Background: The Commission instituted the investigation in response to a letter from the Committee on Finance dated December 17, 2014. In that letter the Committee asked that the Commission institute an investigation and provide a report that includes, to the extent possible, the following: (1) An overview of Cuba's imports of goods and services from 2005 to the present, including identification of major supplying countries, products, and market segments; (2) a description of how U.S. restrictions on trade, including those relating to export financing terms and travel to Cuba by U.S. citizens, affect Cuban imports of U.S. goods and services; and (3) for sectors where the impact is likely to be significant, a qualitative and, to the extent possible, quantitative estimate of U.S. exports of goods and services to Cuba in the event that statutory, regulatory, or other trade restrictions on U.S. exports of goods and services as well as travel to Cuba by U.S. citizens are lifted. The Committee also asked that the report include, to the extent possible, state-specific analysis of the impacts described above, and that the report be transmitted by September 15, 2015. In response, the Commission instituted the current investigation and published a notice of the investigation in the **Federal Register** on February 4, 2015 (80 FR 6137). The Commission also announced that it would hold a hearing in the course of the investigation, and the hearing was subsequently rescheduled to and held on June 2, 2015, with post-hearing briefs and statements due on June 9, 2015, and all other written submissions due on June 19, 2015 (see Commission notice published in the **Federal Register** on March 4, 2015, 80 FR 11689).

In a letter dated and received on August 19, 2015, the Committee asked that the Commission expand the scope of its report to include:

(1) A qualitative analysis of existing Cuban non-tariff measures, Cuban institutional and infrastructural factors, and other Cuban barriers that inhibit or affect the ability of U.S. and non-U.S. firms to conduct business in and with Cuba, with such measures, factors, and barriers to include, to the extent feasible, but not be limited to, the following topics: restrictions on trade and investment; property rights and ownership; customs duties and

procedures; sanitary and phytosanitary measures; state trading; protection of intellectual property rights; and infrastructure as it affects telecommunications, port facilities, and the storage, transport, and distribution of goods;

(2) a qualitative analysis of any effects that such measures, factors, and barriers would have on U.S. exports of goods and services to Cuba in the event of changes to statutory, regulatory, or other trade restrictions on U.S. exports of goods and services to Cuba; and

(3) to the extent feasible, a quantitative analysis of the aggregate effects of Cuban tariff and non-tariff measures on the ability of U.S. and non-U.S. firms to conduct business in and with Cuba.

In its letter of August 19, 2015, the Committee asked that the Commission transmit its completed report by March 17, 2016.

Written Submissions: The Commission does not plan to hold a further public hearing in this investigation. However, interested parties are invited to file written submissions concerning this investigation. All written submissions should be addressed to the Secretary, and all such submissions should be received no later than 5:15 p.m., October 23, 2015. All written submissions must conform to the provisions of section 201.8 of the Commission's Rules of Practice and Procedure (19 CFR 201.8). Section 201.8 and the Commission's Handbook on Filing Procedures require that interested parties file documents electronically on or before the filing deadline and submit eight (8) true paper copies by 12:00 p.m. eastern time on the next business day. In the event that confidential treatment of a document is requested, interested parties must file, at the same time as the eight paper copies, at least four (4) additional true paper copies in which the confidential information must be deleted (see the following paragraph for further information regarding confidential business information). Persons with questions regarding electronic filing should contact the Secretary (202-205-2000).

Any submissions that contain confidential business information (CBI) must also conform to the requirements of section 201.6 of the Commission's Rules of Practice and Procedure (19 CFR 201.6). Section 201.6 of the rules requires that the cover of the document and the individual pages be clearly marked as to whether they are the "confidential" or "non-confidential" version, and that the confidential business information is clearly

identified by means of brackets. All written submissions, except for confidential business information, will be made available for inspection by interested parties.

The Committee has asked that the Commission's report not contain any confidential business information. Any confidential business information received by the Commission in this investigation and used in preparing this report will not be published in a manner that would reveal the operations of the firm supplying the information.

Summaries of Written Submissions: The Commission intends to publish summaries of the positions of interested persons in an appendix to its report. Persons wishing to have a summary of their position included in the appendix should include a summary with their written submission. The summary may not exceed 500 words, should be in MSWord format or a format that can be easily converted to MSWord, and should not include any confidential business information. The summary will be published as provided if it meets these requirements and is germane to the subject matter of the investigation. In the appendix the Commission will identify the name of the organization furnishing the summary, and will include a link to the Commission's Electronic Document Information System (EDIS) where the full written submission can be found.

By order of the Commission.

Issued: September 3, 2015.

Lisa R. Barton,

Secretary to the Commission.

Hearing-impaired persons are advised that information on this matter can be obtained by contacting the Commission's TDD terminal on (202) 205-1810.

SUPPLEMENTARY INFORMATION: The Commission instituted this investigation on July 14, 2014, based on a complaint filed by Navico, Inc. of Tulsa, Oklahoma, and Navico Holding AS, of Egersund, Norway (collectively, "Navico"). 79 *Fed. Reg.* 40778 (July 14, 2014). The complaint alleged violations of section 337 of the Tariff Act of 1930, as amended, 19 U.S.C. 1337, by reason of the importation into the United States, the sale for importation, and the sale within the United States after importation of certain marine sonar imaging devices, including downscan and sidescan devices, products containing the same, and components thereof. *Id.* The complaint alleged the infringement of certain claims of U.S. Patent Nos. 8,305,840 ("the '840 patent"), 8,300,499 ("the '499 patent"), and 8,605,550 ("the '550 patent"). *Id.* The notice of investigation named Garmin International, Inc. and Garmin USA, Inc., each of Olathe, Kansas, Garmin (Asia) Corporation of New Taipei City, Taiwan (collectively, "Garmin"), and Garmin North America, Inc. as respondents. *Id.* The Office of Unfair Import Investigations ("OUII") was also named as a party. *Id.* The Commission later terminated the investigation as to Garmin North

America, Inc. and various of the asserted claims. Notice (Dec. 31, 2014) (determining not to review Order No. 10 (Dec. 2, 2014)); Notice (Jan. 9, 2015) (determining not to review Order No. 11 (Dec. 11, 2014)); Notice (Jan. 13, 2015) (determining not to review Order No. 13 (Dec. 17, 2014)).

On July 2, 2015, the ALJ issued a final ID finding no violation of section 337 with respect to all three asserted patents. Specifically, the ALJ found that the asserted claims of each patent are not infringed and were not shown to be invalid for anticipation or obviousness. The ALJ found that the economic prong of the domestic industry requirement was not satisfied with respect to the '550 patent. The ALJ also issued a Recommended Determination on Remedy and Bonding ("RD"), recommending, if the Commission finds a section 337 violation, that a limited exclusion order and a cease and desist order should issue and that a bond should be imposed at a reasonable royalty of eight percent for each infringing device imported during the period of presidential review.

On July 20, 2015, Navico, Garmin, and OUII timely filed petitions for review challenging various findings in the final ID. On July 28, 2015, the parties filed responses. On August 5, 2015, Navico and Garmin filed a post-RD statement on the public interest under Commission Rule 210.50(a)(4). The Commission did not receive any post-RD public interest comments from the public. *See* 80 *FR* 39799 (July 10, 2015).

Having examined the record of this investigation, including the ID, the petitions for review, and the responses thereto, the Commission has determined to review the ALJ's determination of no violation in part. Specifically, the Commission has determined to review (1) the ALJ's construction of the limitation "single linear downscan transducer element" recited in claims 1 and 23 of the '840 patent (and its variants in the '499 and '550 patents); (2) the ALJ's construction of the limitation "combine" (and its variants) recited in claims 1, 24, and 43 of the '499 patent; (3) the ALJ's findings of noninfringement with respect to the three asserted patents; (4) the ALJ's findings of validity with respect to the three asserted patents; and (5) the ALJ's finding regarding the economic prong of the domestic industry requirement with respect to the '550 patent.

The Commission has determined not to review the remaining issues decided in the final ID.

The parties are requested to brief their positions on the issues under review
