

Television Fixed Service (ITFS) and the Multipoint Distribution Service (MDS), Maritime Services (excluding ships), and Aviation Services (excluding aircraft). It may also be used to modify or renew an existing license, cancel a license, withdraw a pending application, obtain a duplicate license, submit required notifications, request an extension of time to satisfy construction requirements, or request an administrative update to an existing license (such as mailing address change), request a Special Temporary Authority (STA) or a Developmental License.

The form 601 is being revised to add a National Security Certification that is applicable to applicants for licenses issued as a result of the Middle Class Tax Relief and Job Creation Act of 2012 (2012 Spectrum Act). Section 6004 of the 2012 Spectrum Act, 47 U.S.C 1404, prohibits a person who has been, for reasons of national security, barred by any agency of the Federal Government from bidding on a contract, participating in an auction, or receiving a grant from participating in any auction that is required or authorized to be conducted pursuant to the 2012 Spectrum Act.

On June 27, 2013, the Commission released a Report and Order (R&O), FCC 13–88, WT Docket No. 12–357, in which it established service rules and competitive bidding procedures for the 1915–1920 MHz and 1995–2000 MHz bands. See Service Rules for the Advanced Wireless Services H Block-Implementing Section 6401 of the Middle Class Tax Relief and Job Creation Act of 2012 Related to the 1915–1920 MHz and 1995–2000 MHz Bands, *Report and Order*, FCC 13–88, 28 FCC Rcd 9483 (2013). The R&O also implemented Section 6004 by requiring that a party seeking to participate in any auction conducted pursuant to the 2012 Spectrum Act certify in its application, under penalty of perjury, the applicant and all of the related individuals and entities required to be disclosed on its application are not person(s) who have been, for reasons of national security, barred by any agency of the Federal Government from bidding on a contract, participating in an auction, or receiving a grant and thus statutorily prohibited from participating in such a Commission auction or being issued a license. The Commission therefore seeks approval for a revision to its currently approved information collection on FCC Form 601 to include this additional certification. The revised collection will enable the Commission to determine whether an applicant's request for a license pursuant to the 2012 Spectrum Act is consistent with Section 6004.

Additionally, the form 601 is being revised to update the Alien Ownership certifications pursuant to the Second Report and Order FCC 13–50 IB Docket 11–133 Review of Foreign Ownership Policies for Common Carrier and Aeronautical Radio Licensees under Section 310(b)(4) of the Communications Act of 1934, as Amended.

The addition of the National Security Certification and the revision to the Alien Ownership certification result in no change in burden for the revised collection. The Commission estimates that the additional certification will not measurably increase the estimated average amount of time for respondents to complete FCC Form 601 across the range of applicants or for Commission staff to review the applications.

In the *Declaratory Ruling*, the Commission clarified that one-line captioned telephone voice carry over (VCO) service is a type of telecommunications relay service (TRS) and that eligible providers of such services are eligible to recover their costs in accordance with section 225 of the Communications Act. The Commission also clarified that certain TRS mandatory minimum standards does not apply to one-line captioned telephone VCO service, and waived 47 CFR 64.604(a)(1) and (a)(3) of the Commission's rules for all current and future captioned telephone VCO service providers, for the same period of time beginning August 1, 2003. The waivers were contingent on the filing of annual reports, for a period of three years, with the Commission. On July 19, 2005, the Commission released a *Order*, In the Matter of Telecommunication Relay Services and Speech-to-Speech Services for Individuals with Hearing and Speech Disabilities, CC Docket No. 98–67 and CG Docket No. 03–123, published at 70 FR 54294, September 14, 2005, that clarified two-line captioned telephone VCO service, like one-line captioned telephone VCO service, is a type of TRS eligible for compensation from the Interstate TRS Fund. Also, the Commission clarified that certain TRS mandatory minimum standards do not apply to two-line captioned VCO service, and waived 47 CFR 64.604(a)(1) and (a)(3) of the Commission's rules, for providers who offers two-line captioned VCO service. This clarification increased the number of providers who will be providing one-line and two-line captioned telephone VCO services.

On January 11, 2007, the Commission released a *Declaratory Ruling*, In the Matter of Telecommunications Relay Services and Speech-to-Speech Services for Individuals with Hearing and Speech Disabilities, CG Docket No. 03–123, published at 72 FR 6960, February 14, 2007, granting a request for clarification that Internet Protocol (IP) captioned telephone relay service (IP CTS) is a type of TRS eligible for compensation from the Interstate TRS Fund (Fund) when offered in

The *Report and Order* regulates practices relating to the marketing of IP CTS, imposes certain requirements for the provision of this service, and mandates registration and certification of IP CTS users.
