SUPPLEMENTARY INFORMATION:

Title: Food Stamp Nutrition Connection Resource Sharing Form.
OMB Number: PRA# 0518-0031.

Expiration Date: Three years from date of approval.

Type of Request: Renewal of existing data collection from Food Stamp nutrition education providers.

Abstract: This voluntary "Sharing Form" gives Food Stamp nutrition education providers the opportunity to share information about resources that they have developed or used. Data collected using this form helps the Food and Nutrition Information Center (FNIC) identify existing nutrition education and training resources for review and inclusion in an online database. Educators can search this database via the Food Stamp Nutrition Connection Web site <http://www.nal.usda.gov/foodstamp/>. In 2001, the United States Department of Agriculture's (USDA) Food and Nutrition Service established the Food Stamp Nutrition Connection to improve access to Food Stamp Program nutrition resources. Educators nationwide can use this site to identify curricula, lesson plans, research, training tools and participant materials. Developed and maintained at the National Agricultural Library's FNIC, this resource system helps educators find the tools and information they need to provide quality nutrition education for low-income audiences.

The Sharing Form is available for completion online at the Food Stamp Nutrition Connection Web site. Individuals may also print and return it via fax or mail. The form consists of four parts. These various sections include: Part 1 consisting of three questions about the responder; Part 2 with nine questions about the resource; Part 3 with five questions about the resource development; and Part 4 with six questions about ordering/obtaining the resource. Responders are asked to complete only relevant sections of the form. Instructions about which sections to complete, based on one's relationship to the resource, are provided in Part 1. For instance, those that use the resource but are neither its developer or distributor would only complete Parts 1 and 2.

This form enables FNIC to inform nutrition educators of existing nutrition education and training materials targeting low-income Americans. This identification of existing materials will help educators spend their monies wisely in the development of needed educational resources.

Estimate of Burden: Public reporting burden for this collection of information is estimated to average 0.7 minutes per response.

Respondents: Food stamp nutrition education providers.

Estimated Number of Respondents: 50 per year.

Estimated Total Annual Burden on Respondents: 16 hrs.
