

NMFS has determined that, under 5 U.S.C. 553(b)(B), there is good cause to waive the requirement for prior notice and an opportunity for public comment on this temporary rule as such procedures would be impracticable and contrary to the public interest. Given the public interest in affording vessel owners adequate time to make necessary permit category changes, further delay in the implementation of this action to provide an opportunity for public comment would be impracticable and contrary to the public interest.

Because this temporary rule relieves a restriction, under 5 U.S.C. 553(d)(1) it is not subject to a 30-day delay in effective date. NMFS has the ability to rapidly communicate the new deadline to fishery participants through its FAX network and HMS Information Line.

Because prior notice and opportunity for public comment for this temporary rule is not required under 5 U.S.C. 553 or by any other law, it is not subject to the analytical requirements of the Regulatory Flexibility Act. Accordingly, a Regulatory Flexibility Analysis has not been was not prepared.

List of Subjects in 50 CFR Part 635

Fisheries, Fishing, Fishing vessels, Foreign relations, Intergovernmental relations, Penalties, Reporting and recordkeeping requirements, Statistics, Treaties.

Dated: May 25, 2001.

Rolland A. Schmitt,

Acting Assistant Administrator for Fisheries, National Marine Fisheries Service.

For the reasons set out in the preamble, 50 CFR part 635 is amended as follows:

PART 635—ATLANTIC HIGHLY MIGRATORY SPECIES

1. The authority citation for part 635 continues to read as follows:

Authority: 16 U.S.C. 971 *et seq.* and 16 U.S.C. 1801 *et seq.*

2. In § 635.4, paragraph (d)(3) is suspended and a new paragraph (d)(6) is added to read as follows:

§ 635.4 Permits and fees.

* * * * *

(d) * * *

(6) Except for purse seine vessels for which a permit has been issued under this section, an owner may change the category of the vessel's Atlantic tunas or HMS Charter/Headboat permit to another category through the automated call-in permitting system at 888-872-8862 or through the internet at <http://www.usatuna.com> before the specified deadline. A vessel owner may change

the category of the vessel's permit no more than once each year and only from January 1 through the deadline. After the deadline through December 31, the vessel's permit category may not be changed, regardless of a change in the vessel's ownership. In 2001, the deadline for category changes is 11:59 p.m. on May 31. In years after 2001, the deadline for category changes is 11:59 p.m. on May 15.

National Oceanic and Atmospheric Administration

50 CFR Part 679

[Docket No. 010112013-1013-01; I.D. 052501D]

Fisheries of the Economic Exclusive Zone Off Alaska; Deep-Water Species Fishery by Vessels Using Trawl Gear in the Gulf of Alaska

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Closure.

SUMMARY: NMFS is prohibiting directed fishing for species that comprise the deep-water species fishery by vessels using trawl gear in the Gulf of Alaska (GOA). This action is necessary because the second seasonal apportionment of the 2001 Pacific halibut bycatch allowance specified for the deep-water species fishery in the GOA has been caught.

DATES: Effective 1200 hrs, Alaska local time (A.l.t.), May 25, 2001, until 1200 hrs, A.l.t., July 1, 2001.

FOR FURTHER INFORMATION CONTACT: Mary Furuness, 907-586-7228.

SUPPLEMENTARY INFORMATION: NMFS manages the groundfish fishery in the GOA exclusive economic zone according to the Fishery Management Plan for Groundfish of the Gulf of Alaska (FMP) prepared by the North Pacific Fishery Management Council under authority of the Magnuson-Stevens Fishery Conservation and Management Act. Regulations governing fishing by U.S. vessels in accordance with the FMP appear at subpart H of 50 CFR part 600 and 50 CFR part 679.

The Pacific halibut bycatch allowance for the GOA trawl deep-water species fishery, which is defined at § 679.21(d)(3)(iii)(B), was established by the Final 2001 Harvest Specifications

and Associated Management Measures for the Groundfish Fisheries Off Alaska (66 FR 7276, January 22, 2001) for the second season, the period April 1, 2001, through June 10, 2001, as 300 metric tons.

In accordance with § 679.21(d)(7)(i), the Administrator, Alaska Region, NMFS (Regional Administrator), has determined that the second seasonal apportionment of the 2001 Pacific halibut bycatch allowance specified for the trawl deep-water species fishery in the GOA has been caught. Consequently, NMFS is prohibiting directed fishing for the deep-water species fishery by vessels using trawl gear in the GOA. The species and species groups that comprise the deep-water species fishery are: all rockfish of the genera *Sebastes* and *Sebastolobus*, deep water flatfish, rex sole, arrowtooth flounder, and sablefish.

Maximum retainable bycatch amounts may be found in the regulations at § 679.20(e) and (f).

Classification

This action responds to the best available information recently obtained from the fishery. The Assistant Administrator for Fisheries, NOAA, finds that the need to immediately implement this action to prevent exceeding the second seasonal apportionment of the 2001 Pacific halibut bycatch allowance specified for the trawl deep-water species fishery in the GOA constitutes good cause to waive the requirement to provide prior notice opportunity for public comment pursuant to the authority set forth at 5 U.S.C. 553(b)(3)(B) and 50 CFR 679.20(b)(3)(iii)(A), as such procedures would be unnecessary and contrary to the public interest. Similarly, the need to implement these measures in a timely fashion to prevent exceeding the second seasonal apportionment of the 2001 Pacific halibut bycatch allowance specified for the trawl deep-water species fishery in the GOA constitutes good cause to find that the effective date of this action cannot be delayed for 30 days. Accordingly, under 5 U.S.C. 553(d), a delay in the effective date is hereby waived.

This action is required by § 679.20 and is exempt from review under Executive Order 12866.

Authority: 16 U.S.C. 1801 *et seq.*

Dated: May 25, 2001.

Richard W. Surdi,

Acting Office Director, Office of Sustainable Fisheries, National Marine Fisheries Service.
