

selected for mandatory review (*i.e.*, Apex and Devi Fisheries) excluding any which are *de minimis* or determined entirely on adverse facts available.

We will instruct CBP to assess antidumping duties on all appropriate entries covered by this review if any importer-specific assessment rate calculated in the final results of this review is above *de minimis*. Where either the respondent's weighted-average dumping margin is zero or *de minimis*, or an importer-specific assessment rate is zero or *de minimis*, we will instruct CBP to liquidate the appropriate entries without regard to antidumping duties. The final results of this review shall be the basis for the assessment of antidumping duties on entries of merchandise covered by the final results of this review and for future deposits of estimated duties, where applicable.¹⁶

The Department clarified its "automatic assessment" regulation on May 6, 2003. This clarification will apply to entries of subject merchandise during the POR produced by companies included in these final results of review for which these companies did not know that the merchandise was destined for the United States. In such instances, we will instruct CBP to liquidate unreviewed entries at the all-others rate if there is no rate for the intermediate company(ies) involved in the transaction. For a full discussion of this clarification, see *Antidumping and Countervailing Duty Proceedings: Assessment of Antidumping Duties*, 68 FR 23954 (May 6, 2003).

We intend to issue instructions to CBP 15 days after publication of the final results of this review.

Cash Deposit Requirements

The following cash deposit requirements will be effective for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date of the final results of this administrative review, as provided by section 751(a)(2)(C) of the Act: (1) The cash deposit rate for each specific company listed above will be that established in the final results of this review, except if the rate is less than 0.50 percent and, therefore, *de minimis* within the meaning of 19 CFR 351.106(c)(1), in which case the cash deposit rate will be zero; (2) for previously reviewed or investigated companies not participating in this review, the cash deposit will continue to be the company-specific rate published for the most recent period; (3)

if the exporter is not a firm covered in this review, or the original less-than-fair-value (LTFV) investigation, but the manufacturer is, the cash deposit rate will be the rate established for the most recent period for the manufacturer of the merchandise; and (4) the cash deposit rate for all other manufacturers or exporters will continue to be 10.17 percent, the all-others rate made effective by the LTFV investigation.¹⁷ These deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice also serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

We are issuing and publishing these results in accordance with sections 751(a)(1) and 777(i)(1) of the Act.

Dated: March 4, 2013.

Certain Frozen Warmwater Shrimp From the People's Republic of China: Preliminary Results of Administrative Review; 2011-2012

AGENCY: Import Administration, International Trade Administration, Department of Commerce

SUMMARY: In response to requests from interested parties, the Department of Commerce ("Department") is conducting the administrative review of the antidumping duty order on certain frozen warmwater shrimp ("shrimp") from the People's Republic of China ("PRC"), covering the period of review ("POR") from February 1, 2011, through January 31, 2012. As discussed below, the Department preliminarily determines that Zhanjiang Regal Integrated Marine Resources Co., Ltd. ("Regal") did not make sales in the United States at prices below normal value ("NV") during the POR. Additionally, the Department preliminarily determines that Hilltop International ("Hilltop") failed to cooperate to the best of its ability in this review. The Department is finding Hilltop to be part of the PRC-wide entity to which we are applying adverse facts available ("AFA") as discussed below.

PRC-Wide Entity

During the review, Hilltop notified the Department that it declined to answer further requests for information in this proceeding.² Accordingly, the Department will preliminarily treat Hilltop as part of the PRC-wide entity. Because the PRC-wide entity, which includes Hilltop, failed to cooperate by not acting to the best of its ability in this review, we are preliminarily applying adverse facts available ("AFA") to the PRC-wide entity, in accordance with sections 776(a) and (b) of the Tariff Act of 1930, as amended (the "Act").³

Methodology

The Department has conducted this review in accordance with section 751(a)(1)(A) of the Act. Export prices have been calculated in accordance with section 772 of the Act. Because the PRC is a nonmarket economy within the meaning of section 771(18) of the Act, normal value has been calculated in accordance with section 773(c) of the Act. For a full description of the methodology underlying our conclusions, please see the Preliminary Decision Memorandum, dated concurrently with these results and hereby adopted by this notice. The Preliminary Decision Memorandum is a public document and is on file electronically via Import Administration's Antidumping and Countervailing Duty Centralized Electronic Service System ("IA ACCESS"). IA ACCESS is available to registered users at <http://iaaccess.trade.gov> and in the Central Records Unit ("CRU"), room 7046 of the main Department of Commerce building. In addition, a complete version of the Preliminary Decision Memorandum can be accessed directly on the internet at <http://www.trade.gov/ia/>. The signed Preliminary Decision Memorandum and the electronic

versions of the Preliminary Decision Memorandum are identical in content.

Preliminary Determination of No Shipments

On April 18, 2012, the Department received a "no shipment certification" ⁴ from Allied Pacific Food (Dalian) Co., Ltd. and Allied Pacific Aquatic Products (Zhanjiang) Co., Ltd. (collectively "Allied Pacific Group").⁵ On March 28, 2012, the Department received a properly filed "no shipment certification" ⁶ from Shantou Yuexing Enterprise Company ("SYEC"). In its certification, SYEC also requested that the Department rescind the review with respect to SYEC, pursuant to 19 CFR 351.213(d)(3).⁷ On April 6, 2012, the Department received a properly filed "no shipment certification" from Rizhao Smart Foods Co., Ltd. ("Smart Foods")⁸

On April 20, 2012, the Department sent inquiries to U.S. Customs and Border Protection ("CBP") to determine whether CBP entry data is consistent with SYEC's and Allied Pacific Group's no shipments certifications and received no information contrary to that statement. On February 5, 2013, the Department sent an inquiry to CBP to determine whether CBP entry data consistent with Smart Foods no shipment certification and received no information contrary to that statement. As CBP only responds to the Department's inquiry when there are records of shipments from the company in question⁹ and no party submitted comments, we preliminarily determine that SYEC, Allied Pacific Group, and Smart Foods had no shipments during the POR.

Based on SYEC's, Allied Pacific Group's and Smart Foods' certifications and our analysis of CBP information, we

preliminarily determine that SYEC, Allied Pacific Group, and Smart Foods did not have any reviewable transactions during the POR. In addition, the Department finds that consistent with its recently announced refinement to its assessment practice in NME cases, it is appropriate not to rescind the review in part in this circumstance but, rather, to complete the review with respect to SYEC, Allied Pacific Group, and Smart Food and issue appropriate instructions to CBP based on the final results of the review.¹⁰

Preliminary Results of Review

The Department preliminarily determines that the following weighted-average dumping margins exist.

If a request for a hearing is made, the Department will inform parties of the scheduled date for the hearing which will be held at the U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230, at a time and location to be determined. date, time, and location of the hearing. Interested parties are invited to comment on the preliminary results of this review.

Because, as noted below, the Department may verify the information upon which we will rely in making our final determination, the Department will establish the briefing schedule at a later time, and will notify parties of the schedule in accordance with 19 CFR 351.309. Interested parties may file rebuttal briefs, limited to issues raised in the case briefs.¹³ The Department will consider rebuttal briefs filed not later than five days after the time limit for filing case briefs. Parties who submit arguments are requested to submit with each argument a statement of the issue, a brief summary of the argument, and a table of authorities cited. The Department intends to issue the final results of this administrative review, including the results of our analysis of issues raised in the written comments, within 120 days of publication of these preliminary results in the **Federal Register**.

Assessment Rates

Upon issuance of the final results, the Department will determine, and CBP shall assess, antidumping duties on all appropriate entries covered by this review. The Department intends to issue assessment instructions to CBP 15 days after the publication of the final results of this review. For any individually examined respondent whose weighted average dumping margin is above *de minimis* (i.e., 0.50 percent) in the final results of this review, the Department will calculate importer-specific assessment rates on the basis of the ratio of the total amount of dumping calculated for the importer's examined sales and the total entered value of sales, in accordance with 19 CFR 351.212(b)(1). In these preliminary results, the Department applied the assessment rate calculation method adopted in *Final Modification for Reviews*,¹⁴ i.e., on the basis of monthly average-to-average comparisons using only the transactions associated with that importer with offsets being provided for non-dumped comparisons. Where an importer- (or customer-) specific *ad valorem* rate is greater than *de minimis*, the Department will instruct CBP to collect the appropriate

duties at the time of liquidation.¹⁵ Where an importer- (or customer-) specific *ad valorem* is zero or *de minimis*, the Department will instruct CBP to liquidate appropriate entries without regard to antidumping duties.¹⁶

The Department recently announced a refinement to its assessment practice in NME antidumping duty cases. Pursuant to this refinement in practice, for merchandise that was not reported in the U.S. sales databases submitted by an exporter individually examined during this review, but that entered under the case number of that exporter (i.e., at the individually-examined exporter's cash deposit rate), the Department will instruct CBP to liquidate such entries at the PRC-wide rate. Additionally, pursuant to this recently announced refinement, if the Department determines that an exporter under review had no shipments of the subject merchandise, any suspended entries that entered under that exporter's case number will be liquidated at the PRC-wide rate.¹⁷

Cash Deposit Requirements

The following cash deposit requirements will be effective upon publication of the final results of this administrative review for shipments of the subject merchandise from the PRC entered, or withdrawn from warehouse, for consumption on or after the publication date, as provided by sections 751(a)(2)(C) of the Act: (1) For the companies listed above, which has a separate rate, the cash deposit rate will be that established in the final results of this review (except, if the rate is zero or *de minimis*, then zero cash deposit will be required); (2) for previously investigated or reviewed PRC and non-PRC exporters not listed above that received a separate rate in a prior segment of this proceeding, the cash deposit rate will continue to be the existing exporter-specific rate; (3) for all PRC exporters of subject merchandise that have not been found to be entitled to a separate rate, the cash deposit rate will be that for the PRC-wide entity; and (4) for all non-PRC exporters of subject merchandise which have not received their own rate, the cash deposit rate will be the rate applicable to the PRC exporter that supplied that non-PRC exporter. These deposit requirements, when imposed, shall remain in effect until further notice.

Post-Preliminary Results

As further explained in the Preliminary Decision Memorandum, Regal has requested a company-specific revocation pursuant to 19 CFR 351.222.¹⁸ The Department is currently analyzing Regal's request and intends to issue post-preliminary results regarding Regal's revocation request. Additionally, on May 11, 2012, Zhanjiang Newpro Foods Co., Ltd. ("Newpro") submitted a timely separate rate application.¹⁹ When the Department originally reviewed the separate rate application it inadvertently overlooked information regarding the entry documentation. Upon a recent further examination of the separate rate application, the Department discovered a discrepancy that required the Department to request further information from Newpro to determine the appropriateness of granting Newpro a separate rate.²⁰ Until the Department has fully analyzed the recently requested information the Department is unable to make a determination regarding whether it is appropriate to grant Newpro a separate rate. Due to the close proximity to the preliminary results, we are unable to take Newpro's response into consideration for the preliminary results. Newpro's response will be taken into consideration for the post-preliminary results. Because the Department cannot determine Newpro's eligibility for a separate rate for these preliminary results, pending the post-preliminary results, Newpro will remain part of the PRC-wide entity, its status before the filing of this separate rate application in this review.

Notification to Importers

This notice also serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Department's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

This determination is being issued and published in accordance with
