DEPARTMENT OF HEALTH AND HUMAN SERVICES

Centers for Medicare & Medicaid Services

[Document Identifier: CMS–1780–20]

Agency Information Collection Activities: Proposed Collection; Comment Request

AGENCY: Centers for Medicare & Medicaid Services, Health and Human Services (HHS).

ACTION: Notice.

SUMMARY: The Centers for Medicare & Medicaid Services (CMS) is announcing an opportunity for the public to comment on CMS' intention to collect

information from the public. Under the Paperwork Reduction Act of 1995 (the PRA), federal agencies are required to publish notice in the **Federal Register** concerning each proposed collection of information (including each proposed extension or reinstatement of an existing collection of information) and to allow 60 days for public comment on the proposed action. Interested persons are invited to send comments regarding our burden estimates or any other aspect of this collection of information, including the necessity and utility of the proposed information collection for the proper performance of the agency's functions, the accuracy of the estimated burden, ways to enhance the quality, utility, and clarity of the information to be collected, and the use of automated collection techniques or other forms of information technology to minimize the information collection burden.

DATES: Comments must be received by July 10, 2023.

ADDRESSES: When commenting, please reference the document identifier or OMB control number. To be assured consideration, comments and recommendations must be submitted in any one of the following ways:

1. *Electronically.* You may send your comments electronically to <http://www.regulations.gov>. Follow the instructions for “Comment or Submission” or “More Search Options” to find the information collection document(s) that are accepting comments.

2. *By regular mail.* You may mail written comments to the following address: CMS, Office of Strategic Operations and Regulatory Affairs, Division of Regulations Development, Attention: Document Identifier/OMB Control Number: ___, Room C4–26–05, 7500 Security Boulevard, Baltimore, Maryland 21244–1850.

To obtain copies of a supporting statement and any related forms for the proposed collection(s) summarized in this notice, please access the CMS PRA website by copying and pasting the following web address into your web browser: <https://www.cms.gov/Regulations-and-Guidance/Legislation/PaperworkReductionActof1995/PRA-Listing>.

This notice sets out a summary of the use and burden associated with the following information collections. More detailed information can be found in each collection's supporting statement

and associated materials (see **ADDRESSES**).

CMS–1780–20 Home Health Agency Cost Report

Under the PRA (44 U.S.C. 3501–3520), federal agencies must obtain approval from the Office of Management and Budget (OMB) for each collection of information they conduct or sponsor. The term “collection of information” is defined in 44 U.S.C. 3502(3) and 5 CFR 1320.3(c) and includes agency requests or requirements that members of the public submit reports, keep records, or provide information to a third party. Section 3506(c)(2)(A) of the PRA requires federal agencies to publish a 60-day notice in the **Federal Register** concerning each proposed collection of information, including each proposed extension or reinstatement of an existing collection of information, before submitting the collection to OMB for approval. To comply with this requirement, CMS is publishing this notice.

Information Collection

1. *Type of Information Collection Request:* Extension of a currently approved collection; *Title of Information Collection:* Home Health Agency Cost Report; *Use:* The Form CMS–1728–20 cost report is used to determine a provider's reasonable cost incurred in furnishing medical services to Medicare beneficiaries and reimbursement due to or from a provider. The Form CMS–1728–20 cost report is also used for annual rate setting and payment refinement activities, including developing a home health market basket. Additionally, the Medicare Payment Advisory Commission (MedPAC) uses the home health cost report data to calculate Medicare margins, to formulate recommendations to Congress regarding the HHA PPS, and to conduct additional analysis of the HHA PPS.

The primary function of the cost report is to implement the principles of cost reimbursement which require that HHAs maintain sufficient financial records and statistical data for proper determination of costs payable under the program. The S series of worksheets collects the provider's location, CBSA, date of certification, operations, and unduplicated census days. The A series of worksheets collects the provider's trial balance of expenses for overhead costs, direct patient care services by level of care, and non-revenue generating cost centers. The B series of worksheets allocates the overhead costs to the revenue and non-revenue generating cost centers using functional

statistical bases. The C series of worksheets computes the average cost per visit for HHA services. The D series of worksheets are Medicare specific and are used to determine reimbursement due to the provider or program. The F series of worksheets collect data from a provider's balance sheet and income statement. *Form Number:* CMS-1780-20 (OMB control number: 0938-0022); *Frequency:* Yearly; *Affected Public:* Private Sector—Business or other for-profits, Not-for-profit institutions; *Number of Respondents:* 10,944; *Total Annual Responses:* 10,944; *Total Annual Hours:* 2,134,080. (For policy questions regarding this collection contact LuAnn Piccione at (410) 786-5423.)

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Administration for Children and Families

Proposed Information Collection Activity; Mother and Infant Home Visiting Program Evaluation: Long-Term Follow-Up, Third Grade Data Collection (Office of Management and Budget #0970-0402)

AGENCY: Office of Planning, Research, and Evaluation, Administration for

Children and Families, Department of Health and Human Services.

ACTION: Request for public comments.

SUMMARY: The Administration for Children and Families (ACF), in partnership with the Health Resources and Services Administration, both of the U.S. Department of Health and Human Services (HHS), is proposing to collect data as part of the elementary school phase of the Mother and Infant Home Visiting Program Evaluation (MIHOPE). MIHOPE is a longitudinal study of the effects of Maternal, Infant, and Early Childhood Home Visiting (MIECHV)-funded home visiting on child and family outcomes. The purpose of the MIHOPE Long-Term Follow-Up, Third grade (MIHOPE-3G) data collection, which will focus on children when they are in approximately third grade, is to assess the long-term effects of MIECHV-funded home visiting on families and children when participating children are in elementary school.

DATES: *Comments due within 60 days of publication.* In compliance with the requirements of the Paperwork Reduction Act of 1995, ACF is soliciting public comment on the specific aspects of the information collection described above.

ADDRESSES: You can obtain copies of the proposed collection of information and submit comments by emailing OPREinfocollection@acf.hhs.gov. Identify all requests by the title of the information collection.

SUPPLEMENTARY INFORMATION:

Description: To date, MIHOPE has been collecting data through the time

children in the study were in approximately kindergarten. The currently approved materials under this OMB number include those for the kindergarten follow-up. The kindergarten direct data collection with study participants is complete, but some administrative data are still being collected from states and local education agencies.

This request is to complete administrative data collection for the kindergarten follow-up and to conduct the following data collection activities for MIHOPE 3G: (1) child welfare records data collection from states and (2) school records data collection from states and local education agencies. Future information collection requests and related **Federal Register** notices will describe future data collection efforts for this project.

Data collected during the third-grade follow-up study is being used to estimate the effects of MIECHV-funded programs on the following seven domains: (1) maternal health, (2) child health, (3) child development and school performance, (4) child maltreatment, (5) parenting, (6) crime or domestic violence, and (7) family economic self-sufficiency.

Respondents: For MIHOPE-3G, we will seek to obtain child welfare data from 11 states and school records data from up to 48 states and local education agencies. This data will be collected for 4,105 families who are currently participating in MIHOPE.

ANNUAL BURDEN ESTIMATES

Instrument	Number of respondents (total over request period)	Number of responses per respondent (total over request period)	Average burden per response (in hours)	Total burden (in hours)	Annual burden (in hours)
Remaining Burden for Kindergarten Follow-up					
State and local education agency school records: data file submission ..	8	1	15.6	125	42
State child welfare records: data file submission	5	1	8.4	42	14
New Request for MIHOPE-3G					
State and local education agency school records: data file submission ..	48	2	33.75	3,240	1,080
State child welfare records: data file submission	11	^a 2.1	21.43	495	165

Note: ^a The 2.1 responses is a weighted average that reflects that the study team expects to collect 2 data extracts from 10 states and 3 data extracts from 1 state.

Estimated Total Annual Burden Hours: 1,301.

Comments: The Department specifically requests comments on (a)

whether the proposed collection of information is necessary for the proper
