

at the Ten West Link Series Compensation Station via an 11-mile gen-tie line, built adjacent to the Ten West Link 500-kilovolt (kV) transmission line, and have a generation capacity of 700 megawatts or more.

The BLM's purpose for action is to respond to the Applicant's application for a ROW grant to construct, own, operate, maintain, and decommission a utility-scale solar PV energy generating facility on public lands administered by the BLM Colorado River District, Yuma Field Office. The need for action is established by the BLM's responsibilities under FLPMA and the Energy Policy Act of 2005.

The BLM has prepared a Draft EIS with input from cooperating agencies and public comments collected during scoping to address the direct, indirect, and cumulative impacts of the project. The Draft EIS analyzes four alternatives. Under the No Action Alternative, BLM would not approve the ROW and the project would not be constructed on BLM-administered lands. Under the Proposed Action, the BLM would grant a ROW for the project, which would have a net generating capacity of up to 700 megawatts alternating current and span 5,029 acres administered by the BLM. The project would include solar PV modules, DC cabling and combining switchgear, inverters, voltage collection systems, transformers, monitoring and controls systems, operations and maintenance facilities, above-ground electrical connection lines, and potentially a battery energy storage system and project substation. The project would connect into the regional transmission system via the Ten West Link 500kV Series Compensation Station. The Applicant has incorporated numerous design features into the proposed project that would be approved by the Proposed Action to avoid or minimize adverse environmental effects during construction, operation, and decommissioning, including an unfenced wildlife movement corridor to allow wildlife access to habitat in a nearby desert wash. These plans and procedures are provided as appendices to the Proposed Plan of Development and the Draft EIS.

The Access-Retention Alternative would employ the same technology and design as under the Proposed Action but would also incorporate additional public access route corridors based on existing inventoried routes within the solar array area.

The Soils-Focused Alternative would employ the same technology and design as under the Proposed Action but would also include special management

actions to minimize impacts on established desert pavements within the project site. A Desert Pavement Management Plan would further minimize the vegetation loss and fugitive dust emissions and accelerate surface reclamation outcomes following construction and decommissioning. All design features present under the Proposed Action would apply to the Soils-Focused Alternative. The BLM has identified the Soils-Focused Alternative as the agency's preferred alternative. Information acquired during the Draft EIS public comment period will inform the BLM's ultimate decision to select any of the four alternatives.

The BLM Authorized Officer will decide whether to issue a ROW grant to the Applicant for the project and, if so, the terms and conditions that would apply. The Colorado River District Manager is the Authorized Officer who will sign the Record of Decision for the project, informed by the information and analyses in the EIS.

The BLM is the lead Federal agency and is responsible for compliance with NEPA (including preparation of this EIS) and consultations required by the National Historic Preservation Act and the Endangered Species Act. The following Tribal Nations and other agencies that may have jurisdiction, special expertise, or interest in the project have agreed to participate in the NEPA process as cooperating agencies: Arizona Department of Transportation, Arizona Game and Fish Department, La Paz County, Fort Yuma-Quechan Tribe, U.S. Army Corps of Engineers, U.S. Department of Defense, EPA, and U.S. Fish and Wildlife Service. The BLM has a signed memorandum of understanding with each cooperating agency to identify its roles and responsibilities and those of the BLM in the process.

A virtual public meeting will be held 2 to 3 weeks after publication of this notice; the meeting date will be announced on the project's ePlanning website at least 15 days prior to the meeting (see **ADDRESSES**). The public meeting will include a presentation and opportunity to speak with the project team.

The BLM encourages the public to review the Draft EIS and provide comments on the adequacy of the alternatives, analysis of effects, and any new information that would help the BLM disclose potential impacts of the project in the Final EIS.

The BLM will continue to consult with Indian Tribal Nations on a government-to-government basis in accordance with Executive Order 13175, BLM MS 1780, and other Departmental policies. Tribal concerns, including

impacts on Indian trust assets and potential impacts to cultural resources, will be given due consideration.

Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

SUPPLEMENTARY INFORMATION: The NPS is holding meetings pursuant to the Federal Advisory Committee Act (5 U.S.C. Ch. 10). The NPS SRC program is authorized under title VIII, section 808 of the Alaska National Interest Lands Conservation Act (16 U.S.C. 3118).

SRC meetings are open to the public and will have time allocated for public testimony. The public is welcome to present written or oral comments to the SRC. SRC meetings will be recorded, and meeting minutes will be available upon request from the Superintendent for public inspection within 90 days after the meeting.

Request for Accommodations: The meetings are open to the public. Please make requests in advance for sign language interpreter services, assistive listening devices, language translation services, or other reasonable accommodations. We ask that you contact the person listed in the (see **ADDRESSES**) section of this notice at least seven (7) business days prior to the meeting to give the Department of the Interior sufficient time to process your request. All reasonable accommodation requests are managed on a case-by-case basis.

Individuals in the United States who are deaf, deafblind, hard of hearing, or have a speech disability may dial 711 (TTY, TDD, or TeleBraille) to access telecommunications relay services. Individuals outside the United States should use the relay services offered within their country to make international calls to the point-of-contact in the United States.

Purpose of the Meeting: The agenda may change to accommodate SRC

business. The proposed meeting agenda for each meeting includes the following:

1. Call to Order—Confirm Quorum
2. Welcome and Introduction
3. Review and Adoption of Agenda
4. Approval of Minutes
5. Superintendent's Welcome and Review of the SRC Purpose
6. SRC Membership Status
7. SRC Chair and Members' Reports
8. Superintendent's Report
9. Old Business
10. New Business
11. Federal Subsistence Board Update
12. Alaska Boards of Fish and Game Update
13. National Park Service Staff Reports

Notice of Cancellation and Rescheduling of the Public Meeting of the Gateway National Recreation Area Fort Hancock 21st Century Advisory Committee

AGENCY: National Park Service, Interior.

ACTION: Meeting notice.

SUMMARY: In accordance with the Federal Advisory Committee Act of 1972, as amended, the National Park Service (NPS) is hereby giving notice that the Gateway National Recreation Area Fort Hancock 21st Century Advisory Committee (Committee) has rescheduled a public meeting originally scheduled for Wednesday, January 15, 2025.

DATES: The virtual meeting will take place on Thursday, February 6, 2025. The meeting will begin at 9 a.m. until 12 p.m., with a public comment period at 11 a.m. to 11:30 a.m. (eastern), with advance registration required. The alternate virtual meeting date is Friday, February 14, 2025, from 9 a.m. until 12 p.m. Individuals that wish to participate must contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section no later than Thursday, January 30, 2025, to receive instructions for accessing the meeting.

FOR FURTHER INFORMATION CONTACT: This will be a virtual meeting. Anyone interested in attending should contact Daphne Yun, Public Affairs Officer, Gateway National Recreation Area, 210 New York Avenue, Staten Island, New York 10305, by telephone (718) 815-3651, or by email daphne_yun@nps.gov. Individuals in the United States who are deaf, deafblind, hard of hearing, or have a speech disability may dial 711 (TTY, TDD, or TeleBraille) to access telecommunications relay services. Individuals outside the United States should use the relay services offered within their country to make international calls to the point-of-contact in the United States.

SUPPLEMENTARY INFORMATION: The Committee was established on April 18, 2012, by authority of the Secretary of the Interior (Secretary) under 54 U.S.C. 100906(a) and is regulated by the Federal Advisory Committee Act. The Committee provides advice to the Secretary, through the Director of the NPS, on matters relating to the Fort Hancock Historic District of Gateway National Recreation Area. All meetings are open to the public.

Purpose of the Meeting: The Gateway National Recreation Area will continue the discussion about leasing next steps as well as an update on the park. The final agenda will be posted on the Committee's website at <https://www.nps.gov/gate/learn/management/forthancock21.htm>. The website includes meeting minutes from all prior meetings.

Interested persons may present, either orally or through written comments, information for the Committee to consider during the public meeting.
