### Overview of This Information Collection

1. *Type of Information Collection:* Revision of a currently approved collection.

2. *The Title of the Form/Collection:* Voluntary Appeal File (VAF) Application Form.

3. *The agency form number, if any, and the applicable component of the Department sponsoring the collection:* 1110-0043 The applicable component within the Department of Justice is the Federal Bureau of Investigation, Criminal Justice Information Services Division.

4. *Affected public who will be asked or required to respond, as well as a brief abstract:* Primary: Potential firearm purchasers. If a potential purchaser is delayed or denied a firearm and successfully appeals the decision, the NICS Section cannot retain a record of the overturned appeal or the supporting documentation. If the record is not able to be updated or the fingerprints are non-identical to a disqualifying record used in the evaluation, the purchaser continues to be delayed or denied, and if that individual appeals the decision, the documentation/information (e.g., fingerprint cards, court records, pardons, etc.) must be resubmitted for every subsequent purchase. The VAF was established per 28 CFR, Part 25.10(g), for this reason. By this process, applicants can voluntarily request the NICS Section maintain information about themselves in the VAF to prevent future extended delays or denials of a firearm transfer.

5. *An estimate of the total number of respondents and the amount of time estimated for an average respondent to respond:* It is estimated the time it takes to read, complete, and upload documents is 30 minutes. Travel time to the fingerprinting facility and post office is not factored in the time estimate. The BSS Section estimates 3,737 respondents yearly.

6. *An estimate of the total public burden (in hours) associated with the collection:* With 3,737 applicants responding, the formula for applicant burden hours would be as follows: (3,737 respondents  $\times$  .5 hours) = 1,868.5 hours.

#### SUPPLEMENTARY INFORMATION:

##### I. Current Actions

This notice requests public comment on the Department's request for extension of the Office of Management and Budget's (OMB) approval of ICRs

contained in the rules and prohibited transaction exemptions described below. The Department is not proposing any changes to the existing ICRs at this time. An agency may not conduct or sponsor, and a person is not required to respond to, an information collection unless it displays a valid OMB control number. A summary of the ICRs and the burden estimates follows:

*Agency:* Employee Benefits Security Administration, Department of Labor.

*Title:* Class Exemption for Certain Transactions Involving Purchase of Securities where Issuer May Use Proceeds to Reduce or Retire Indebtedness to Parties in Interest (PTE 1980-83).

*Type of Review:* Extension of a currently approved collection of information.

*OMB Number:* 1210-0064.

*Affected Public:* Private sector, Businesses or other for-profits.

*Respondents:* 25.

*Responses:* 25.

*Estimated Total Burden Hours:* 15.

*Estimated Total Burden Cost (Operating and Maintenance):* \$0.

*Description:* Class exemption PTE 80-83, granted on November 4, 1980, allows employee benefit plans to purchase securities, which may aid the issuer of the securities to reduce or retire indebtedness to a party in interest. The principal requirements of the exemption are that the securities must be sold as part of a public offering, and the price paid for the securities must not be in excess of the original offering price. This exemption also provides relief from the prohibited transaction provisions of Section 4975 of the Internal Revenue Code (the Code).

This class exemption allows employee benefit plans to purchase securities that may aid the issuer of the securities to reduce or retire indebtedness to a party in interest. Without the relief provided by the class exemption, a standard type of financial/business transaction between financial service providers and employee benefit plans would be barred under ERISA's prohibited transaction provisions.

In order to take advantage of the relief provided by this class exemption, employee benefit plans must comply with all of the applicable conditions of the exemption, including the requirement to keep records regarding transactions covered by the exemption that are sufficient to establish that the conditions of the exemption have been met. The records must be maintained for a period of at least six years from a covered transaction and must be made unconditionally available at their customary location for examination
