DEPARTMENT OF HEALTH AND HUMAN SERVICES

Substance Abuse and Mental Health Services Administration

Agency Information Collection Activities: Proposed Collection; Comment Request

In compliance with Section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995 concerning opportunity for public comment on proposed collections of information, the Substance Abuse and Mental Health Services Administration (SAMHSA) will publish periodic summaries of proposed projects. To request more information on the proposed projects or to obtain a copy of the information collection plans, call the SAMHSA Reports Clearance Officer on (240) 276-1243.

Comments are invited on: (a) Whether the proposed collections of information are necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility;

(b) the accuracy of the agency's estimate of the burden of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

Proposed Project: National Evaluation of the Comprehensive Community Mental Health Services for Children and Their Families Program: Phase IV—(OMB No. 0930-0257)—Revision

SAMHSA's Center for Mental Health Services is responsible for the national evaluation of the Comprehensive Community Mental Health Services for Children and Their Families Program that will collect data on child mental health outcomes, family life, and service system development and performance.

The national evaluation of the Comprehensive Community Mental Health Services for Children and Their Families Program will collect data on child mental health outcomes, family life, and service system development and performance. Data will be collected on 27 service systems, and roughly 5,922 children and families. Data collection for this evaluation is conducted over a 5-year period. The core of service system data will be collected every 18 months throughout the 5-year evaluation period, with a sustainability survey conducted in selected years. Service delivery and system variables of interest include the following: Maturity of system of care development, adherence to the system of care program model, and client service experience. The length of time that individual families will participate in the study ranges from 18 to 36 months depending on when they enter the evaluation. Child and family outcomes of interest will be collected at intake and during subsequent follow-up

sessions at 6-month intervals. The outcome measures include the following: Child symptomatology and functioning, family functioning, material resources, and caregiver strain. Time-limited studies addressing the cultural competence of services and the role of primary care providers in systems of care will be conducted at selected points during the evaluation period. Internet-based technology will be used for collecting data via Web-based surveys and for data entry and management. The average annual respondent burden is estimated below for the final 3 years of data collection. The estimate reflects the average number of respondents in each respondent category, the average number of responses per respondent per year, the average length of time it will take for each response, and the total average annual burden for each category of respondent, and for all categories of respondents combined.

This revision to the currently approved information collection activities includes: (1) The addition of a Primary Care Study, and (2) the addition of a Treatment Effectiveness Study. The Primary Care Study seeks to investigate the role of primary health care practitioners (PCPs) in systems of care and to further understand the impact of services provided within primary care on child and family outcomes. One goal of this study is to identify strategies that help primary care and mental health care providers to work together effectively. Another is to identify ways to integrate PCPs into systems of care. The treatment effectiveness study will examine the relative impact of community-based treatments focused within system of care sites. This study will focus on a community-based practice that has not accumulated research evidence, but rather through community-based implementation that has accumulated practice-based evidence.

BILLING CODE 4162-20-P

DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

[Docket No. FR-5037-N-91]

Notice of Submission of Proposed Information Collection to OMB; Alaska Native/Native Hawaiian Institutions Assisting Communities (AN/NHAIC)

AGENCY: Office of the Chief Information Officer, HUD.

ACTION: Notice.

SUMMARY: The proposed information collection requirement described below has been submitted to the Office of Management and Budget (OMB) for review, as required by the Paperwork Reduction Act. The Department is soliciting public comments on the subject proposal.

Alaska Native/Native Hawaiian colleges and universities apply for competitive grants to undertake

Community Development Block Grant (CDBG)-eligible activities to expand their role helping their communities with neighborhood revitalization, housing, and economic development.

DATES: *Comments Due Date: January 16, 2007.*

ADDRESSES: Interested persons are invited to submit comments regarding this proposal. Comments should refer to the proposal by name and/or OMB approval Number (2528-0206) and should be sent to: HUD Desk Officer, Office of Management and Budget, New Executive Office Building, Washington, DC 20503; fax: 202-395-6974.

FOR FURTHER INFORMATION CONTACT:

Lillian Deitzer, Departmental Reports Management Officer, QDAM, Department of Housing and Urban Development, 451 Seventh Street, SW., Washington, DC 20410; e-mail Lillian_L_Deitzer@HUD.gov or telephone (202) 708-2374. This is not a toll-free number. Copies of available documents submitted to OMB may be obtained from Ms. Deitzer or from HUD's Web site at <http://hlannwp031.hud.gov/po/i/icbts/collectionsearch.cfm>.

SUPPLEMENTARY INFORMATION: This notice informs the public that the Department of Housing and Urban Development has submitted to OMB a request for approval of the information collection described below. This notice is soliciting comments from members of

the public and affecting agencies concerning the proposed collection of information to: (1) Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (2) Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information; (3) Enhance the quality, utility, and clarity of the information to be collected; and (4) Minimize the burden of the collection of information on those who are to respond; including through the use of appropriate automated collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

This notice also lists the following information:

Title of Proposal: Alaska Native/Native Hawaiian Institutions Assisting Communities (AN/NHAIC).

OMB Approval Number: 2528-0206.

Form Numbers: SF-424, SF-424

Supplement, SF-LLL, HUD-424-CB, HUD-27300, HUD-2880, HUD-2993, HUD-96011, HUD-2994-A and HUD-96010 and HUD-2993.

Description of the Need for the Information and its Proposed Use:

Alaska Native/Native Hawaiian colleges and universities apply for competitive grants to undertake Community Development Block Grant (CDBG)-eligible activities to expand their role
