ACTION: Notice of a listing determination and availability of a status review document.

SUMMARY: We, NMFS, have completed a comprehensive status review of the ribbon seal (*Histiophoca fasciata*) under the Endangered Species Act (ESA). Based on the best scientific and commercial data available, including the Biological Review Team's (BRT's) status review report, we conclude that listing the ribbon seal as threatened or endangered under the ESA is not warranted at this time. ADDRESSES: The ribbon seal status review report, as well as this listing determination, can be obtained via the internet at <http://alaskafisheries.noaa.gov/>. Supporting documentation used in preparing this listing determination is available for public inspection, by appointment, during normal business hours at the office of NMFS Alaska Region, Protected Resources Division, 709 West Ninth Street, Room 461, Juneau, AK 99801.
