

pursuant to the RHC universal service support mechanism, to determine if entities are complying with the Commission's rules, and to promote program integrity. This information is also necessary in order to allow the Commission to evaluate the extent to which the RHC Program is meeting the statutory objectives specified in section 254(h) of the 1996 Act, and the Commission's performance goals for the RHC Program.

This information collection is being revised to: (1) extend some of the existing information collection requirements for the Healthcare Connect Fund and Telecom Programs; (2) revise some of the information collection requirements for the Healthcare Connect Fund and Telecom Programs as a result of the *2023 Third Report and Order*; and (3) add a new information collection requirement for the Healthcare Connect Fund and Telecom Programs as a result of the *2023 Third Report and Order*. As part of this information collection, the Commission is also revising the FCC Form 460 Template, the FCC Form 461 Template, the FCC Form 465 Template, the FCC Form 466 Template, and the Post-Commitment Template. We propose to make changes to the Post-Commitment Template effective funding year 2024. We propose to make changes to the FCC Form 460 Template, the FCC Form 461 Template, the FCC Form 465 Template, and the FCC Form 466 Template effective funding year 2025. The FCC Form 467 and Telecom Invoice Form will not be used after funding year 2023.

As part of this information collection, the Commission is harmonizing the RHC Program eligibility determination process by using the FCC Form 460 for eligibility determinations in both the Telecom Program and the HCF Program, eliminating the eligibility determination portion from FCC Form 465, which was previously used for eligibility determinations in the Telecom Program. The FCC Form 460 will also be amended to seek information applicable to conditional approvals of eligibility, which will enable health care providers to engage in competitive bidding and request funding (but not receive disbursements) before they become eligible. Additionally, the FCC Form 466 will be amended effective to reflect a streamlined process for calculating urban rates. Finally, the information collection will be updated to allow health care providers to update the time period covered by evergreen contract designations.

The Healthcare Connect Fund Program currently includes FCC Forms 460, 461, 462, and 463. Effective

funding year 2024, the Telecom Program includes FCC Forms 465, 466, and 469 and will include the FCC Form 460 starting in funding year 2025. The information on the FCC Form templates is a representative description of the information to be collected via an online portal and is not intended to be a visual representation of what each applicant or service provider will see, the order in which they will see information, or the exact wording or directions used to collect the information. Where possible, information already provided by applicants from previous filing years or that was pre-filed in the system portal will be carried forward and auto-generated into the form to simplify the information collection for applicants.
