The areas described for Secretary's Order of October 19, 1920, aggregate 85,365.40 acres.

The total areas described for Yuma Reclamation Project aggregate 130,328.53 acres in Imperial and Riverside Counties, California.

The Areas Described Aggregate 145,644.03 Acres in Imperial, and Riverside Counties, California

The use of a rights-of-way or an interagency or cooperative agreement would not adequately constrain non-discretionary uses that may result in disturbance of the lands embraced within the Reclamation project areas.

There are no suitable alternative sites as the described lands contain the resource values to be protected.

No additional water rights will be needed to fulfill the purpose of the requested withdrawal.

For a period until June 9, 2022, all persons who wish to submit comments, suggestions, or objections in connection with the proposed withdrawal extensions may present their views in writing to the BLM State Director at the address indicated earlier.

Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. Individuals who submit written

comments may request confidentiality by asking us in your comment to withhold your personal identifying information from public review; however, we cannot guarantee that we will be able to do so.

Notice is hereby given that a virtual (online) public meeting in connection with the proposed withdrawal extensions will be held on April 25, 2022, at 5 p.m. PT. The BLM will publish a notice of the time and online venue in a local newspaper a minimum of 30 days before the scheduled date of the meeting.

The withdrawal proposal will be processed in accordance with the regulation set-forth in 43 CFR part 2300. (Authority: 43 CFR 2310.3–1(a))

Karen E. Mouritsen,
California State Director.
