#### Extension of Time Limit for Preliminary Results of Full Five-Year Reviews

**AGENCY:** Import Administration, International Trade Administration, Department of Commerce.

**ACTION:** Notice of Extension of Time Limit for Preliminary Results of Full Five-Year ("Sunset") Reviews.

**SUMMARY:** The Department of Commerce ("the Department") is extending the time limit for the preliminary results of two full sunset reviews initiated on November 2, 1999 (64 FR 59160) covering an antidumping duty order and a suspended antidumping investigation. Based on adequate responses from domestic and respondent interested parties, the Department is conducting full sunset reviews to determine whether revocation of the antidumping duty order on DRAMS of 1 megabit and above from South Korea and the termination of the suspended antidumping investigation on

silicomanganese from Ukraine would be likely to lead to continuation or recurrence of dumping. As a result of these extensions, the Department intends to issue its preliminary results not later than May 22, 2000.

**EFFECTIVE DATE:** February 25, 2000.

#### FOR FURTHER INFORMATION CONTACT:

Mark D. Young or Melissa G. Skinner, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington, D.C. 20230; telephone: (202) 482-6397, or (202) 482-1560 respectively.

#### Extension of Preliminary Results:

In accordance with section 751(c)(5)(C)(v) of the Tariff Act of 1930, as amended ("the Act"), the Department may treat a sunset review as extraordinarily complicated if it is a review of a transition order (i.e., an order in effect on January 1, 1995). The reviews at issue concern transition orders within the meaning of section 751(c)(6)(C)(ii) of the Act. The Department has determined that the sunset reviews of the following antidumping duty order and suspended antidumping investigation are extraordinarily complicated:

A-583-816 Silicomanganese from Ukraine  
A-580-812 DRAMS of 1 Megabit and Above from South Korea

Therefore, the Department is extending the time limit for completion of the preliminary results of these reviews until not later than May 22, 2000, in accordance with section 751(c)(5)(B) of the Act.

Dated: February 18, 2000.

**Robert S. LaRussa,**

Assistant Secretary for Import Administration.

#### Brass Sheet and Strip From Canada: Amended Final Results of Antidumping Duty Administrative Review in Accordance With Panel Decision Upon Remand

**AGENCY:** Import Administration, International Trade Administration, Department of Commerce.

**ACTION:** Notice of amendment to final results of antidumping duty administrative review in accordance with Panel decision upon remand.

**SUMMARY:** As a result of a remand from a Binational Panel ("the Panel"), convened pursuant to the North American Free Trade Agreement ("NAFTA"), the Department of Commerce ("the Department") is amending its final results in the antidumping duty administrative review of Brass Sheet and Strip from Canada. The Department has determined, in accordance with the instruction of the Panel, the dumping margin for entries of Brass Sheet and Strip from Canada for the 1996 period of review to be 0.40 percent.

**EFFECTIVE DATE:** February 25, 2000.

#### FOR FURTHER INFORMATION CONTACT:

#### SUPPLEMENTARY INFORMATION:

#### Background

On June 17, 1998, the Department published the final results of the antidumping duty administrative review for the period January 1, 1996 through December 31, 1996 with respect to Brass Sheet and Strip from Canada. *Brass Sheet and Strip from Canada: Final Results of Antidumping Duty Administrative Review and Notice of Intent Not To Revoke Order in Part* ("Final Results"), 64 Fed. Reg. 33037.

Subsequent to the publication of those *Final Results*, the sole respondent, Wolverine Tube (Canada) Inc. ("Wolverine"), and a coalition representing the United States brass industry ("Petitioner") challenged the Department's findings and requested that the Panel review the *Final Results* with respect to various issues. Thereafter, at the Department's request, the Panel remanded the Department's final determination to permit the Department to correct its use of a simple-average cost of production instead of a weighted-average cost of production for Wolverine. *In the Matter of: Brass Sheet and Strip from Canada*, Secretariat File USA-CAN-98-1904-03 (July 16, 1999). The July 16, 1999 Decision of the Panel upheld the Department as to all other contested issues.

On remand, the Department recalculated Wolverine's cost of production using a weighted-average methodology. The recalculated margin for Wolverine was 0.40 percent. During the 1996 review, Wolverine, which had
