Notice of Availability of Draft NPDES General Permits for Noncontact Cooling Water Discharges in the States of Massachusetts and New Hampshire

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of Draft NPDES General Permits, MAG250000 and NHG250000.

SUMMARY: The Director of the Office of Ecosystem Protection, EPA-New England, is issuing notice of availability of the draft National Pollutant Discharge Elimination System (NPDES) general permits for noncontact cooling water (NCCW) discharges to certain waters of the Commonwealth of Massachusetts and the State of New Hampshire. These General Permits replace the NCCW General Permits which expired on April 25, 2005.

These draft General Permits establish Notice of Intent (NOI) requirements, effluent limitations, standards, prohibitions, and management practices for facilities discharging NCCW. Owners and/or operators of facilities discharging NCCW, including those currently authorized to discharge under the expired General Permits, will be required to submit an NOI to be covered by the General Permit to both EPA-New England and the appropriate state agency. After EPA and the State have reviewed the NOI, the facility will receive a written notification from EPA of permit coverage and authorization to discharge under the General Permit. The eligibility requirements for coverage under this General Permit are discussed in detail under Part 3 of the General Permit. The reader is strongly urged to

go to that section to determine eligibility before reading further.

Public Comment Period: Interested persons may submit comments on the draft General Permits to the EPA-Region I. Interested persons may also request, in writing, that EPA hold a public hearing pursuant to 40 CFR 124.12, on the draft. All comments and requests for public hearings must be postmarked or delivered before midnight August 6, 2007, the close of the public comment period. All public comments or requests for a public hearing must be submitted to the address below.

No facsimiles (faxes) will be accepted.

The draft General Permits are based on an administrative record available for public review at EPA-Region 1, Office of Ecosystem Protection, 1 Congress Street, Suite 1100, Boston, Massachusetts 02114-2023, Monday-Friday from 9 am-5 pm. For further information contact Ms. Frawley at 617-918-1065, between the hours of 9 a.m. and 5 p.m., Monday through Friday, excluding holidays.

Needs and Uses: Section 258 of the Telecommunications Act of 1996 directed the Commission to prescribe rules to prevent the unauthorized change by telecommunications carriers of consumers' selections of telecommunications service providers (slamming). On March 17, 2003, the FCC released the *Third Order on Reconsideration and Second Further Notice of Proposed Rulemaking*, CC Docket No. 94-129, FCC 03-42 (*Third Order on Reconsideration*), in which the Commission revised and clarified certain rules to implement section 258 of the 1996 Act. On May 23, 2003, the Commission also released an *Order* (CC Docket No. 94-129, FCC 03-116) clarifying certain aspects of the *Third Order on Reconsideration*. The rules and requirements implementing section 258 can be found primarily at 47 CFR part 64. These rules will continue to enable the Commission to deter slamming, while protecting consumers from carriers that take advantage of consumer confusion over different types of telecommunications services.
