

of the Public Health Service Act, a Certificate of Confidentiality (CoC) applies to this research. The total

estimated burden hours are 109 for the field study and 77 for the environmental

chamber study. There are no costs to respondents other than their time.

#### ESTIMATED ANNUALIZED BURDEN HOURS

Type of respondent	Form name	Number of respondents	Number responses per respondent	Average burden per response (hours)
<b>Field study</b>				
Miners .....	Informed consent form (field) .....	59	1	30/60
Miners .....	Initial health screening questionnaire (field) ..	59	1	30/60
Miners .....	Pre-shift field questionnaire .....	59	2	5/60
Miners .....	Mid-shift field questionnaire .....	59	4	1/60
Miners .....	PVT cognitive test .....	59	5	5/60
Miners .....	Post-shift field questionnaire .....	59	2	5/60
<b>Chamber study</b>				
Miners/firefighters/construction workers .....	Informed consent form (chamber) .....	30	1	30/60
Miners/firefighters/construction workers .....	Physical examination form .....	30	1	10/60
Miners/firefighters/construction workers .....	Initial health screening questionnaire (chamber) .....	30	1	30/60
Miners/firefighters/construction workers .....	Release of information form .....	5	1	1/60
Miners/firefighters/construction workers .....	TSS and RPE .....	30	5	1/60
Miners/firefighters/construction workers .....	PANAS and KSS .....	30	5	2/60
Miners/firefighters/construction workers .....	Cognitive test: PVT .....	30	5	10/60
Miners/firefighters/construction workers .....	Cognitive test: N-back .....	30	5	1/60
Miners/firefighters/construction workers .....	Pre-testing health questionnaire .....	30	2	5/60

## DEPARTMENT OF HEALTH AND HUMAN SERVICES

### Centers for Disease Control and Prevention

[60Day-24-0978; Docket No. CDC-2024-0013]

### Proposed Data Collection Submitted for Public Comment and Recommendations

**AGENCY:** Centers for Disease Control and Prevention (CDC), Department of Health and Human Services (HHS).

**ACTION:** Notice with comment period.

**SUMMARY:** The Centers for Disease Control and Prevention (CDC), as part of its continuing effort to reduce public burden and maximize the utility of government information, invites the general public and other federal agencies the opportunity to comment on a proposed and/or continuing information collection, as required by the Paperwork Reduction Act of 1995. This notice invites comment on a proposed information collection project

titled Emerging Infections Program (EIP). EIP is a population-based surveillance activity conducted via active, laboratory case finding that is used for detecting, identifying, and monitoring emerging pathogens.

**DATES:** CDC must receive written comments on or before April 29, 2024.

**ADDRESSES:** You may submit comments, identified by Docket No. CDC-2024-0013 by either of the following methods:

- **Federal eRulemaking Portal:** [www.regulations.gov](http://www.regulations.gov). Follow the instructions for submitting comments.
- **Mail:** Jeffrey M. Zirger, Information Collection Review Office, Centers for Disease Control and Prevention, 1600 Clifton Road NE, MS H21-8, Atlanta, Georgia 30329.

**Instructions:** All submissions received must include the agency name and Docket Number. CDC will post, without change, all relevant comments to [www.regulations.gov](http://www.regulations.gov).

**Please note:** Submit all comments through the Federal eRulemaking portal ([www.regulations.gov](http://www.regulations.gov)) or by U.S. mail to the address listed above.

**FOR FURTHER INFORMATION CONTACT:** To request more information on the proposed project or to obtain a copy of the information collection plan and instruments, contact Jeffrey M. Zirger, Information Collection Review Office, Centers for Disease Control and Prevention, 1600 Clifton Road NE, MS H21-8, Atlanta, Georgia 30329;

Telephone: 404-639-7570; Email: [omb@cdc.gov](mailto:omb@cdc.gov).

**SUPPLEMENTARY INFORMATION:** Under the Paperwork Reduction Act of 1995 (PRA) (44 U.S.C. 3501-3520), federal agencies must obtain approval from the Office of Management and Budget (OMB) for each collection of information they conduct or sponsor. In addition, the PRA also requires federal agencies to provide a 60-day notice in the **Federal Register** concerning each proposed collection of information, including each new proposed collection, each proposed extension of existing collection of information, and each reinstatement of previously approved information collection before submitting the collection to the OMB for approval. To comply with this requirement, we are publishing this notice of a proposed data collection as described below.

The OMB is particularly interested in comments that will help:

1. Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

2. Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

3. Enhance the quality, utility, and clarity of the information to be collected;

4. Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submissions of responses; and

5. Assess information collection costs.

### Proposed Project

Emerging Infections Program (EIP) (OMB Control No. 0920–0978, Exp. 2/28/2026)—Revision—National Center for Emerging and Zoonotic Infectious Diseases (NCEZID), Centers for Disease Control and Prevention (CDC).

### Background and Brief Description

The Emerging Infections Programs (EIPs) are population-based centers of excellence established through a network of state health departments collaborating with academic institutions; local health departments; public health and clinical laboratories; infection control professionals; and healthcare providers. EIPs assist in local, state, and national efforts to prevent, control, and monitor the public health impact of infectious diseases. Activities of the EIPs fall into the following general categories: (1) active surveillance; (2) applied public health epidemiologic and laboratory activities; (3) implementation and evaluation of pilot prevention/intervention projects; and (4) flexible response to public health emergencies. Activities of the EIPs are designed to: (1) address issues that the EIP network is particularly suited to investigate; (2) maintain

sufficient flexibility for emergency response and new problems as they arise; (3) develop and evaluate public health interventions to inform public health policy and treatment guidelines; (4) incorporate training as a key function; and (5) prioritize projects that lead directly to the prevention of disease.

A Revision is being submitted to make existing collection instruments clearer, consolidate forms and to add new forms. These forms will allow the EIP to better detect, identify, track changes in laboratory testing methodology, gather information about laboratory utilization in the EIP catchment area to ensure that all cases are being captured, and survey EIP staff to evaluate program quality.

CDC requests OMB approval for an estimated 42,440 annual burden hours. There is no cost to respondents other than their time.

### ESTIMATED ANNUALIZED BURDEN HOURS

Type of respondent	Form number	Form name	Number of respondents	Number of responses per respondent	Average burden per response (in hours)	Current total burden (in hours)
State Health Department .....	ABC.100.1	ABCs Case Report Form .....	10	809	20/60	2697
	ABC.100.2	ABCs Invasive Pneumococcal Disease in Children and Adults Case Report Form.	10	127	10/60	212
	ABC.100.3	ABCs <i>H. influenzae</i> Neonatal Sepsis Expanded Surveillance Form.	10	6	10/60	10

## DEPARTMENT OF HEALTH AND HUMAN SERVICES

### Centers for Disease Control and Prevention

[60Day–24–24DD; Docket No. CDC–2024–  
0012]

### Proposed Data Collection Submitted for Public Comment and Recommendations

**AGENCY:** Centers for Disease Control and  
Prevention (CDC), Department of Health  
and Human Services (HHS).

**ACTION:** Notice with comment period.

**SUMMARY:** The Centers for Disease  
Control and Prevention (CDC), as part of  
its continuing effort to reduce public  
burden and maximize the utility of  
government information, invites the  
general public and other Federal  
agencies the opportunity to comment on  
a proposed information collection, as  
required by the Paperwork Reduction  
Act of 1995. This notice invites  
comment on a proposed information  
collection project titled Project  
Confianza to Identify Medical Mistrust  
Drivers among Hispanic/Latino Gay,  
Bisexual, and Other Men Who Have Sex  
With Men (HLMSM). The data  
collection is designed to identify the  
root causes of medical mistrust and  
opportunities to implement  
interventions that can make HIV-related  
services trusted and acceptable for  
HLMSM to increase access to, and  
utilization of, HIV prevention and care

services, as well as contribute toward  
achieving Ending the HIV Epidemic in  
the U.S. (EHE) goals and National HIV  
Strategic Plan health disparities goals.

**DATES:** CDC must receive written  
comments on or before April 29, 2024.

**ADDRESSES:** You may submit comments,  
identified by Docket No. CDC–2024–  
0012 by either of the following methods:

☐ *Federal eRulemaking Portal:*

*www.regulations.gov*. Follow the  
instructions for submitting comments.

☐ *Mail:* Jeffrey M. Zirger, Information  
Collection Review Office, Centers for  
Disease Control and Prevention, 1600  
Clifton Road NE, MS H21–8, Atlanta,  
Georgia 30329.

*Instructions:* All submissions received  
must include the agency name and  
Docket Number. CDC will post, without  
change, all relevant comments to  
*www.regulations.gov*. Please note:  
Submit all comments through the  
Federal eRulemaking portal  
(*www.regulations.gov*) or by U.S. mail to  
the address listed above.

**FOR FURTHER INFORMATION CONTACT:** To  
request more information on the  
proposed project or to obtain a copy of  
the information collection plan and  
instruments, contact Jeffrey M. Zirger,  
Information Collection Review Office,  
Centers for Disease Control and  
Prevention, 1600 Clifton Road NE, MS  
H21–8, Atlanta, Georgia 30329;  
telephone: 404–639–7118; Email: *omb@  
cdc.gov*.

**SUPPLEMENTARY INFORMATION:** Under the  
Paperwork Reduction Act of 1995 (PRA)  
(44 U.S.C. 3501–3520), Federal agencies  
must obtain approval from the Office of  
Management and Budget (OMB) for each  
collection of information they conduct  
or sponsor. In addition, the PRA also  
requires Federal agencies to provide a  
60-day notice in the **Federal Register**  
concerning each proposed collection of

information, including each new  
proposed collection, each proposed  
extension of existing collection of  
information, and each reinstatement of  
previously approved information  
collection before submitting the  
collection to the OMB for approval. To  
comply with this requirement, we are  
publishing this notice of a proposed  
data collection as described below.

The OMB is particularly interested in  
comments that will help:

1. Evaluate whether the proposed  
collection of information is necessary  
for the proper performance of the  
functions of the agency, including  
whether the information will have  
practical utility;

2. Evaluate the accuracy of the  
agency's estimate of the burden of the  
proposed collection of information,  
including the validity of the  
methodology and assumptions used;

3. Enhance the quality, utility, and  
clarity of the information to be  
collected;

4. Minimize the burden of the  
collection of information on those who  
are to respond, including through the  
use of appropriate automated,  
electronic, mechanical, or other  
technological collection techniques or  
other forms of information technology,  
*e.g.*, permitting electronic submissions  
of responses; and

5. Assess information collection costs.

### Proposed Project

Project Confianza to Identify Medical  
Mistrust Drivers among Hispanic/Latino  
Gay, Bisexual, and Other Men Who  
Have Sex With Men (HLMSM)—New—  
National Center for HIV, Viral Hepatitis,  
STD, and TB Prevention (NCHHSTP),  
Centers for Disease Control and  
Prevention (CDC).
