

June 14, 2012, the Court sustained the Department's *Second Remand Results*.⁵

Timken Notice

In its decision in *Timken*, 893 F.2d at 341, as clarified by *Diamond Sawblades*, the Federal Circuit has held that, pursuant to section 516A(e) of the Tariff Act of 1930, as amended ("the Act"), the Department must publish a notice of a court decision not "in harmony" with a Department determination, and must suspend liquidation of entries pending a "conclusive" court decision. The Court's June 14, 2012, order constitutes a final decision of the Court that is not in harmony with the Department's *Final Results*. This notice is published in fulfillment of the publication requirement of *Timken*. Accordingly, the Department will continue the suspension of liquidation of the subject merchandise pending the expiration of the period of appeal, or if appealed, pending a final and conclusive court decision. The cash deposit rate will remain the company-specific rate established for Huarong and TMC for the subsequent and most recent period during which the respondents were reviewed.⁶

Amended Final Determination

Because there is now a final court decision, we are amending the *Final Results* with respect to Huarong and TMC's margin for the period February 1, 2003 through January 30, 2004. The revised weighted-average dumping margins are as follows:

Exporter	Percent margin
Huarong	47.88
TMC	32.15

In the event the Court's ruling is not appealed, or if appealed, upheld by the Federal Circuit, the Department will instruct U.S. Customs and Border Protection to assess antidumping duties on entries of the subject merchandise exported by Huarong and TMC using the revised assessment rates calculated by the Department in the *Second Remand Results*.

This notice is issued and published in accordance with sections 516(A)(e)(1), 751(a)(1), and 777(i)(1) of the Act.
