We are soliciting public comments to permit the Department to:

- Evaluate whether the proposed information collection is necessary for the proper functions of the Department.
- Evaluate the accuracy of our estimate of the time and cost burden for this proposed collection, including the validity of the methodology and assumptions used.

- Enhance the quality, utility, and clarity of the information to be collected.

- Minimize the reporting burden on those who are to respond, including the use of automated collection techniques or other forms of information technology.

Please note that comments submitted in response to this Notice are public record. Before including any detailed personal information, you should be aware that your comments as submitted, including your personal information, will be available for public review.

Abstract of Proposed Collection

The Department of State will use Form DS-1648 to elicit information from applicants who are applying for an A, G, or NATO visa in the United States, excluding applicants for an A-3, G-5 or NATO-7 visa. Sections 101(a)(15)(A) and (G) of the Immigration and Nationality Act (INA), and 22 CFR 41.25, 41.26, and 41.27, describe the criteria for these nonimmigrant visa classifications.

Methodology

The DS-1648 will be submitted electronically to the Department. The applicant will be instructed to print a confirmation page containing a bar coded record locator, which will be scanned at the time of processing.

Edward J. Ramotowski,

Deputy Assistant Secretary.

[Docket No. FAA 2019-0659]

Agency Information Collection

Activities: Requests for Comments; Clearance of a Renewed Approval of Information Collection: Reduction of Fuel Tank Flammability on Transport Category Airplanes

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice and request for comments.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, the FAA invites public comments about our intention to request Office of Management and Budget (OMB) approval to renew an information collection. The FAA's Fuel Tank Flammability Safety rulemaking requires manufacturers to provide a report to the FAA every 6 months for up to 5 years after the flammability reduction system is incorporated into the fleet. The data collection is needed to assure system performance meets that predicted at the time of certification.
