General description of report: This information collection is voluntary (12 U.S.C. § 248(a)(2)) and is given confidential treatment (5 U.S.C. § 552(b)(4)).

Abstract: The Survey of Terms of Bank Lending provides unique information concerning the price and certain nonprice terms of loans made to businesses and farmers by commercial banks. The reports are completed for the first full business week of the mid-month of each quarter (February, May, August, and November). The FR 2028A and B collect detailed data on individual loans made during the survey week. The FR 2028S collects the prime interest rate for each day of the survey. From these sample STBL data, estimates of the terms of business and farm loans extended during the reporting week at all insured U.S. commercial banks are constructed. The estimates for business loans are published in the quarterly E.2 release, "Survey of Terms of Bank Lending," while estimates for farm loans are published in the quarterly E.15 release, "Agricultural Finance Databook."

Current actions: The Federal Reserve proposes to revise the FR 2028A by: (1) adding a field for the date on which the terms, including pricing, for loans made under formal commitment became effective, (2) reducing the number of base pricing rate options from five to one, (3) deleting the item indicating whether loans are callable, (4) modifying the format of the recalculation and maturity date items, and (5) making minor clarifications to the instructions. The Federal Reserve also proposes to revise the FR 2028B by modifying the format of the recalculation and maturity date items. The proposed revisions to reporting forms and instructions would be effective for the May 2003 survey week. No changes are proposed to the FR 2028S. The FR 2028A and FR 2028B reporting instructions would be revised according to the proposed changes, with other minor clarifications.
