reporting requirements in 2 CFR part 200, Appendix XII, require you to report certain integrity information to FAPIIS semiannually. Please review the requirements in 2 CFR part 200, Appendix XII, if this grant plus all the other Federal funds you receive exceed \$10,000,000.

5. In General: In accordance with the Office of Management and Budget's guidance located at 2 CFR part 200, all applicable Federal laws, and relevant Executive guidance, the Department will review and consider applications for funding pursuant to this notice inviting applications in accordance with—

(a) Selecting recipients most likely to be successful in delivering results based on the program objectives through an objective process of evaluating Federal award applications (2 CFR 200.205);

(b) Prohibiting the purchase of certain telecommunication and video surveillance services or equipment in alignment with section 889 of the National Defense Authorization Act of 2019 (Pub. L. 115–232) (2 CFR 200.216);

(c) Providing a preference, to the extent permitted by law, to maximize use of goods, products, and materials produced in the United States (2 CFR 200.322); and

(d) Terminating agreements in whole or in part to the greatest extent authorized by law if an award no longer effectuates the program goals or agency priorities (2 CFR 200.340).

VI. Award Administration Information

1. Award Notices: If your application is successful, we notify your U.S. Representative and U.S. Senators and send you a Grant Award Notification (GAN); or we may send you an email containing a link to access an electronic version of your GAN. We may notify you informally, also.

If your application is not evaluated or not selected for funding, we notify you.

2. Administrative and National Policy Requirements: We identify administrative and national policy requirements in the application package and reference these and other requirements in the *Applicable Regulations* section of this notice.

We reference the regulations outlining the terms and conditions of an award in the *Applicable Regulations* section of this notice and include these and other specific conditions in the GAN. The GAN also incorporates your approved application as part of your binding commitments under the grant.

3. Open Licensing Requirements:

Unless an exception applies, if you are awarded a grant under this competition, you will be required to openly license to the public grant deliverables created in whole, or in part, with Department grant funds. When the deliverable consists of modifications to pre-existing works, the license extends only to those modifications that can be separately identified and only to the extent that open licensing is permitted under the terms of any licenses or other legal restrictions on the use of pre-existing works. Additionally, a grantee or subgrantee that is awarded competitive grant funds must have a plan to disseminate these public grant deliverables. This dissemination plan can be developed and submitted after your application has been reviewed and selected for funding. For additional information on the open licensing requirements, please refer to 2 CFR 3474.20.

4. *Reporting:* (a) If you apply for a grant under this competition, you must ensure that you have in place the necessary processes and systems to comply with the reporting requirements in 2 CFR part 170 should you receive funding under the competition. This does not apply if you have an exception under 2 CFR 170.110(b).

(b) At the end of your project period, you must submit a final performance report, including financial information, as directed by the Secretary. If you receive a multiyear award, you must submit an annual performance report that provides the most current performance and financial expenditure information as directed by the Secretary under 34 CFR 75.118. The Secretary may also require more frequent performance reports under 34 CFR 75.720(c). For specific requirements on reporting, please go to www.ed.gov/fund/grant/apply/appforms/appforms.html.

5. *Performance Measures:* Under the Government Performance and Results Act of 1993 and 34 CFR 75.110, the following three performance measures will be used in assessing the performance of the National Center for Information and Technical Support for Postsecondary Students with Disabilities Program:

1. The extent to which the project serves students with disabilities, families of students with disabilities, individualized education program teams, and individualized plan for employment teams, including growth in numbers served over time, and improved user satisfaction ratings with the services received;
