Specialist, FAA, Central Region, 901 Locust, Kansas City, MO 64106–2325, (816) 329–2642. The request to release property may be reviewed in person at this same location.

**SUPPLEMENTARY INFORMATION:** The FAA proposes to rule and invites public comment on the request to release property at the Des Moines International Airport under the provisions of AIR 21.

On January 19, 2007, the FAA determined that the request to release property at the Des Moines International Airport submitted by the City of Des Moines, met the procedural requirements of the Federal Aviation Administration. The FAA will approve or disapprove the request, in whole or in part, no later than April 30, 2007.

The following is a brief overview of

the request.

The City of Des Moines requests the release of approximately 5.07 acres of airport property. The land is not being used for future aeronautical purposes. The release of the property will allow for the sale of the land to generate revenue for the airport. The proceeds would be used for future FAA Airport Improvement Program (AIP) eligible projects at the Des Moines International Airport.

Any person may inspect the request in person at the FAA office listed above under FOR FURTHER INFORMATION CONTACT.

In addition, any person may, upon request, inspect the application, notice and other documents germane to the request in person at the City of Des Moines, Des Moines, Iowa.

Issued in Kansas City, Missouri, on January 19, 2007.
